Objectives for this Webinar

- Overview of the Federal (CMS) Requirements for PASRR and background
- What does Preadmission screening mean
- PASRR Level I Assessment
- What does meeting Program Office Criteria mean
- Role of the Program Office
- Important Websites
- Who to call for questions
- PASRR Level II Evaluation (for Aging Well and Nursing Facility (NF) Field Operations staff only)
Items included in the Handouts

Handouts can be found on the same website as the PASRR Training and include the following items:

- PowerPoint Presentation slides
- MA bulletin for PASRR Level I form
- MA bulletin for PASRR Level II form
- PASRR Level I form (MA 376)
- PASRR Level II form (MA 367.2)

PASRR Background

- Is a requirement under Medicaid, pursuant to OBRA 1987 (Omnibus Budget Reconciliation Act) and 42 CFR § 483.100–483.138
- Applies to all individuals seeking admission to a Medicaid certified nursing facility (NF) regardless of the individual's insurance and ensures that individuals are placed in the least restrictive setting possible.
- Is part of the licensure for a Medicaid participating NF
- Provisions were addressed in PA Bulletin, Volume 18, Number 52 on December 24, 1988.
PASRR Requires

- Requires that a NF does not admit any new resident with Mental Illness (MI), an Intellectual Disability/Developmental Disability (ID/DD) or Related Condition (ORC) unless the individual is determined through a PASRR evaluation to be appropriate for NF services (CFR § 483.106(a))
- Failure to timely complete (prior to admission) the PASRR process will result in forfeiture of Medicaid Reimbursement to the NF during the period of non-compliance in accordance with Federal PASRR Regulations (CFR § 483.122(b))

Prior to entering Nursing Facility

Prior to Admission to a NF, the following must be done:
- Preadmission Screening Resident Review Identification – PASRR Level I
- Preadmission Screening Resident Review Evaluation – PASRR Level II (if needed)
- Program Office Letter of Determination received if PASRR Level II has been done
Preadmission Screening Resident Review Identification Form
(PASRR Level I Form)
(MA 376)

PASRR Level I: Section I – Demographics & Communication

Pennsylvania Preadmission Screening Resident Review (PASRR) Identification Level I Form
(Revised 9/1/2018)

This process applies to all nursing facility (NF) applicants, regardless of payer source. All current NF residents must have the appropriate form(s) on their record. The Preadmission Screening Resident Review (PASRR) Level I identification form and PASRR Level II evaluation form, if necessary, must be completed prior to admission as per Federal PASRR Regulations 42 CFR §483.105.

NOTE: FAILURE TO TIMELY COMPLETE THE PASRR PROCESS WILL RESULT IN FORFEITURE OF MEDICAID REIMBURSEMENT TO THE NF DURING PERIOD OF NON-COMPLIANCE IN ACCORDANCE WITH FEDERAL PASRR REGULATIONS 42 CFR § 483.122.

Section I – Demographics

DATE THE FORM IS COMPLETED: ____________________
SOCIAL SECURITY NUMBER (if any) ________________
APPLICANT/RESIDENT NAME - LAST, FIRST: ____________________

Communication

Does the applicant/resident require assistance with communication, such as an interpreter or other accommodation, to participate in or understand the PASRR process?

☐ NO  ☐ YES
PASRR Level I: Section II – Neurocognitive Disorder/Dementia

Section II – NEUROCOGNITIVE DISORDER (NCD)/DEMENTIA

For Neurocognitive Disorders (e.g., Alzheimer’s disease, Traumatic Brain Injury, Huntington’s, etc.), the primary clinical deficit is in cognitive function, and it represents a decline from a previously attained level of functioning. Neurocognitive disorders can affect memory, attention, learning, language, perception and social cognition. They interfere significantly with a person’s everyday Independence in Major Neurocognitive Disorder, but not so in Minor Neurocognitive Disorder.

1. Does the individual have a diagnosis of a Mild or Major NCD?  
   □ NO – Skip to Section III  □ YES

2. Has the psychiatrist/physician indicated the level of NCD?  
   □ NO  □ YES – indicate the level:  □ Mild  □ Major

3. Is there corroborative testing or other information available to verify the presence or progression of the NCD?  
   □ NO  □ YES – indicate what testing or other information:
   □ NCD/Dementia Work up  □ Comprehensive Mental Status Exam  □ Other (Specify):

NOTE: A DIAGNOSIS OF MILD NCD WILL NOT AUTOMATICALLY EXCLUDE AN INDIVIDUAL FROM A PASRR LEVEL II EVALUATION.

PASRR Level I: Section III - Mental Health (MH)

Section III – MENTAL HEALTH (MH)

Serious Mental illness diagnoses may include: Schizophrenia, Schizoaffective Disorder, Delusional Disorder, Psychotic Disorder, Personality Disorder, Panic or Other Severe Anxiety Disorder, Somatic Symptom Disorder, Bipolar Disorder, Depressive Disorder, or another mental disorder that may lead to chronic disability.

IIIA – RELATED QUESTIONS

1. Diagnosis
   Does the individual have a mental health condition or suspected mental health condition, other than Dementia, that may lead to a chronic disability?  
   □ NO  □ YES
   List Mental Health Diagnosis(es):

2. Substance related disorder
   a. Does the individual have a diagnosis of a substance related disorder, documented by a physician, within the last two years?  
      □ NO  □ YES
   b. List the substance(s):
   c. Is the need for NF placement associated with this diagnosis?  
      □ NO  □ YES  □ UNKNOWN
**PASRR Level I: Section III-B 1  Recent Treatments/History**

The treatment history for the mental disorder indicates that the individual has experienced at least one of the following:

- Treatment in an acute psychiatric hospital at least once in the past 2 years:
  - **NO**
  - **YES** - Indicate name of hospital and date(s) __________

- Treatment in a partial psychiatric program (Day Treatment Program) at least once in the past 2 years:
  - **NO**
  - **YES** - Indicate name of program and date(s) __________

- Any admission to a state hospital:
  - **NO**
  - **YES** - Indicate name of hospital and date(s) __________

- One stay in a Long Term Structural Residence (LTSR) in the past 2 years:
  - **NO**
  - **YES** - Indicate name of LTSR and date(s) __________

- Electroconvulsive Therapy (ECT) for the mental health condition within the past 2 years:
  - **NO**
  - **YES** - Date(s) __________

- Does the individual have a Mental Health Care Manager (Intensive Case Manager, Community Treatment Team (CTT) or Assertive Community Treatment (ACT))?:
  - **NO**
  - **YES**

Indicate Name, Agency, and Telephone Number of Mental Health Care Manager:

**PASRR Level I: Section III-B 2  Significant Life Disruption**

2. Significant life disruption due to a Mental Health Condition

Experienced an episode of significant disruption (may or may not have resulted in a 302 commitment) due to a Mental Health Condition within the past 2 years:

- Suicide attempt or ideation with a plan:
  - **NO**
  - **YES** - List Date(s) and Explain: __________

- Legal/Intervention:
  - **NO**
  - **YES** - Explain: __________

- Loss of housing/life change(s):
  - **NO**
  - **YES** - Explain: __________

- Other:
  - **NO**
  - **YES** - Explain: __________
PASRR Level I: Section III-C  Level of Impairment

III-C – LEVEL OF IMPAIRMENT: The mental disorder has resulted in functional limitations in major life activities that are not appropriate for the individual's developmental stage. An individual typically has at least one of the following characteristics on a continuing or intermittent basis.

A CHECK IN ANY BOX IN SECTION III-C WILL REQUIRE A PASRR LEVEL II EVALUATION BE COMPLETED.

☐ 1. Interpersonal functioning - The individual has serious difficulty interacting appropriately and communicating effectively with other individuals, has a possible history of altercations, evictions, firing, fear of strangers, avoidance of interpersonal relationships and social isolation.

☐ 2. Concentration, persistence and pace - The individual has serious difficulty in sustaining focused attention for a long enough period to permit the completion of tasks commonly found in work settings, or in work like structured activities occurring in school or home settings, manifests difficulties in concentration, is unable to complete simple tasks within an established time period, makes frequent errors, or requires assistance in the completion of these tasks.

☐ 3. Adaptation to change - The individual has serious difficulty adapting to typical changes in circumstances associated with work, school, family, or social interaction; manifests agitation, exacerbated stress and symptoms associated with the illness, or withdrawal from the situation; or requires intervention by the mental health or Judicial system.

PASRR Level I: Mental Health Note

NOTE: A PASRR LEVEL II EVALUATION MUST BE COMPLETED BY AGING WELL OR OLTL FIELD OPERATIONS FOR A CHANGE IN CONDITION IN A NURSING FACILITY AND FORWARDED TO THE OMHSAS PROGRAM OFFICE FOR FINAL DETERMINATION IF THE INDIVIDUAL HAS A "YES" IN ANY OF SECTION III-B AND/OR III-C AS A RESULT OF A CONFIRMED OR SUSPECTED MENTAL HEALTH CONDITION.
PASRR Level I: Section IV - Intellectual Disability/Developmental Disability

Section IV (INTERLUDE DISABILITY/DEVELOPMENTAL DISABILITY (IDD))

An individual is considered to have evidence of an intellectual disability/developmental disability if they have a diagnosis of IDD and/or have received services from an IDD agency in the past.

IV-A - Does the individual have current evidence of an IDD or IDD diagnosis (mild, moderate, severe, or profound)?
- No
- Yes - List diagnoses or evidence:

IV-B - Did this condition occur prior to age 18?
- No
- Yes
- Cannot determine

IV-C - Is there a history of a severe, chronic disability that is attributable to a condition other than a mental health condition that could result in impairment of functioning in general intellectual and adaptive behavior?
- No — Skip to Section IV-D
- Yes — Check below: all that apply prior to age 18:
  - Self-care: A long-term condition which requires the individual to meet significant assistance with personal needs such as eating, hygiene, and appearance. Significant assistance may be defined as assistance at least one half of all activities normally required for self-care.
  - Receptive and expressive language: An individual is unable to effectively communicate with another person with the aid of a third person, a person with special skill or with a mechanical device, or a condition which prevents articulation of thoughts.
  - Learning: An individual that has a condition which seriously interferes with rote, visual or audio communication, or the use of hands to the extent that special intervention or special programs are required to aid in learning.
  - Mobility: An individual that is impaired in his/her use of free and/or gross motor skills to the extent that assistance of another person and/or a mechanical device is required in order for the individual to move from place to place.
  - Self-direction: An individual that requires assistance in being able to make independent decisions concerning social and individual activities and/or in handling personal finances and/or protecting own self-interest.
  - Capacity for independent living: An individual that is limited in performing normal societal roles or is unable for the individual to live alone to such an extent that assistance, supervision or presence of a second person is required more than half the time (during waking hours).

PASRR Level I: Section IV-D, E, F

IV-D - Has the individual ever been registered with their county for ID/DD services and/or received services from an ID/DD provider agency within Pennsylvania or in another state?
- No
- Yes
- Unknown

If Yes, indicate county name/agency and state it different than Pennsylvania:

Name of Support Coordinator (if known):

IV-E - Was the individual referred for placement by an agency that serves individuals with ID/DD?
- No
- Yes

IV-F - Has the individual ever been a resident of a state facility, including a state hospital, state operated ID center, or a state school?
- No
- Yes — Indicate the name of the facility and the date(s):
- Unknown
NOTE: A PASRR LEVEL II EVALUATION MUST BE COMPLETED BY AGING WELL OR OLTL FIELD OPERATIONS (FOR A CHANGE IN CONDITION IN A NURSING FACILITY) AND FORWARDED TO THE ODP PROGRAM OFFICE FOR FINAL DETERMINATION IF:

- THE INDIVIDUAL HAS EVIDENCE OF AN ID OR AN ID/DD DIAGNOSIS AND HAS A "YES" OR "CANNOT DETERMINE" IN IV-B AND A "YES" IN IV-C WITH AT LEAST ONE FUNCTIONAL LIMITATION, OR
- THE INDIVIDUAL HAS A "YES" IN IV-D, OR E, OR F.

