

To Whom It may Concern,

Just a note to let all parties concerned that the placement of my autistic sons, [REDACTED] and [REDACTED] in Polk Center seems ideal for their needs. We have already tried community living for both of them and it failed miserably. polk Center is a good caring and needed institution. The availability of on grounds medical staff is invaluable as is the care given of fresh help every 8 hrs.

I check on their well being every weekend by bringing them home, one at a time. If I am missing something with all of this information, please let me know. Thank you, [REDACTED] Father
