## **PURPOSE:**

The purpose of this bulletin is to announce changes to the Breast and Cervical Cancer Prevention and Treatment (BCCPT) program application as result of the tenth revision of the International Classification of Diseases (ICD-10) diagnosis code sets effective for dates of service on and after October 1, 2015.

## **SCOPE:**

This bulletin applies to all providers enrolled in the Medical Assistance (MA) Program who provide screens for individuals for breast or cervical cancer in the Fee-for-Service (FFS) and managed care delivery systems. MA enrolled providers rendering services under the managed care delivery system should contact their applicable managed care organization for any coding questions related to billing and claims payment.

## **BACKGROUND/DISCUSSION:**

On August 4, 2014, the U.S. Department of Health and Human Services released final rule CMS-0043-F, titled "Administrative Simplification: Change to the Compliance Date for the International Classification of Diseases, 10<sup>th</sup> Revision (ICD-10-CM and ICD-10-PCS) Medical Data Code Sets", that included the new ICD-10 code sets compliance

date of October 1, 2015. The final rule also requires that entities covered by the Health Insurance Portability and Accountability Act (HIPAA) continue to use ICD-9 code sets through September 30, 2015. In accordance with this final rule, the MA Program has revised the BCCPT program application to reflect the use of the ICD-10 code sets for determining eligibility for the BCCPT program.

For additional information about the Department's implementation of the ICD-10 code sets, please see MA bulletin 99-15-09, "Medical Assistance (MA) Program's Implementation of ICD-10 Diagnosis and Procedure Code Sets".

**PROCEDURE:**

As a result of implementing the ICD-10 code set, the Department updated the application for the BCCPT program, form PA 600B, to reflect the ICD-10 codes. Additionally, fields were added in regards to citizenship. Beginning on October 1, 2015, providers must use the new form PA 600B, attached to this bulletin, to properly reflect the ICD-10 diagnoses code sets for breast or cervical cancer. You may also obtain a copy of the application by visiting the following website: [www.pahealthywoman.org](http://www.pahealthywoman.org). Any previous versions of the PA 600B should be discarded.

The process for initiating the determination of eligibility for the BCCPT program has not changed. Providers should continue to follow the current process for submitting applications for the BCCPT program.