Section V: OTHER RELATED CONDITIONS (OCR)

OCR include physical, sensory or neurological disabilities. Examples of an OCR may include but are not limited to: Arthritis, Anemia, Metabolic, Alzheimer's Disease, Cerebral Palsy, Epilepsy, Spina Bifida, Tourette's Syndrome, Meninthis, Encephalitis, Hydrocephalus, Huntington's Disease, Multiple Sclerosis, Muscular Dystrophy, Polio, Spina Bifida, Anorexia Nervosa, Brain Damage, Blindness and Deafness, Nephropathy or Glaucoma, Head injuries (e.g. gunshot wound) or other injuries (e.g. spinal injury), so long as the injuries were sustained prior to age of 22.

- Y/N - Does the individual have an OCR diagnosis that manifested prior to age of 22 and is expected to continue indefinitely?
  - Y: Specify the OCR Diagnosis:

Y/N - Check all areas of substantial functional limitation which were present prior to age of 22 and were directly the result of the OCR:

- Self-care: A long term condition which requires the individual to need significant assistance with personal needs such as eating, hygiene, and appearance. Significant assistance may be defined as assistance at least one-half of all activities normally required for self-care.
- Receptive and expressive language: An individual is unable to effectively communicate with another person without the aid of a third person, a person with special skill or with a mechanical device, or a condition which prevents articulation of thoughts.
- Learning: An individual that has a condition which seriously interferes with cognition, visual or aural communication, or use of hands to the extent that special intervention or special programs are required to aid in learning.
- Mobility: An individual that is impaired in their use of the aid of a third person, a person with special skill or with a mechanical device, or a condition which prevents articulation of thoughts.
- Self-direction: An individual that requires assistance in being able to make independent decisions concerning social and individual activities and/or in handling personal finances and/or protecting their own well-being.
- Capacity for independent living: An individual that is limited in performing normal social roles or is unable to be the individual to the same extent that assistance, supervision or presence of a second person is required more than half of the time (during waking hours).

- Y/N - Does the individual have an OCR diagnosis that manifested prior to age of 22 and is expected to continue indefinitely?
  - Y: Specify the OCR Diagnosis:
PASRR Level I: Other Related Condition Note

NOTE: A PASRR LEVEL II EVALUATION MUST BE COMPLETED BY AGING WELL OR OLT Field Operations (for a change in condition in a nursing facility) and forwarded to the ORC Program Office for final determination, if the individual has an ORC Diagnosis prior to the age of 22 and at least one box checked in V-8.

PASRR Level I: Section VI - Home & Community Services

Section VI - HOME AND COMMUNITY SERVICES
Was the individual/family informed about Home and Community Based Services that are available?
☐ NO  ☐ YES

Is the individual/family interested in the individual going back home, back to the prior living arrangement, or exploring other community living options?
☐ NO  ☐ YES
PASRR Level I: Section VII - Exceptional Admission

Section VII – EXCEPTIONAL ADMISSION.
Does the individual meet the criteria to have a PASRR Level II Evaluation done by one of the Program Offices, is not a danger to self and/or others, and meets the criteria for Exceptional Admission to a NF?

☐ NO – Skip to Section VIII  ☐ YES

NOTE: IT IS THE RESPONSIBILITY OF THE NF TO VERIFY THAT ALL CRITERIA OF THE EXCEPTION ARE MET PRIOR TO ADMISSION.

Check the Exceptional Admission that applies:

☐ VII-A – Individual is an Exceptional Hospital Discharge - Must meet the following prior to NF Admission and have a known MI, ID/DD, or ORC:
  • Admission to NF directly from the Acute Care Hospital after receiving inpatient medical care, AND
    NOTE: Exceptional Hospital Discharge cannot be an admission from any of the following: emergency room, observation hospital stay, rehabilitation hospital, Long Term Acute Care Hospital (LTAC), inpatient psych, behavioral health unit, or hospice facility.
  • Requires NF services for the same medical condition for which the recommissioned in the Acute Care Hospital.
    (Specify the condition: ) AND
  • The hospital physician shall document on the medical record (which the NF must have prior to admission) that the individual will require less than 30 calendar days of NF service and the individual’s symptoms or behaviors are stable.
    ☐ NO  ☐ YES – Physician’s name: __________________________

☐ VII-B – Individual Requires Respite Care - An individual with a serious MI, ID/DD, or ORC, may be admitted for Respite Care for a period up to 14-days without further evaluation if his/her is certified by a referring or individual’s attending physician to require 24-hour nursing facility services and supervision.
    ☐ NO  ☐ YES

☐ VII-C – Individual Requires Emergency Placement - An individual with a serious MI, ID/DD, or ORC, may be admitted for emergency placement for a period of up to 30-days without further evaluation if the Protective Services Agency and their physician has certified that such placement is needed.
    ☐ NO  ☐ YES

☐ VII-D – Individual is in a coma or functions at brain stem level - An individual with a serious MI, ID/DD, ORC may be admitted without further evaluation if certified by the referring or attending physician to be in a coma or who functions at brain stem level. The condition must require intense 24-hour nursing facility services and supervision and is so extreme that the individual cannot focus upon, participate in, or benefit from specialized services.
    ☐ NO  ☐ YES

PASRR Level I: VII-B, C, D Exceptional Admission cont.
PASRR Level I: VII - Change in Exceptional Status

FOR A CHANGE IN EXCEPTIONAL STATUS:
IF THE INDIVIDUAL’S CONDITION CHANGES OR HE/SHE WILL BE IN RESIDENCE FOR MORE THAN THE ALLOTTED DAYS:

- The department must be notified on the MA-406 within 48 hours that a PASRR Level II Evaluation needs to be completed.
- The PASRR Level II Evaluation must be done on or before the 40th day from date of admission.
- Do not complete a new PASRR Level I form; just update the current form with the changes and initial the changes. Enter your full signature and date below to indicate you made the changes to this form.

SIGNATURE: ___________________________ DATE: ___________________________

PASRR Level I: Section VIII – Screening Outcome

SECTION VIII – PASRR LEVEL I: SCREENING OUTCOME

- Individual has negative screen for Serious Mental Illness, Intellectual Disability/Developmental Disability, or Other Related Condition; no further evaluation (Level II) is necessary.
- Individual has a positive screen for Serious Mental Illness, Intellectual Disability/Developmental Disability, and/or Other Related Condition; he/she requires a further PASRR Level II evaluation. You must notify the individual that a further evaluation needs to be done. Have the individual or his/her legal representative sign that they have been notified of the need to have a PASRR Level II evaluation done. Indicate by your signature here that you have given the notification (last page of this form) to the individual or his/her legal representative.

Name of individual or legal representative that has received the notification (page 9):

NAME: ___________________________ SIGNATURE: ___________________________

Name of individual who filled out the PASRR Level I and gave the notification to the individual/legal representative:

NAME: ___________________________ SIGNATURE: ___________________________

- Individual has positive screen for a further PASRR Level II evaluation but has a condition which meets the criteria for an Exceptional Admission indicated in Section VII. NF must report Exceptional Admissions on the Target Resident Reporting Form (MA 408).
PASRR Level I: Section IX– Individual Completing Form

SECTION IX – INDIVIDUAL COMPLETING FORM

By entering my name below, I certify the information provided is accurate to the best of my knowledge and understand that knowingly submitting inaccurate, incomplete, or misleading information constitutes Medicaid fraud.

Notification of need to have PASRR Level II

NOTIFICATION OF THE NEED FOR A PASRR LEVEL II EVALUATION

All persons considering admission to a nursing facility for care must be screened with the Pre-admission Screening Resident Review (PASRR) Level I to identify for evidence of mental illness (MI), intellectual disability/developmental disability (ID/DD), or an other related condition (ORC). If you do have evidence or suspicion of MI, ID/DD, or ORC, you need to have a further PASRR Level II evaluation completed before you can be admitted to a nursing facility for care.

You have had the PASRR Level I screening process done and you are in need of a further PASRR Level II evaluation to make certain that a nursing facility is the most appropriate setting/placement for you and to identify the need for possible MI, ID/DD, or ORC services in the nursing facility’s plan of care for you, if you choose to be admitted to a nursing facility.

You will have this evaluation done within the next several days to determine your needs.

The federal regulation for the above is the following:

$483.125 PASRR evaluation criteria (a) Level I: Identification of individuals with MI or ID. The state’s PASRR program must identify all individuals who are suspected of having MI or ID as defined in $483.102. This identification function is termed Level I. Level II is the function of evaluating and determining whether IF services and specialized services are needed. The state’s performance of the Level I identification function must provide at least, in the case of first time identifications, for the issuance of written notice to the individual or resident and his or her legal representative that the individual or resident is suspected of having MI or ID and is being referred to the state mental health or intellectual disability authority for Level II screening.
Meeting “Program Office (PO) criteria”? 

When the PO Criteria is met on the PASRR Level I (meaning the greyed out Note section on the form applies to the individual for at least one of the POs):

- A PASRR Level II Evaluation must be completed either by Aging Well or Nursing Facility Field Operations, and
- A Program Letter of Determination must be received before you can admit an individual to a nursing facility

Change in Condition after Admission to the NF

When the PO Criteria is met after admission (meaning there has been a change in condition after admission to the NF):

- A PASRR Level II Evaluation must be completed
  - Nursing Facility Field Operations will do the PASRR Level II Evaluation in the NF (MA 408 needs to be faxed to Field Operations), unless Aging Well will be doing an assessment for Medical Assistance (if this is the case, then Aging Well will do the PASRR Level II)
- A Program Letter of Determination is sent to the NF
Role of the Program Office

The Department of Human Services Program Offices review the PASRR Evaluation and the additional information sent to them to determine if the individual:

- Meets the criteria for the Program Office
- Needs the level of services of a nursing facility
- Needs Specialized Services

The Program Office Letter of Determination will indicate the above information.

