Keystone STARS	Current	Historical
% of Keystone STARS Providers at STAR 3 or STAR 4	36% (September 2016)	35% (August 2016)

Data Source: PELICAN KTQ

Data Source: PELICAN CCW

Infants, Toddlers, and Families Waiver and Early Intervention (0-3)	Current	Historical
Early Intervention Enrollment (1-day Count)	20,354 (September 2016)	20,349 (August 2016)
Early Intervention Enrollment (Unduplicated Total)	22,559 (September 2016)	21,859 (August 2016)
Waiver (Monthly Average)	2,814 (September 2016)	2,926 (August 2016)
Children Who Met EI Goals Prior to 3 rd Birthday	214 (13.9%) (September 2016)	315 (14.2%) (August 2016)

Data Sources: HCSIS DW, EI Ad Hoc Reporting Tool

Early Intervention Enrollment – The total number of children currently receiving services and supports through the EI program. The count of children (birth to three) who have a 25% delay in one or more of the following areas: cognitive development; physical development including vision and hearing; communication development; social or emotional development; or adaptive development.

ITF Waiver Enrollment – The total number of children currently receiving services and supports through the Infants, Toddlers, and Families Waiver. The count of children (birth to three) who are eligible for Medical Assistance, have a 50% delay in one area or 33% delay in two areas, and receive services in the home or a community setting.

Early Intervention Children Who Met EI Goals Prior to 3rd Birthday – Of children receiving early intervention services between the ages of zero and three, the number who meet their developmental goals by their 3rd birthday.

LONG TERM SUPPORTS FOR PERSONS WITH DISABILITIES AND OLDER PENNSYLVANIANS

Source: DHS Enterprise Data Warehouse

***Preliminary Number – will be updated as additional data becomes available**

Point-in-time (last day of month) count of unduplicated participants with an Approved Service Plan in DHS’s case management system. This waiver provides service coordination, personal assistance and personal emergency response system to individuals with physical disabilities, age 18 through 59, who are mentally alert. This waiver also provides community transition services. Participants must be Nursing Facility Clinically Eligible (NFCE).

Source: DHS Enterprise Data Warehouse

***Preliminary Number – will be updated as additional data becomes available**

Point-in-time (last day of month) count of unduplicated participants with an Approved Service Plan in DHS’s case management system. The Act 150 provides service coordination, personal assistance and personal emergency response system to individuals with physical disabilities, age 18 through 59, who are mentally alert. This waiver also provides community transition services. This is a state funded program. Participants must be NFCE but are not financially eligible for Medicaid.

Source: DHS Enterprise Data Warehouse

***Preliminary Number – will be updated as additional data becomes available**

Point-in-time (last day of month) count of unduplicated participants with an Approved Service Plan in DHS’s case management system. This waiver provides Home and community-based services for individuals 60 years of age or over who are NFCE.

Source: DHS Enterprise Data Warehouse

***Preliminary Number – will be updated as additional data becomes available**

Point-in-time (last day of month) count of unduplicated participants with an Approved Service Plan in DHS’s case management system. This waiver provides services to disabled adults age 18 through 60, who are NFCE. The individual’s disability must result in at least three substantial functional limitations and expected to continue indefinitely.

Source: DHS Enterprise Data Warehouse

***Preliminary Number – will be updated as additional data becomes available**

Point-in-time (last day of month) count of unduplicated participants with an Approved Service Plan in DHS’s case management system. This waiver provides services to recipients with a traumatic brain injury diagnosis, age 21 and older, NFCE and where the disability results in at least three substantial functional limitations.

Source: DHS Enterprise Data Warehouse

***Preliminary Number – will be updated as additional data becomes available**

Point-in-time (last day of month) count of unduplicated participants with an Approved Service Plan in DHS’s case management system. This waiver provides services to recipients who have developmental physical disabilities which results in at least three substantial functional limitations, age 18 through 59; disability manifested prior to age 22, and the disability is expected to continue indefinitely; requires ICF/ORC level of care.

Living Independence for the Elderly Enrollment
9.9% Increase in Enrollment from August 2015 to August 2016

Source: DHS Enterprise Data Warehouse

***Preliminary Number – will be updated as additional data becomes available.**

Unduplicated count of recipients which had claims in the month requested. LIFE is a managed care program and provides a comprehensive all-inclusive package of services for Pennsylvanians age 55 or older who meet the level of care needs for a Skilled Nursing Facility or a Special Rehabilitation Facility to enable them to maintain independence in their homes for as long as possible. Be age 55 or older, meet NFCE or a special rehabilitation facility, reside in an area served by a LIFE provider and be able to be safely served in the community as determined by a LIFE provider.

Consolidated Waiver
2.6% Increase in Enrollment from September 2015 to September 2016

Source: DHS Enterprise Data Warehouse

Provides home and community services, including supports coordination and environmental accessibility adaptations, for individuals with intellectual disabilities who require an intermediate care facility level of care.

Source: DHS Enterprise Data Warehouse

Provides home and community services to persons, age 21 and over, with autism spectrum disorder to help them participate in their communities.

Source: DHS Enterprise Data Warehouse

Provides a limited array of services and supports, such as therapy and nursing and personal support, to individuals with intellectual disabilities who require an intermediate care facility level of care. Aimed primarily at those residing in their homes or with family members.

**Residents in Intermediate Care Facilities for Persons with Intellectual Disabilities
(Last Day of Month)**