2. Does a review of the applicant/resident's case history and medical record substantiate that the mental disorder is responsible for the functional limitations in the last 36 months in the following areas? (See PASRR Level II for definitions):

- Interpersonal functioning: NO | YES
- Concentration, persistence, and pace: NO | YES
- Adaptation to change: NO | YES

Describe:
PASRR Level II: Section IV-A Treatment History

2. Does a review of the applicant/resident's treatment history substantiate that the individual experienced at least one of the following in the past two years?
   a. Psychiatric treatment more intensive than outpatient care: ❌ NO ✔ YES
      If yes, describe:
   b. An episode of significant disruption to the normal living situation for which supportive services were required to maintain functioning at home, or in a residential treatment environment, or which resulted in intervention by housing or law enforcement officials. (Supportive services include crisis intervention, intensive case management, and/or other social service agency intervention): ❌ NO ✔ YES
      If yes, describe:
   c. Suicide ideation with a plan or attempt as reported by the individual, or observed by a psychiatric consult: ❌ NO ✔ YES
      If yes, describe:
   d. Electroconvulsive Therapy - ECT related to the Mental Health Condition: ❌ NO ✔ YES
      If yes, describe:
   e. Mental Health Intensive Case Manager (IMC), Blended or Targeted Case Manager, Resource Coordinator (RC), Community Treatment Team (CTT) or Assertive Community Treatment (ACT): ❌ NO ✔ YES
      If yes, describe:

PASRR Level II: Section IV-B Supporting Info

3. Supporting Information:
   1. The assessor submits the items below to the Office of Mental Health and Substance Abuse Services for an evaluation of the individual's functional level and to identify the needs of the individual. Check off each item that has been included in the submission and attach the documentation to the PASRR Level II Evaluation.
      - Complete medical history.
      - Review of all body systems.
      - Specific evaluation of the person's neurological system in the areas of motor functioning, sensory functioning, gait, deep tendon reflexes, cranial nerves, and peripheral reflexes; additional evaluations conducted by appropriate specialists.
      - A comprehensive drug history including current or immediate past use of medications that could mask symptoms or mimic mental illness.
      - A psychosocial evaluation of the individual, including current living arrangements, medical, and support systems.
      - A comprehensive psychiatric evaluation including a complete psychiatric history, evaluation of intellectual functioning, memory functioning and orientation, description of mood, personality, and affect, suicidal or homicidal ideation, paranoia, and degree of reality testing (presence and content of delusions) and hallucinations.
      - Functional assessment of the individual's ability to engage in activities of daily living. Include the level of support that would be needed to assist the individual to perform these activities while living in the community. The assessment must also determine whether this level of support can be provided to the individual in an alternative community setting or whether the level of support needed is such that nursing facility placement is required. The functional assessment must address the following areas: (a) understanding of basic social norms and interpersonal skills, (b) ability to follow medication regimen and/or other medical treatment, (c) ability to manage personal care and hygiene, (d) ability to perform activities of daily living, (e) ability to manage household or community tasks, (f) ability to manage finances, (g) ability to manage transportation, and (h) ability to engage in social activities, including community services and leisure activities.

2. Was a Saint Louis University Mental Status (SLUMS) exam performed as part of the Long-Term Services and Supports (LTSS) assessment? ❌ NO - Please complete (see last page). ✔ YES - Score: __________ ☐ Passed ☐ Failed ☐ Refused Test

3. Estimated level of independence of the individual during this evaluation: ❌ High ☐ Average ☐ Low ☐ Unknown
PASRR Level II: Section V: Intellectual Disability/Developmental Disability

SECTION V: INTELLECTUAL DISABILITY/DEVELOPMENTAL DISABILITY (IDD/DD)

A. DOCUMENTATION OF THE DIAGNOSIS

1. Does the documentation indicate a diagnosis of an IDD/DD? ☐ NO ☐ YES

Documentation can include, but is not limited to, IQ and adaptive testing (preferably before the age of 16), psychological reports, psychiatric reports, school records, summaries from the county IDD/DD program or IDD/DD agency, and other relevant professional reports.

List the documentation that supports IDD/DD diagnosis:

No documentation exists, but family member, significant other, or legal representative state the following to indicate IDD/DD diagnosis:

2. Does the documentation provide evidence of the following characteristics?

a. Significantly sub-average intellectual functioning with an IQ of approximately 70 or below on standardized intelligence testing identified by a qualified psychologist? ☐ NO ☐ YES

b. Onset prior to the age of 18 (consider all relevant and informed sources)? ☐ NO ☐ YES

c. Deficits in adaptive behavior functioning on formal assessment? ☐ NO ☐ YES

3. Indicate level of IDD/DD: ☐ Mild (50-69) ☐ Moderate (40-59) ☐ Severe (25-39) ☐ Profound ☐ Unspecified ☐ Not known ☐ None (scores not available)

PASRR Level II: Section V-B: Supporting Information

V-B: SUPPORTING INFORMATION

1. Does the individual have a Supports Coordinator? ☐ NO ☐ YES - List name of Supports Coordinator and Agency

2. The assessor submits the items below to the Office of Developmental Programs for an evaluation of the individual's functional level and to identify the needs of the individual. Check off each item that has been included in the submission and attach the documentation to the PASRR Level II Evaluation.

- Self-monitoring of health status
- Self-administering and scheduling of medical treatments
- Self-monitoring of nutritional status
- Self-help development such as toileting, dressing, grooming and eating
- Somatic skills such as ambulation, postural transfer skills, gross motor dexterity, fine motor dexterity, hand-eye coordination and fine motor skills. Activities of daily living and independent living skills can improve the individual's functional capacity
- Communication skills including expressive and receptive language and the extent to which a communication system, amplification device and/or program of amplification could improve the individual's functional capacity
- Social skills including relationships, interpersonal, and recreation-leisure skills
- Academic and educational skills including functional learning skills
- Independent living skills involving meal preparation, budgeting and personal finances, survival skills, mobility skills (orientation to neighborhood, town, city, etc.), orientation skills for individuals with visual impairments, laundry, transportation, shopping, self-care, reading, writing, and care of clothing
- Vocational skills
- Affective skills including interests, ability to express emotion, making judgements, and independent decision-making
- Presence of maladaptive or inappropriate behaviors including their description, frequency, and intensity
PASRR Level II: Section VI: Other Related Conditions

SECTION VI: OTHER RELATED CONDITIONS (ORC)

"Other Related Conditions" include physical, sensory or neurological disabilities which manifested before age 22 are likely to continue indefinitely and result in substantial functional limitations in three or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, self-direction, and capacity for independent living. It is important to note that a person can have an "Other Related Condition" regardless of whether the ORC impacts their intellectual abilities.

VI.A: DOCUMENTATION OF THE DIAGNOSIS

1. Is there documentation to substantiate that the individual meets the following criteria for an ORC?  ☐ NO  ☐ YES

   Documentation is to include, but not limited to, a psychological evaluation, physician’s note which indicates that the diagnosis and these functional limitations occurred prior to age 22, or a statement to this effect from the individual or family.

   List the documentation that supports ORC diagnosis:

2. Does the documentation provide evidence of the following characteristics?
   a. A physical, sensory, or neurological disability which is considered an "Other Related Condition".
      ☐ NO  ☐ YES - Specify conditions/diagnoses:
   b. The condition manifested before age 22:
      ☐ NO  ☐ YES
   c. The condition is expected to continue indefinitely.
      ☐ NO  ☐ YES

PASRR Level II: Section VI-B: Supporting Information

VI.B: SUPPORTING DOCUMENTATION

1. Indicate areas where the individual has a SUBSTANTIAL FUNCTIONAL LIMITATION which has manifested prior to age 22.

   ☐ Self-care: A long-term condition which requires the individual to need significant assistance with personal needs such as eating, hygiene and appearance. Significant assistance may be defined as assistance at least one-half of all activities normally required for self-care.
   ☐ Receptive and expressive language: An individual is unable to effectively communicate with another person without the aid of a third person, a person with special skill or with a mechanical device, or a condition which prevents articulation of thoughts.
   ☐ Learning: An individual that has a condition which seriously interferes with cognition, visual or aural communication, or use of hands to the extent that special intervention or special programs are required for learning.
   ☐ Mobility: An individual that is impaired in his/her use of feet and/or gross motor skills to the extent that assistance of another person and/or a mechanical device is needed in order for the individual to move from place to place.
   ☐ Self-direction: An individual that requires assistance in being able to make independent decisions concerning social and individual activities and in handling personal finances and/or protecting own well-being.
   ☐ Capacity for independent living: An individual that is limited in performing normal societal roles or is unsafe for the individual to live alone to such an extent that assistance, supervision or presence of a second person is required more than half the time (during waking hours).

2. The assessor submits the terms below to the Office of Long Term Living for an evaluation of the individual’s functional level and to identify the needs of the individual. Check off each item that has been included in the submission and attach the documentation to the PASRR Level II Evaluation.

   ☐ Sensormotor development (ambulation, positioning, transfer skills, gross motor dexterity, visual motor perception, fine motor dexterity, eye-hand coordination)
   ☐ Speech and language development (includes expressive and receptive language, disorders, i.e. Communication disorders).
   ☐ Social development (includes interpersonal skills, recreation-social skills, and relationships with others).
   ☐ Academic/educational development (grade level of school completed and/or functional learning skills).
   ☐ Independent living development (includes meal preparation, budgeting and personal finances, surpate skill, mobility skills (orientation to the neighborhood, town, etc.), laundry, housekeeping, shopping, bed making, care of clothing, and orientation skills for individuals with visual impairments).
   ☐ Vocational development (include present vocational skills).
   ☐ Affective development (such as interests and skills involved with expressing emotions, making judgments, and making independent decisions).
   ☐ I.Q. and adaptive function testing.
   ☐ Psychological evaluation.
   ☐ Presence of distractibility or inappropriate behaviors of the individual based on systems observation (include frequency and intensity of behavior).
   ☐ Extent to which prosthetic, orthotic-corrective or mechanical-supportive devices can improve the individual’s functional capacity.
   ☐ Extent to which non-verbal communication systems can improve the individual’s functional capacity.
PASRR Level II: Section VII: Findings & Recommendation

VII-A: Evaluator’s Recommendation

SECTION VII: FINDINGS & RECOMMENDATION
VII-A: EVALUATOR’S RECOMMENDATION

1. Does the individual have a suspected or confirmed serious mental illness, intellectual disability/developmental disability, or related condition which meets the criteria for further review by the respective program office?  □ NO □ YES

2. Does the individual currently receive services in the community for the mental health condition, intellectual disability/developmental disability, or related condition?  □ NO □ YES
   If yes, list what services:

3. Is individual seeking NF placement?  □ NO □ YES
   If no, what is the NF name?
   If yes, what is the NF name?

4. Does the individual need health rehabilitative services (physical therapy, occupational therapy, speech therapy, restorative nursing) provided by the nursing facility for their mental illness, intellectual disability/developmental disability, or other related condition?  □ NO □ YES
   If yes, list what services:

PASRR Level II: Section VII-B: Desire for Specialized Services

VII-B: DESIRE FOR SPECIALIZED SERVICES
1. Explain to the individual, his/her legal representative and family member or significant other (if the individual agrees to family participation) that Federal regulations state that a person with a serious mental illness, intellectual disability/developmental disability, or an other related condition must be provided services and supports, related to their mental health condition, intellectual disability/developmental disability, or other related condition that are necessary to assist them in attaining the highest practicable physical, mental, and psychological well-being. These specialized services are individualized and exceed the services and supports normally provided in a nursing facility.
   An individual may choose whether to participate in recommended specialized services.

2. Explain available Specialized Services using the definitions below:
   Check the applicable program office box indicating that the individual, his/her representative, family member, or significant other has been informed of the services available:
a. Mental Health

Specialized services for an individual that meets the clinical criteria for a serious mental illness include appropriate community-based mental health services such as:

- Partial Psychiatric Hospitalization—Services provided in a non-residential treatment setting which includes psychiatric, psychological, social, and vocational elements under medical supervision. Designed for patients with moderate to severe mental illness who require less than 24-hour continuous care but require more intensive and comprehensive services than offered in outpatient. Services are provided on a planned and regularly scheduled basis for a minimum of two hours, but less than 24 hours in any one day.
- Psychiatric Outpatient Clinics—Psychiatric, psychological, social, educational, and other related services provided under medical supervision in a non-residential setting designed for the evaluation and treatment of patients with mental or emotional disorders.
- Mobile Mental Health Treatment (MMHT) — A service array for adults and older adults with a mental illness who encounter barriers to, or have been unsuccessful in attending an outpatient clinic. The purpose of MMHT is to provide therapeutic treatment to reduce the need for intensive levels of service including crisis intervention or inpatient hospitalization. MMHT provides treatment which includes evaluation; individual, group, or family therapy; and medication visits at an individual’s residence or an approved community site.
- Crisis Intervention Services — Immediate, cross-oriented services designed to ameliorate or resolve precipitating stress. Provided to persons who exhibit acute problems of disturbed thought, behavior, mood, or social relationships.
- Targeted Mental Health Case Management (TMIHCM) — Intensive Case Management (ICM) — ICM services are provided to assist adults with serious and persistent mental illness to gain access to needed resources such as medical, social, educational, and other services. Activities undertaken by staff providing ICM services include linking with services, monitoring of service delivery, gaining access to services, assessment and service planning, problem resolution, informal support network building, and use of community resources. RC is provided to persons who do not need the intensity and frequency of contacts provided through ICM, but who do need assistance in accessing, coordinating, and monitoring of, resources and services.
- Peer Support Services — Person-centered and recovery-focused services for adults with serious and persistent mental illness. The services are provided by individuals who have been served in the public behavioral health system. The service is designed to promote empowerment, self-determination, understanding and coping skills through mentoring and service coordination supports that allow people with severe and persistent mental illness to achieve personal wellness and cope with the stresses and barriers encountered in recovering from their disabilities. Peer Specialists may provide site-based and/or mobile peer support services, off-site in the community.
- Outpatient D&A Services, including Methadone Maintenance Clinic — An organized, non-residential, drug-free treatment service providing methadone therapy in which the client resides outside the facility. Services are usually provided in regularly scheduled treatment sessions for, at most, five contact hours per week.

If the individual meets the clinical criteria for a serious mental illness and is admitted to a nursing facility, the service may be provided to the individual. The provision of specific services is determined by the county mental health office.

b. Intellectual Disability/Developmental Disability

Specialized services for an individual who meets the clinical criteria for an intellectual disability/developmental disability include appropriate community-based intellectual/developmental disability services which result in:

- The acquisition of behaviors necessary for an individual to function as much self-determination and independence as possible, and
- The prevention or deceleration of regression or loss of current functional status.

Specialized services are authorized for applicants/individuals with an “intellectual disability/developmental disability” by the Office of Developmental Programs or its agent. For individuals with OIDD, community specialized services may include but are not necessarily limited to the following:

- Assistive Technology — An item, piece of equipment, or product system that is used to increase, maintain, or improve an individual’s functioning.
- Behavioral Support — This service includes functional assessment; development of strategies to support the individual based on assessment; and the provision of training to individuals, staff, parents, and caregivers. Services must be required to meet the current needs of the individual.
- Communication Specialist — Supports participants with non-traditional communication needs by determining the participants’ communication needs, educating the participant and his/her caregivers on the participant’s communication needs and the best way to meet those needs in the individual’s daily living.
- Companion Services — Services are provided to individuals for the limited purposes of providing supervision and assistance focused on the health and safety of the adult individual with an intellectual disability/developmental disability. This service can also be used to supervise individuals during socialization and non-habitual activities when necessary to ensure the individual’s safety.
- Housing Transition and Tenancy Sustaining Services — This service includes preparatory and housing sustaining supports to assist participants in being successful tenants in private homes owned, rented, or leased by the participants.
- In-Home and Community Support — In-home and Community Support is a direct service provided in home and community settings to assist participants in acquiring, maintaining, and improving the skills necessary to live in the community; to live more independently, and to participate meaningfully in community life.
- Supports Coordination — This is a service that involves the primary functions of locating, coordinating, and monitoring needed services and supports. Locating services and supports consists of assistance to the individual and his or her family in linking, arranging for, and obtaining needed medical, social, habilitation, education, or other needed community services.
- Support (Medical Environment) — This service may be used to provide support in general hospital or nursing home settings, when there is a documented need and the county program administrator or director approves the support in a medical facility. The service is intended to supply additional support that the hospital or nursing home is unable to provide due to the individual’s unique behavioral or physical needs.
- Transportation — Transportation is a direct service that enables individuals to access services. It includes support services and supports the person to access services. It includes support services and supports the person to access services.
c. Other Related Condition

Specialized services for an individual who meets the clinical criteria for an other related condition include appropriate community-based services which result in:

- The acquisition of behaviors necessary for an individual to function with as much self-determination and independence as possible; and
- The prevention or deceleration of regression or loss of current optimal functional status.

Specialized services are authorized for applicants/residents with an “Other Related Condition” by the Office of Long-Term Living or its agent. For individuals with OCR, community specialized services may include but are not necessarily limited to the following:

- Service Coordination/Advocacy Services – Development and maintenance of a specialized service plan, facilitating and monitoring the integration of specialized services with the provision of nursing facility and specialized rehabilitative services, and assisting or advocating for residents on issues pertaining to residing in nursing facilities.
- Peer Counseling/Support Groups – Linking residents to “role models” or “mentors” who are persons with physical disabilities and who reside in community settings.
- Training – in areas such as self-empowerment/self-advocacy, household management in community settings, community mobility, decision making, interaction with disability leadership, human sexuality, time management, self-defense/victim assistance, interpersonal relationships, certain academic/development activities, and certain vocational/development activities.
- Community Integration Activities – Exposing residents to a wide variety of structured community experiences which they would encounter in the event that they must or choose to leave the nursing facilities or engage in activities away from the nursing facilities.
- Equipment/Assessments – Purchase of equipment and related assessment for residents who plan, within the next two years, to relocate to community settings.
- Transportation – Facilitation of travel necessary to participate in the above specialized services.

3. Based on your evaluation, will specialized services be needed if the individual will be served in a nursing facility?  [ ] NO  [ ] YES
   If yes, what specialized service(s) are recommended?

4. If the individual will be served in a nursing facility, would he/she need any services of a lesser intensity than the previously mentioned specialized services?  [ ] NO  [ ] YES
   If yes, what service(s) are recommended?

5. Does the individual understand what you have said about specialized services?  [ ] NO  [ ] YES

6. If recommended, does the individual want to receive any specialized services?  [ ] NO  [ ] YES
   If yes, what service(s)?
PASRR Level II: Section VIII: Notice of Referral for Final Determination

SECTION VIII: NOTICE OF REFERRAL FOR FINAL DETERMINATION

You must now explain to the individual, legal representative, family member and/or significant other (if the individual agrees to family participation) that persons with a serious Mental Illness, Intellectual Disability, or an Other Related Condition may not always need nursing facility services, and should be in places more suited to their needs. Explain that this assessment is a way for making sure the individual is receiving the appropriate services to meet his/her needs and receiving the services in the setting that best fits his/her needs.

For Persons with a Mental Health Condition: You have (your relative/representative party has) been identified as requiring further evaluation by the DHS Office of Mental Health and Substance Abuse Services (OMHSA). This form and related information will be forwarded in order to obtain a final determination regarding the need and appropriateness for nursing facility care and specialized services. You will receive a letter from OMHSA outlining their decision.

For Persons with Intellectual Disability: Developmental Disability: You have (your relative/representative party has) been identified as requiring further evaluation by the DHS Office of Developmental Programs (ODP). This form and related information will be forwarded in order to obtain a final determination regarding the need and appropriateness for nursing facility care and specialized services. You will receive a letter from ODP outlining their decision.

For Persons with an Other Related Condition: You have (your relative/representative party has) been identified as requiring further evaluation by the DHS Office of Long-Term Living (OLTL). This form and related information will be forwarded in order to obtain a final determination regarding the need and appropriateness for nursing facility care and specialized services. You will receive a letter from OLTL outlining their decision.

Does the individual want a copy of this evaluation?  [ ] NO  [ ] YES

If yes, please give individual a copy of the PASRR Level II Evaluation form. If you have questions about this form, please contact the person completing this form, identified above.
DHS Program Offices – How do they receive the information

- MH – Office of Mental Health And Substance Abuse Services
  - Information is sent directly to the office

- ID/DD – Office of Developmental Programs
  - Information initially is sent to the County of origin
  - County concurs or not with Aging Well’s/NF Field Operation’s recommendation for Long-Term Services and Supports (LTSS)
  - Then information is sent to Regional Offices for Letter of Determination

- ORC – Office Of Long-Term Living – Bureau of Participant Operations
  - Information is sent directly to the office
PURPOSE:

SCOPE:

This bulletin applies to all entities that perform preadmission screenings for individuals prior to entering a nursing facility enrolled in the Medical Assistance (MA) Program.

BACKGROUND:

In 1987, Congress enacted major nursing home reform legislation that affected all nursing facilities participating in the Medicare and MA Program as part of the Omnibus Budget Reconciliation Act of 1987 (OBRA '87). OBRA '87, among other things, required the implementation of a preadmission screening program, applicable to all persons seeking admission to an MA-certified nursing facility, regardless of payer source. The purpose of the preadmission screening is to determine whether an individual with a mental health condition, intellectual disability/developmental disability, or other related condition requires nursing facility services and, if the individual does, whether that individual meets certain program office criteria and requires specialized services for their condition. See 42 CFR §§ 483.100 - 483.138. An MA-certified nursing facility may not admit any new resident with a mental health condition, intellectual disability/developmental disability, or other related condition unless the Department of Human Services (department) has determined and notified the nursing facility in a letter that the individual requires nursing facility services and, if the individual does, whether that individual meets program office criteria and requires specialized services for the mental health condition, intellectual disability/developmental disability, or other related condition. Modifications to the PASRR Level I form were made based on recommended changes from the Centers for Medicare & Medicaid Services (CMS) and the department’s program offices. There have been form changes which are summarized in this bulletin.
### General Changes

There were general changes made to the form. In some sections, minor wording changes were made or clarifying language was added to assist individuals in completing the form. Medical terms were aligned with terms used by the department’s Office of Mental Health and Substance Abuse Services (OMHSAS) in certain areas. In addition, in the gray text boxes at the end of Sections III, IV and V the specific program office and field office were added.

### Page 3, Section III-C

After the first paragraph, added a gray text box to read “A check in any box in Section III-C will require a PASRR Level II evaluation be completed.”

### Page 3, Section III-C, gray text box after 3. Adaptation to change

Changed the gray text box to read “Note: A PASRR Level II evaluation must be completed by Aging Well or OLT Field Operations (for a change in condition in a nursing facility) and forwarded to the OMHSAS program office for final determination if the individual has a “yes” in any of Section III-B and/or III-C as a result of a confirmed or suspected mental health condition”. This change removes the requirement for a Level II evaluation if the individual has a “yes” in Section III-A #1.

### Page 4, Section IV

Added clarifying language to include “developmental disability (DD)” in addition to intellectual disability language.

### Page 4, Section IV-D

Added clarifying language to read “Has the individual ever been registered with their county for ID/DD services and/or received services from an ID/DD provider agency within Pennsylvania or in another state.”

### Page 4, Section IV, gray text box after IV-F

Changed the gray text box to read “Note: A PASRR Level II evaluation must be completed by Aging Well or OLT Field Operations (for a change in condition in a nursing facility) and forwarded to the ODP Program Office for final determination if: the individual has evidence of an ID or an ID/DD diagnosis and has a “yes” or “cannot determine” in IV-B and a “yes” in IV-C with at least one functional limitation, or the individual has a “yes” in IV-D, or E, or F.”
<table>

</tbody>
</table>
Page 9, Notification of the Need for a PASRR Level II Evaluation

This is a new page which notifies individuals or legal representatives that a PASRR Level I form was completed and it indicates the individual needs to have a PASRR Level II evaluation completed. This page should only be given to an individual who meets criteria to have a PASRR Level II evaluation completed. Note: When this page is given to the individual, the person who completed the PASRR Level I and gave this page to the individual /legal representative must ensure the signature requirements are satisfied under Section VIII, second bullet point.

PROCEDURES:

Beginning September 1, 2018, the revised PASRR Level I form must be completed, prior to or no later than the day of admission, for individuals seeking admission to an MA-certified nursing facility, regardless of the individual’s payment source. If the applicant/resident is unable to answer the questions, another person who is knowledgeable about the applicant/resident’s medical condition and history (for example: family member, legal representative, or member of the health care team) may help to complete the form. Nursing facilities are responsible for assuring the accuracy of information reported on the PASRR Level I form. For a new resident entering the nursing facility, the nursing facility must make corrections to the PASRR Level I form on the resident’s chart when new or missed information becomes available (for example, information provided by the family or doctor). Do not complete a new PASRR Level I for residents readmitted from a short-term acute care hospital stay that were in the nursing facility prior to the hospital stay. For these individuals, just update the PASRR Level I that was used in the nursing facility prior to the hospital stay. If the individual has a change in condition that affects program office criteria as found on the PASRR Level I form, a PASRR Level II evaluation form will need to be completed. Nursing facilities will communicate the need to have a PASRR Level II form done by notifying the department’s Office of Long-Term Living, Division of Nursing Facility Field Operations Team via the MA 408 form. Nursing facilities are to advise applicants/residents regarding their rights to know how the PASRR process will be used, how to obtain a copy of this form, and the procedure to appeal the results of a decision by the departments program office.

If the applicant meets program office criteria and is not an Exceptional Admission, as defined on page 6 of the PASRR Level I form, the individual’s PASRR Level I form, along with other required documents, must be forwarded to Aging Well, who will complete a PASRR Level II evaluation and will also determine the level of care the individual needs prior to an individual’s admission to the nursing facility.

Failure to complete the PASRR Level I and, when applicable, the PASRR Level II prior to admission or on the day of admission will result in forfeiture of MA reimbursement to the nursing facility during the period of non-compliance in accordance with Federal PASRR Regulations at 42 CFR § 483.122.
Instructions for completing the revised PASRR Level I are included in the form and the instructional webinar can be found at: 

The revised PASRR Level I form (MA 376 9/18) may be printed at the following website: [http://www.dhs.pa.gov/dhsassets/maforms/index.htm](http://www.dhs.pa.gov/dhsassets/maforms/index.htm).

The revised PASRR Level I form (MA 376 9/18) will be required for admissions on September 1, 2018 and thereafter. Previous versions of the PASRR Level I form are not acceptable for new admissions on September 1, 2018, and thereafter.
INTENTIONALLY LEFT BLANK FOR TWO SIDED PRINTING.
PURPOSE:
The purpose of this bulletin is to issue a revised Pennsylvania Preadmission Screening Resident Review (PASRR) Level II evaluation form. The revised PASRR Level II replaces the Pennsylvania PASRR evaluation (Bulletin 01-15-05, 03-15-05) dated January 1, 2016.

SCOPE:
This bulletin applies to all agencies that perform PASRR Level II evaluations for individuals either prior to or after the individual is a resident in a Medical Assistance (MA) enrolled nursing facility.

BACKGROUND:
In 1987, Congress enacted major nursing home reform legislation that affected all nursing facilities participating in the Medicare and MA Program as part of the Omnibus Budget Reconciliation Act of 1987 (OBRA '87). OBRA '87, among other things, required the implementation of a preadmission screening program, applicable to all persons seeking admission to an MA-certified nursing facility, regardless of payer source. The purpose of the preadmission screening is to determine whether an individual with a mental health condition, intellectual disability/developmental disability (ID/DD), or other related condition requires nursing facility services and, if the individual does, whether the individual meets certain program office criteria and requires specialized services for their condition. See 42 CFR §§ 483.100 - 483.138. An MA-certified nursing facility may not admit any new resident with a mental health condition, ID/DD, or other related condition unless the Department of Human Services (department) has determined and notified the nursing facility in a letter that the individual requires nursing facility services and, if the individual does, whether the individual meets program office criteria, and requires specialized services for a mental health condition, ID/DD, or other related condition.

The State must complete a PASRR Level II evaluation if the individual meets any of the program office criteria for a mental health condition, ID/DD, or other related condition on the PASRR Level I (MA 376) form. Modifications to the PASRR Level II form were made based on recommended changes from the Centers for Medicare & Medicaid Services (CMS) and the department’s program offices. There have been form changes which are summarized in this bulletin.

PROCEDURES:

Beginning September 1, 2018, the revised PASRR Level II form (MA 376.2) must be completed if the individual is identified as meeting program office criteria on the PASRR Level I form, has a change in condition, and is not an exceptional admission, as defined on page 6 of the PASRR Level I form. Aging Well or the department’s Office of Long-Term Living, Division of Nursing Facility Field Operations, (if the individual is already in a nursing facility and there has been a change in condition) is responsible for completing the PASRR Level II form, including gathering the accompanying documentation, and for forwarding the information to the Office of Mental Health Substance Abuse Services (OMHSAS), Office of Developmental Programs (ODP), or Office of Long-Term Living (OLTL) program office. The program office will review the information to determine if the individual meets Nursing Facility Clinical Eligibility, program office criteria, and the need for Specialized Services as defined on pages 7 and 8 of the PASRR Level II form. The program office will issue its decision to all appropriate parties through a Program Office Letter of Determination.

Failure to complete the PASRR Level I and, when applicable, the PASRR Level II prior to admission or on the day of admission will result in forfeiture of MA reimbursement to the nursing facility during the period of non-compliance in accordance with Federal PASRR Regulations at 42 CFR § 483.122.

The revised PASRR Level II (MA 376.2 7/18) form may be downloaded or printed at the following website: http://www.dhs.pa.gov/dhsassets/maforms/index.htm.

If an individual meets the program office criteria on the PASRR Level I form completed on September 1, 2018 and thereafter, the revised PASRR Level II (MA 376.2 9/18) must be completed. Previous versions of the PASRR Level II form are not acceptable beginning September 1, 2018.
This process applies to all nursing facility (NF) applicants, regardless of payer source. All current NF residents must have the appropriate form(s) on his/her record. The Preadmission Screening Resident Review (PASRR) Level I identification form and PASRR Level II evaluation form, if necessary, must be completed prior to admission as per Federal PASRR Regulations 42 CFR § 483.106.

NOTE: FAILURE TO TIMELY COMPLETE THE PASRR PROCESS WILL RESULT IN FORFEITURE OF MEDICAID REIMBURSEMENT TO THE NF DURING PERIOD OF NON-COMPLIANCE IN ACCORDANCE WITH FEDERAL PASRR REGULATIONS 42 CFR § 483.122.

Section I – DEMOGRAPHICS

DATE THE FORM IS COMPLETED: ________________ SOCIAL SECURITY NUMBER (all 9 digits): ______ – ______ – ______

APPLICANT/RESIDENT NAME - LAST, FIRST:

Communication

Does the applicant/resident require assistance with communication, such as an interpreter or other accommodation, to participate in or understand the PASRR process? ☐ NO ☐ YES

Section II – NEUROCOGNITIVE DISORDER (NCD)/DEMENTIA

For Neurocognitive Disorders (i.e. Alzheimer’s disease, Traumatic Brain Injury, Huntington’s, etc.), the primary clinical deficit is in cognitive function, and it represents a decline from a previously attained level of functioning. Neurocognitive disorders can affect memory, attention, learning, language, perception and social cognition. They interfere significantly with a person’s everyday independence in Major Neurocognitive Disorder, but not so in Minor Neurocognitive Disorder.

1. Does the individual have a diagnosis of a Mild or Major NCD? ☐ NO – Skip to Section III ☐ YES

2. Has the psychiatrist/physician indicated the level of NCD? ☐ NO ☐ YES – indicate the level: ☐ Mild ☐ Major

3. Is there corroborative testing or other information available to verify the presence or progression of the NCD? ☐ NO ☐ YES – indicate what testing or other information:

☐ NCD/Dementia Work up ☐ Comprehensive Mental Status Exam
☐ Other (Specify):

NOTE: A DIAGNOSIS OF MILD NCD WILL NOT AUTOMATICALLY EXCLUDE AN INDIVIDUAL FROM A PASRR LEVEL II EVALUATION.
Section III – MENTAL HEALTH (MH)

Serious Mental Illness diagnoses may include: Schizophrenia, Schizoaffective Disorder, Delusional Disorder, Psychotic Disorder, Personality Disorder, Panic or Other Severe Anxiety Disorder, Somatic Symptom Disorder, Bipolar Disorder, Depressive Disorder, or another mental disorder that may lead to chronic disability.

III-A – RELATED QUESTIONS

1. Diagnosis

Does the individual have a mental health condition or suspected mental health condition, other than Dementia, that may lead to a chronic disability?

☐ NO  ☐ YES

List Mental Health Diagnosis(es): ____________________________________________

2. Substance related disorder

a. Does the individual have a diagnosis of a substance related disorder, documented by a physician, within the last two years?

☐ NO  ☐ YES

b. List the substance(s): ____________________________________________________

c. Is the need for NF placement associated with this diagnosis?

☐ NO  ☐ YES  ☐ UNKNOWN

III-B – RECENT TREATMENTS/HISTORY: The treatment history for the mental disorder indicates that the individual has experienced at least one of the following:

A “YES” TO ANY QUESTION IN SECTION III-B WILL REQUIRE A PASRR LEVEL II EVALUATION BE COMPLETED.

1. Mental Health Services (check all that apply):

a. Treatment in an acute psychiatric hospital at least once in the past 2 years:

☐ NO  ☐ YES – Indicate name of hospital and date(s): ____________________________

b. Treatment in a partial psychiatric program (Day Treatment Program) at least once in the past 2 years:

☐ NO  ☐ YES – Indicate name of program and date(s): ____________________________

c. Any admission to a state hospital:

☐ NO  ☐ YES – Indicate name of hospital and date(s): ____________________________

d. One stay in a Long-Term Structured Residence (LTSR) in the past 2 years:

A LTSR is a highly structured therapeutic residential mental health treatment facility designed to serve persons 18 years of age or older who are eligible for hospitalization but who can receive adequate care in an LTSR. Admission may occur voluntarily.

☐ NO  ☐ YES – Indicate name of LTSR and date(s): ____________________________

e. Electroconvulsive Therapy (ECT) for the Mental Health Condition within the past 2 years:

☐ NO  ☐ YES – Date(s): ____________________________
f. Does the individual have a Mental Health Case Manager (Intensive Case Manager (ICM), Blended or Targeted Case Manager, Resource Coordinator (RC), Community Treatment Team (CTT) or Assertive Community Treatment (ACT))?  
☐ NO ☐ YES  
Indicate Name, Agency, and Telephone Number of Mental Health Case Manager:

2. Significant Life disruption due to a Mental Health Condition

Experienced an episode of significant disruption (may or may not have resulted in a 302 commitment) due to a Mental Health Condition within the past 2 years:

a. Suicide attempt or ideation with a plan:  
☐ NO ☐ YES – List Date(s) and Explain:

b. Legal/law intervention:  
☐ NO ☐ YES – Explain:

c. Loss of housing/Life change(s):  
☐ NO ☐ YES – Explain:

d. Other:  
☐ NO ☐ YES – Explain:

III-C – LEVEL OF IMPAIRMENT: The mental disorder has resulted in functional limitations in major life activities that are not appropriate for the individual’s developmental stage. An individual typically has at least one of the following characteristics on a continuing or intermittent basis.

A CHECK IN ANY BOX IN SECTION III-C WILL REQUIRE A PASRR LEVEL II EVALUATION BE COMPLETED.

☐ 1. Interpersonal functioning - The individual has serious difficulty interacting appropriately and communicating effectively with other individuals, has a possible history of altercations, evictions, firing, fear of strangers, avoidance of interpersonal relationships and social isolation.

☐ 2. Concentration, persistence and pace - The individual has serious difficulty in sustaining focused attention for a long enough period to permit the completion of tasks commonly found in work settings, or in work-like structured activities occurring in school or home settings, manifests difficulties in concentration, is unable to complete simple tasks within an established time period, makes frequent errors, or requires assistance in the completion of these tasks.

☐ 3. Adaptation to change - The individual has serious difficulty adapting to typical changes in circumstances associated with work, school, family, or social interaction; manifests agitation, exacerbated signs and symptoms associated with the illness; or withdrawal from the situation; or requires intervention by the mental health or Judicial system.

NOTE: A PASRR LEVEL II EVALUATION MUST BE COMPLETED BY AGING WELL OR OLTL FIELD OPERATIONS (FOR A CHANGE IN CONDITION IN A NURSING FACILITY) AND FORWARDGED TO THE OMHSAS PROGRAM OFFICE FOR FINAL DETERMINATION IF THE INDIVIDUAL HAS A “YES” IN ANY OF SECTION III-B AND/OR III-C AS A RESULT OF A CONFIRMED OR SUSPECTED MENTAL HEALTH CONDITION.
Section IV– INTELLECTUAL DISABILITY/DEVELOPMENTAL DISABILITY (ID/DD)

An individual is considered to have evidence of an intellectual disability/developmental disability if they have a diagnosis of ID/DD and/or have received services from an ID/DD agency in the past.

IV-A – Does the individual have current evidence of an ID/DD or ID/DD diagnosis (mild, moderate, severe or profound)?
- ☐ NO – Skip to IV-C
- ☐ YES – List diagnosis(es) or evidence: ________________________________

IV-B – Did this condition occur prior to age 18? ☐ NO ☐ YES ☐ CANNOT DETERMINE

IV-C – Is there a history of a severe, chronic disability that is attributable to a condition other than a mental health condition that could result in impairment of functioning in general intellectual and adaptive behavior?
- ☐ NO – Skip to Section IV-D
- ☐ YES – Check below, all that applied prior to age 18:
  - Self-care: A long-term condition which requires the individual to need significant assistance with personal needs such as eating, hygiene, and appearance. Significant assistance may be defined as assistance at least one-half of all activities normally required for self-care.
  - Receptive and expressive language: An individual is unable to effectively communicate with another person without the aid of a third person, a person with special skill or with a mechanical device, or a condition which prevents articulation of thoughts.
  - Learning: An individual that has a condition which seriously interferes with cognition, visual or aural communication, or use of hands to the extent that special intervention or special programs are required to aid in learning.
  - Mobility: An individual that is impaired in his/her use of fine and/or gross motor skills to the extent that assistance of another person and/or a mechanical device is needed in order for the individual to move from place to place.
  - Self-direction: An individual that requires assistance in being able to make independent decisions concerning social and individual activities and/or in handling personal finances and/or protecting own self-interest.
  - Capacity for independent living: An individual that is limited in performing normal societal roles or is unsafe for the individual to live alone to such an extent that assistance, supervision or presence of a second person is required more than half the time (during waking hours).

IV-D – Has the individual ever been registered with their county for ID/DD services and/or received services from an ID/DD provider agency within Pennsylvania or in another state? ☐ NO ☐ YES ☐ UNKNOWN

If yes, indicate county name/agency and state if different than Pennsylvania: ________________________________

Name of Support Coordinator (if known) ________________________________

IV-E – Was the individual referred for placement by an agency that serves individuals with ID/DD? ☐ NO ☐ YES

IV-F – Has the individual ever been a resident of a state facility including a state hospital, state operated ID center, or a state school?
- ☐ NO
- ☐ YES – Indicate the name of the facility and the date(s): ________________________________
- ☐ UNKNOWN

NOTE: A PASRR LEVEL II EVALUATION MUST BE COMPLETED BY AGING WELL OR OLTL FIELD OPERATIONS (FOR A CHANGE IN CONDITION IN A NURSING FACILITY) AND FORWARDED TO THE ODP PROGRAM OFFICE FOR FINAL DETERMINATION IF:
• THE INDIVIDUAL HAS EVIDENCE OF AN ID OR AN ID/DD DIAGNOSIS AND HAS A “YES” OR “CANNOT DETERMINE” IN IV-B AND A “YES” IN IV-C WITH AT LEAST ONE FUNCTIONAL LIMITATION, OR
• THE INDIVIDUAL HAS A “YES” IN IV-D, OR E, OR F.
Section V– OTHER RELATED CONDITIONS (ORC)

“ORC” include physical, sensory or neurological disability(ies). Examples of an ORC may include but are not limited to: Arthritis, Juvenile Rheumatoid Arthritis, Cerebral Palsy, Autism, Epilepsy, Seizure Disorder, Tourette’s Syndrome, Meningitis, Encephalitis, Hydrocephalus, Huntingdon’s Chorea, Multiple Sclerosis, Muscular Dystrophy, Polio, Spina Bifida, Anoxic Brain Damage, Blindness and Deafness, Paraplegia or Quadriplegia, head injuries (e.g. gunshot wound) or other injuries (e.g. spinal injury), so long as the injuries were sustained prior to age of 22.

V-A – Does the individual have an ORC diagnosis that manifested prior to age 22 and is expected to continue indefinitely?

☐ NO – Skip to Section VI
☐ YES – Specify the ORC Diagnosis(es): ________________________________

V-B – Check all areas of substantial functional limitation which were present prior to age of 22 and were directly the result of the ORC:

☐ Self-care: A long-term condition which requires the individual to need significant assistance with personal needs such as eating, hygiene, and appearance. Significant assistance may be defined as assistance at least one-half of all activities normally required for self-care.

☐ Receptive and expressive language: An individual is unable to effectively communicate with another person without the aid of a third person, a person with special skill or with a mechanical device, or a condition which prevents articulation of thoughts.

☐ Learning: An individual that has a condition which seriously interferes with cognition, visual or aural communication, or use of hands to the extent that special intervention or special programs are required to aid in learning.

☐ Mobility: An individual that is impaired in his/her use of fine and/or gross motor skills to the extent that assistance of another person and/or a mechanical device is needed in order for the individual to move from place to place.

☐ Self-direction: An individual that requires assistance in being able to make independent decisions concerning social and individual activities and/or in handling personal finances and/or protecting own self-interest.

☐ Capacity for independent living: An individual that is limited in performing normal societal roles or is unsafe for the individual to live alone to such as extent that assistance, supervision or presence of a second person is required more than half the time (during waking hours).

NOTE: A PASRR LEVEL II EVALUATION MUST BE COMPLETED BY AGING WELL OR ORTL FIELD OPERATIONS (FOR A CHANGE IN CONDITION IN A NURSING FACILITY) AND FORWARDED TO THE ORC PROGRAM OFFICE FOR FINAL DETERMINATION, IF THE INDIVIDUAL HAS AN ORC DIAGNOSIS PRIOR TO THE AGE OF 22 AND AT LEAST ONE BOX CHECKED IN V-B.

Section VI – HOME AND COMMUNITY SERVICES

Was the individual/family informed about Home and Community Based Services that are available?

☐ NO ☐ YES

Is the individual/family interested in the individual going back home, back to the prior living arrangement, or exploring other community living options?

☐ NO ☐ YES
Section VII – EXCEPTIONAL ADMISSION

Does the individual meet the criteria to have a PASRR Level II Evaluation done by one of the Program Offices, is not a danger to self and/or others, and meets the criteria for Exceptional Admission to a NF?

☐ NO – Skip to Section VIII  ☐ YES

NOTE: IT IS THE RESPONSIBILITY OF THE NF TO VERIFY THAT ALL CRITERIA OF THE EXCEPTION ARE MET PRIOR TO ADMISSION.

Check the Exceptional Admission that applies:

☐ VII-A – Individual Is an Exceptional Hospital Discharge - Must meet all the following prior to NF Admission and have a known MI, ID/DD, or ORC:

- Admission to NF directly from the Acute Care Hospital after receiving inpatient medical care, AND
  NOTE: Exceptional Hospital Discharge cannot be an admission from any of the following: emergency room, observational hospital stay, rehabilitation unit/hospital, Long-Term Acute Care Hospital (LTACH), inpatient psych, behavioral health unit, or hospice facility.

- Requires NF services for the same medical condition for which he/she received care in the Acute Care Hospital, (Specify the condition: ____________________________________________________________________), AND

- The hospital physician shall document on the medical record (which the NF must have prior to admission) that the individual will require less than 30 calendar days of NF service and the individual's symptoms or behaviors are stable.
  ☐ NO  ☐ YES – Physician's name: ____________________________________________

☐ VII-B – Individual Requires Respite Care - An individual with a serious MI, ID/DD, or ORC, may be admitted for Respite Care for a period up to 14-days without further evaluation if he/she is certified by a referring or individual's attending physician to require 24-hour nursing facility services and supervision.
  ☐ NO  ☐ YES

☐ VII-C – Individual Requires Emergency Placement - An individual with a serious MI, ID/DD, or ORC, may be admitted for emergency placement for a period of up to 30-days without further evaluation if the Protective Services Agency and their physician has certified that such placement is needed.
  ☐ NO  ☐ YES

☐ VII-D – Individual is in a coma or functions at brain stem level - An individual with a serious MI, ID/DD, ORC may be admitted without further evaluation if certified by the referring or attending physician to be in a coma or who functions at brain stem level. The condition must require intense 24-hour nursing facility services and supervision and is so extreme that the individual cannot focus upon, participate in, or benefit from specialized services.
  ☐ NO  ☐ YES

FOR A CHANGE IN EXCEPTIONAL STATUS:

IF THE INDIVIDUAL'S CONDITION CHANGES OR HE/SHE WILL BE IN RESIDENCE FOR MORE THAN THE ALLOCATED DAYS:

- The department must be notified on the MA 408 within 48 hours that a PASRR Level II Evaluation needs to be completed.
- The PASRR Level II Evaluation must be done on or before the 40th day from date of admission.
- Do not complete a new PASRR Level I form; just update the current form with the changes and initial the changes.

Enter your full signature and date below to indicate you made the changes to this form.

SIGNATURE: ____________________________________________  DATE: ___________________________
SECTION VIII – PASRR LEVEL I SCREENING OUTCOME

Check appropriate outcome:

☐ Individual has **negative screen** for Serious Mental Illness, Intellectual Disability/Developmental Disability, or Other Related Condition; no further evaluation (Level II) is necessary.

☐ Individual has a **positive screen** for Serious Mental Illness, Intellectual Disability/Developmental Disability, and/or Other Related Condition; he/she requires a further PASRR Level II evaluation. You must notify the individual that a further evaluation needs to be done. Have the individual or his/her legal representative sign that they have been notified of the need to have a PASRR Level II evaluation done. Indicate by your signature here that you have given the notification (last page of this form) to the individual or his/her legal representative.

Name of Individual or legal representative that has received the notification (page 9):

<table>
<thead>
<tr>
<th>NAME:</th>
<th>SIGNATURE:</th>
</tr>

INTENTIONALLY LEFT BLANK FOR TWO SIDED PRINTING.
NOTIFICATION OF THE NEED FOR A PASRR LEVEL II EVALUATION

All persons considering admission to a nursing facility for care must be screened with the Preadmission Screening Resident Review (PASRR) Level I to identify for any evidence of mental illness (MI), intellectual disability/developmental disability (ID/DD), or an other related condition (ORC). If you do have evidence or suspicion of MI, ID/DD, or ORC, you need to have a further PASRR Level II evaluation completed before you can be admitted to a nursing facility for care.

You have had the PASRR Level I screening process done and you are in need of a further PASRR Level II evaluation to make certain that a nursing facility is the most appropriate setting/placement for you and to identify the need for possible MI, ID/DD, or ORC services in the nursing facility’s plan of care for you, if you choose to be admitted to a nursing facility.

You will have this evaluation done within the next several days to determine your needs.

The federal regulation for the above is the following:

§483.128 PASRR evaluation criteria (a) Level I: Identification of individuals with MI or ID. The state’s PASRR program must identify all individuals who are suspected of having MI or ID as defined in §483.102. This identification function is termed Level I. Level II is the function of evaluating and determining whether NF services and specialized services are needed. The state’s performance of the Level I identification function must provide at least, in the case of first time identifications, for the issuance of written notice to the individual or resident and his or her legal representative that the individual or resident is suspected of having MI or ID and is being referred to the state mental health or intellectual disability authority for Level II screening.
When a Pennsylvania Preadmission Screening Resident Review (PASRR) Evaluation Level II form is completed, all supporting documents (see list in Section X) must be sent to the appropriate Department of Human Services (DHS) program office (Office of Mental Health and Substance Abuse Services, Office of Developmental Programs, or Office of Long-Term Living (ORC)).

**DATE OF ASSESSMENT:**

2. Does the individual have any allergies or adverse reactions to any medications?  NO  YES - List below:

II-D: NEUROLOGICAL
Check all that apply:

☐ Right-sided weakness  ☐ Weakness in arms
☐ Left-sided weakness  ☐ Weakness in legs
☐ Right-sided paralysis  ☐ Weakness in hands
☐ Left-sided paralysis  ☐ Weakness in feet
☐ Unsteady gait  ☐ Alteration in response to pain/touch/temperature
☐ Shuffling gait  ☐ Uncontrolled movements
☐ Excessively slow movements  ☐ History of falls - Last fall date: ____________________

II-E: FUNCTIONAL STATUS
Is the individual able to:

1. Perform own ADLs?  NO  YES
   If not, list what individual is unable to do: ____________________________

2. Perform own IADLs?
   Treat own minor physical problems:  NO  YES  Prepare meals:  NO  YES
   Schedule medical/mental health appointments:  NO  YES  Maintain an adequately balanced diet:  NO  YES
   Keep scheduled medical/mental health appointments:  NO  YES  Manage personal finances:  NO  YES
   Take medications as prescribed:  NO  YES  Use money appropriately:  NO  YES
   Use transportation:  NO  YES  Dress appropriately for season:  NO  YES

   Explain the assistance required for each "NO" response:

3. Receptively and expressively communicate?
   Turn head toward speaker:  NO  YES  Summarize topic/story logically:  NO  YES
   Understand one-step instructions:  NO  YES  Point to an item on request:  NO  YES
   Understand multi-step instructions:  NO  YES  Speak in at least 3-4 word sentences:  NO  YES
   Shake head/nod appropriately in response to questions:  NO  YES  Communicate pain/discomfort:  NO  YES
   Say at least ten words which can be understood:  NO  YES  Communicate basic wants:  NO  YES

   For "NO" response, what are deficits/problems:

II-F: SUPPORTS/SOCIALIZATION

1. Individual appropriately responds to others’ initiations?  NO  YES

2. Individual appropriately initiates contact with others?  NO  YES

3. Individual has inappropriate responses/interactions?  NO  YES  If yes, describe: ____________________

4. List the individual’s current medical and social/family supports:

Page 2 of 11
5. List activities that demonstrate the individual socializes with others:

SECION III - REVIEW TYPE
Select type(s) of Program Office review:

☐ Mental Health (MH) - Section IV
☐ Intellectual Disabilities/Developmental Disabilities (ID/DD) - Section V
☐ Other Related Conditions (ORC) - Section VI

Complete each section(s) for the review type(s) checked above. Once the appropriate section(s) noted above have been completed, complete the remaining Sections VII through XI.
SECTION IV - MENTAL HEALTH (MH)

IV-A: DOCUMENTATION OF THE DIAGNOSIS

1. For PASRR purposes, Serious Mental Illness includes the following. Provide a response for each diagnosis listed. When checking "YES" for a current diagnosis, enter the year of onset and attach documentation. Examples of acceptable documentation include a current psychiatric assessment with diagnosis or other professionally accepted diagnostic practices by a qualified physician or psychiatrist. (see CFR §483.134).

2. Does a review of the applicant/resident’s case history and/or medical record substantiate that the mental disorder is responsible for the functional limitations in the last 3-6 months in the following areas? (See PASRR Level I for definitions).

- Interpersonal functioning
- Concentration, persistence, and pace
- Adaptation to change

Describe:

3. Does a review of the applicant/resident’s treatment history substantiate that the individual experienced at least one of the following in the past two years?

- Psychiatric treatment more intensive than outpatient care: NO  YES
  If yes, describe:

- An episode of significant disruption to the normal living situation for which supportive services were required to maintain functioning at home, or in a residential treatment environment, or which resulted in intervention by housing or law enforcement officials. (Supportive services include crisis intervention, intensive case management, and/or other social service agency intervention). NO  YES
  If yes, describe:

- Suicide ideation with a plan or attempt as reported by the individual, other, or verified by a psychiatric consult: NO  YES
  If yes, describe:

- Electroconvulsive Therapy - ECT (related to the Mental Health Condition): NO  YES
  If yes, describe:

- Mental Health Intensive Case Manager (ICM), Blended or Targeted Case Manager, Resource Coordinator (RC), Community Treatment Team (CTT) or Assertive Community Treatment (ACT): NO  YES
  If yes, describe:

IV-B: SUPPORTING INFORMATION

1. The assessor submits the items below to the Office of Mental Health and Substance Abuse Services for an evaluation of the individual’s functional level and to identify the needs of the individual. Check off each item that has been included in the submission and attach the documentation to the PASRR Level II Evaluation.

- Complete medical history.
- Review of all body systems.
- Specific evaluation of the person’s neurological system in the areas of motor functioning, sensory functioning, gait, deep tendon reflexes, cranial nerves, and abnormal reflexes; additional evaluations conducted by appropriate specialists.
- A comprehensive drug history including current or immediate past use of medications that could mask symptom or mimic mental illness.
- A psychosocial evaluation of the individual, including current living arrangements, medical, and support systems.
- A comprehensive psychiatric evaluation including a complete psychiatric history, evaluation of intellectual functioning, memory functioning and orientation, description of current attitudes and overt behaviors, affect, suicidal or homicidal ideation, paranoia, and degree of reality testing (presence and content of delusions) and hallucinations.
- Functional assessment of the individual’s ability to engage in activities of daily living. Include the level of support that would be needed to assist the individual to perform these activities while living in the community. The assessment must also determine whether this level of support can be provided to the individual in an alternative community setting or whether the level of support needed is such that nursing facility placement is required. The functional assessment must address the following areas: Self-monitoring of health status, self-administering and scheduling of medical treatment, including medication compliance, or both, self-monitoring of nutritional status, handling money, dressing appropriately, and grooming.

2. Was a Saint Louis University Mental Status (SLUMS) exam performed as part of the Long-Term Services and Supports (LTSS) assessment?

- NO - Please complete (see last page).
- YES - Score: ____________
- Refused Test

3. Estimated level of intelligence of the individual during this evaluation:

- High
- Average
- Low
- Unknown
SECTION V: INTELLECTUAL DISABILITY/DEVELOPMENTAL DISABILITY (ID/DD)

V-A: DOCUMENTATION OF THE DIAGNOSIS

1. Does the documentation indicate a diagnosis of an ID/DD?  □ NO  □ YES

   Documentation can include, but is not limited to, IQ and adaptive testing (preferably before the age of 18), psychological reports, psychiatric reports, school records, summaries from the county ID/DD program or ID/DD agency, and other relevant professional reports.

   List the documentation that supports ID/DD diagnosis:

   No documentation exists, but family member, significant other, or legal representative state the following to indicate ID/DD diagnosis:

2. Does the documentation provide evidence of the following characteristics?

   a. Significantly sub-average intellectual functioning with an IQ of approximately 70 or below on standardized intelligence testing identified by a qualified psychologist?  □ NO  □ YES

   b. Onset prior to the age of 18 (consider all relevant and informed sources)?  □ NO  □ YES

   c. Deficits in adaptive behavior or functioning on formal assessment?  □ NO  □ YES

3. Indicate level of ID/DD:  □ Mild (50-69)  □ Moderate (35-49)  □ Severe (25-34)  □ Profound (<25)  □ Unspecified  □ Not known  □ None (scores not available)

V-B: SUPPORTING INFORMATION

1. Does the individual have a Supports Coordinator?  □ NO  □ YES - List name of Supports Coordinator and Agency:

2. The assessor submits the items below to the Office of Developmental Programs for an evaluation of the individual’s functional level and to identify the needs of the individual. Check off each item that has been included in the submission and attach the documentation to the PASRR Level II Evaluation.

   - [ ] Self-monitoring of health status.
   - [ ] Self-administering and scheduling of medical treatments.
   - [ ] Self-monitoring of nutritional status.
   - [ ] Self-help development such as toileting, dressing, grooming and eating.
   - [ ] Sensorimotor skills such as ambulation, positioning, transfer skills, gross motor dexterity, visual motor perception, fine motor dexterity, eye-hand coordination and the extent to which prosthetic, orthotic, corrective or mechanical supportive devices can improve the individual’s functional capacity.
   - [ ] Communication skills including expressive and receptive language and the extent to which a communication system, amplification device and/or program of amplification could improve the individual’s functional capacity.
   - [ ] Social skills including relationships, interpersonal, and recreation-leisure skills.
   - [ ] Academic and educational skills including functional learning skills.
   - [ ] Independent living skills involving meal preparation, budgeting and personal finances, survival skills, mobility skills (orientation to neighborhood, town, city, etc.), orientation skills for individuals with visual impairments, laundry, housekeeping, shopping, bed making, and care of clothing.
   - [ ] Vocational skills.
   - [ ] Affective skills including interests, ability to express emotion, making judgements, and independent decision-making.
   - [ ] Presence of maladaptive or inappropriate behaviors including their description, frequency, and intensity.

SECTION VI: OTHER RELATED CONDITIONS (ORC)

“Other Related Conditions” include physical, sensory or neurological disabilities which manifested before age 22 are likely to continue indefinitely and result in substantial functional limitations in three or more of the following areas of major life activity: self-care, receptive and expressive language, learning, mobility, self-direction, and capacity for independent living. It is important to note that a person can have an “Other Related Condition” regardless of whether the ORC impairs their intellectual abilities.

VI-A: DOCUMENTATION OF THE DIAGNOSIS

1. Is there documentation to substantiate that the individual meets the following criteria for an ORC?  □ NO  □ YES

   Documentation is to include, but not limited to, a psychological evaluation, physician’s note which indicates that the diagnosis and three functional limitations occurred prior to age 22, or a statement to this effect from the individual or family.

   List the documentation that supports ORC diagnosis:
2. Does the documentation provide evidence of the following characteristics?
   a. Has a physical, sensory, or neurological disability which is considered an “Other Related Condition”.
      - NO   YES - Specify condition/diagnosis(es): ____________________________
   b. The condition manifested before age 22?          NO   YES
   c. The condition is expected to continue indefinitely. NO   YES

VI-B: SUPPORTING DOCUMENTATION
1. Indicate areas where the individual has a SUBSTANTIAL FUNCTIONAL LIMITATION which has manifested prior to age 22.
   - Self-care: A long-term condition which requires the individual to need significant assistance with personal needs such as eating, hygiene and appearance. Significant assistance may be defined as assistance at least one-half of all activities normally required for self-care.
   - Receptive and expressive language: An individual is unable to effectively communicate with another person without the aid of a third person, a person with special skill or with a mechanical device, or a condition which prevents articulation of thoughts.
   - Learning: An individual that has a condition which seriously interferes with cognition, visual or aural communication, or use of hands to the extent that special intervention or special programs are required to aid in learning.
   - Mobility: An individual that is impaired in his/her use of fine and/or gross motor skills to the extent that assistance of another person and/or a mechanical device is needed in order for the individual to move from place to place.
   - Self-direction: An individual that requires assistance in being able to make independent decisions concerning social and individual activities and/or in handling personal finances and/or protecting own self-interest.
   - Capacity for independent living: An individual that is limited in performing normal societal roles or is unsafe for the individual to live alone to such an extent that assistance, supervision or presence of a second person is required more than half the time (during waking hours).

2. The assessor submits the items below to the Office of Long Term Living for an evaluation of the individual’s functional level and to identify the needs of the individual. Check off each item that has been included in the submission and attach the documentation to the PASRR Level II Evaluation.

   - Sensorimotor development (ambulation, positioning, transfer skills, gross motor dexterity, visual motor perception, fine motor dexterity, eye-hand coordination)
   - Speech and language development (includes expressive and receptive language, disorders, i.e. Communication disorders).
   - Social development (includes interpersonal skills, recreation-leisure skills, and relationships with others).
   - Academic/educational development (grade level of school completed and/or functional learning skills).
   - Independent living development (includes meal preparation, budgeting and personal finances, survival skill, mobility skills [orientation to the neighborhood, town, etc.], laundry, housekeeping, shopping, bed making, care of clothing, and orientation skills for individuals with visual impairments).
   - Vocational development (include present vocational skills).
   - Affective development (such as interests and skills involved with expressing emotions, making judgments, and making independent decisions).
   - IQ and adaptive function testing.
   - Psychological evaluation.
   - Presence of identifiable maladaptive or inappropriate behaviors of the individual based on systemic observation (include frequency and intensity of behavior).
   - Extent to which prosthetic, orthotic-corrective or mechanical-supportive devices can improve the individual’s functional capacity.
   - Extent to which non-oral communication systems can improve the individual’s functional capacity.

SECTION VII: FINDINGS & RECOMMENDATION
VII-A: EVALUATOR’S RECOMMENDATION
1. Does the individual have a suspected or confirmed serious mental illness, intellectual disability/developmental disability, or related condition which meets the criteria for further review by the respective program office? □ NO □ YES
   If yes, list what service(s): ____________________________________________

2. Does the individual currently receive services in the community for the mental health condition, intellectual disability/developmental disability, or related condition? □ NO □ YES
   If yes, list what service(s): ____________________________________________

3. Is individual seeking NF placement? □ NO □ YES
   If no, what placement setting is the individual seeking? __________________________
   If yes, what is the NF name? ____________________________________________

4. Does the individual need health rehabilitative services (physical therapy, occupational therapy, speech therapy, restorative nursing) provided by the nursing facility for his/her mental illness, intellectual disability/developmental disability, or other related condition? □ NO □ YES
   If yes, list what service(s): ____________________________________________

VII-B: DESIRE FOR SPECIALIZED SERVICES
1. Explain to the individual, his/her legal representative and family member or significant other (if the individual agrees to family participation) that:

   Federal regulations state that a person with a serious mental illness, intellectual disability/developmental disability, or an other related condition must be provided services and supports, related to their mental health condition, intellectual disability/developmental disability, or other related condition that are necessary to assist him/her in attaining the highest practicable physical, mental, and psychological well-being. These specialized services are individualized and exceed the services and supports normally provided in a nursing facility.

   An individual may choose whether to participate in recommended specialized services.
2. Explain available Specialized Services using the definitions below.

Check the applicable program office box indicating that the individual, his/her representative, family member, or significant other has been informed of the services available.

☐ a. Mental Health

Specialized services for an individual that meets the clinical criteria for a serious mental illness include appropriate community-based mental health services such as:

- **Partial Psychiatric Hospitalization** – Services provided in a non-residential treatment setting which includes psychiatric, psychological, social, and vocational elements under medical supervision. Designed for patients with moderate to severe mental illness who require less than 24-hour continuous care but require more intensive and comprehensive services than offered in outpatient. Services are provided on a planned and regularly scheduled basis for a minimum of three hours, but less than 24 hours in any one day.

- **Psychiatric Outpatient Clinic** – Psychiatric, psychologist, social, educational, and other related services provided under medical supervision in a non-residential setting designed for the evaluation and treatment of patients with mental or emotional disorders.

- **Mobile Mental Health Treatment (MMHT)** – A service array for adults and older adults with a mental illness who encounter barriers to, or have been unsuccessful in attending an outpatient clinic. The purpose of MMHT is to provide therapeutic treatment to reduce the need for intensive levels of service including crisis intervention or inpatient hospitalization. MMHT provides treatment which includes evaluation; individual, group, or family therapy; and medication visits in an individual’s residence or an approved community site.

- **Crisis Intervention Services** – Immediate, crisis-oriented services designed to ameliorate or resolve precipitating stress. Provided to persons who exhibit acute problems of disturbed thought, behavior, mood, or social relationships.

- **Targeted Mental Health Case Management (Intensive Case Management (ICM) and Resource Coordination (RC))** – ICM services are provided to assist adults with serious and persistent mental illness to gain access to needed resources such as medical, social, educational, and other services. Activities undertaken by staff providing ICM services include: linking with services, monitoring of service delivery, gaining access to services, assessment and service planning, problem resolution, informal support network building, and use of community resources. RC is provided to persons who do not need the intensity and frequency of contacts provided through ICM, but who do need assistance in accessing, coordinating, and monitoring of, resources and services.

- **Peer Support Services** – Person-centered and recovery-focused services for adults with serious and persistent mental illness. The services are provided by individuals who have been served in the public behavioral health system. The service is designed to promote empowerment, self-determination, understanding and coping skills through mentoring and service coordination supports that allow people with severe and persistent mental illness to achieve personal wellness and cope with the stressors and barriers encountered when recovering from their disabilities. Peer Specialists may provide site-based and/or mobile peer support services, off-site in the community.

- **Outpatient D&A Services, including Methadone Maintenance Clinic** – An organized, non-residential, drug-free treatment service providing psychotherapy in which the client resides outside the facility. Services are usually provided in regularly scheduled treatment sessions for, at most, five contact hours per week.

If the individual meets the clinical criteria for a serious mental illness and is admitted to a nursing facility, some mental health or substance use disorder services may need to continue to be provided to the individual. The provision of specialized services should be assured by the nursing facility and county mental health office.

☐ b. Intellectual Disability/Developmental Disability

Specialized services for an individual that meets the clinical criteria for an intellectual disability/developmental disability include appropriate community-based intellectual/developmental disability services which result in:

- The acquisition of behaviors necessary for an individual to function with as much self-determination and independence as possible; and
- The prevention or deceleration of regression or loss of current optimal functional status.

Specialized services are authorized for applicants/residents with an “intellectual disability/developmental disability” by the Office of Developmental Programs or its agent. For individuals with ID/DD, community specialized services may include but are not necessarily limited to the following:

- **Assistive Technology** – An item, piece of equipment, or product system that is used to increase, maintain, or improve an individual’s functioning. Assistive technology services include direct support to an individual in the selection, acquisition, or use of an assistive technology device.

- **Behavioral Support** – This service includes functional assessment; development of strategies to support the individual based on assessment; and the provision of training to individuals, staff, parents, and caregivers. Services must be required to meet the current needs of the individual.

- **Communication Specialist** – Supports participants with non-traditional communication needs by determining the participant’s communication needs, educating the participant and his/her caregivers on the participant’s communication needs and the best way to meet those needs in their daily lives.

- **Companion Services** – Services are provided to individuals for the limited purposes of providing supervision and assistance focused on the health and safety of the adult individual with an intellectual disability/developmental disability. This service can also be used to supervise individuals during socialization or non-habilitation activities when necessary to ensure the individual’s safety.

- **Housing Transition and Tenancy Sustaining Services** – This service includes pre-tenancy and housing sustaining supports to assist participants in being successful tenants in private homes owned, rented, or leased by the participants.

- **In-Home and Community Support** – In-home and Community Support is a direct service provided in home and community settings to assist participants in acquiring, maintaining, and improving the skills necessary to live in the community, to live more independently, and to participate meaningfully in community life.

- **Supports Coordination** – This is a service that involves the primary functions of locating, coordinating, and monitoring needed services and supports. Locating services and supports consists of assistance to the individual and his or her family in linking, arranging for, and obtaining services specified in an ISP, including needed medical, social, habilitation, education, or other needed community services.

- **Support (Medical Environment)** – This service may be used to provide support in general hospital or nursing home settings, when there is a documented need and the county program administrator or director approves the support in a medical facility. The service is intended to supply the additional support that the hospital or nursing home is unable to provide due to the individual’s unique behavioral or physical needs.

- **Transportation** – Transportation is a direct service that enables individuals to access services and activities specified in their approved Individual Support Plan.
c. Other Related Condition

Specialized services for an individual that meets the clinical criteria for an other related condition include appropriate community-based services which result in:

- The acquisition of behaviors necessary for an individual to function with as much self-determination and independence as possible; and
- The prevention or deceleration of regression or loss of current optimal functional status.

Specialized services are authorized for applicants/residents with an “Other Related Condition” by the Office of Long-Term Living or its agent. For individuals with ORC, community specialized services may include but are not necessarily limited to the following:

- **Service Coordination/Advocacy Services** – Development and maintenance of a specialized service plan, facilitating and monitoring the integration of specialized services with the provision of nursing facility and specialized rehabilitative services, and assisting or advocating for residents on issues pertaining to residing in nursing facilities.

- **Peer Counseling/Support Groups** – Linking residents to “role models” or “mentors” who are persons with physical disabilities and who reside in community settings.

- **Training** – In areas such as self-empowerment/self-advocacy, household management in community settings, community mobility, decision making, laws relating to disability, leadership, human sexuality, time management, self-defense/victim assistance, interpersonal relationships, certain academic/development activities, and certain vocational/development activities.

- **Community Integration Activities** – Exposing residents to a wide variety of unstructured community experiences which they would encounter in the event that they must or choose to leave the nursing facilities or engage in activities away from the nursing facilities.

- **Equipment/Assessments** – Purchase of equipment and related assessment for residents who plan, within the next two years, to relocate to community settings.

- **Transportation** – Facilitation of travel necessary to participate in the above specialized services.

3. Based on your evaluation, will specialized services be needed if the individual will be served in a nursing facility? □ NO □ YES
   If yes, what specialized service(s) are recommended?

4. If the individual will be served in a nursing facility, would he/she need any services of a lesser intensity than the previously mentioned specialized services? □ NO □ YES
   If yes, what service(s) are recommended?

5. Does the individual understand what you have said about specialized services? □ NO □ YES

6. If recommended, does the individual want to receive any specialized services? □ NO □ YES
   If yes, what service(s)?

---

**SECTION VIII: NOTICE OF REFERRAL FOR FINAL DETERMINATION**

You must now explain to the individual, legal representative, family member and/or significant other (if the individual agrees to family participation) that persons with a serious Mental Illness, Intellectual Disability, or an Other Related Condition may not always need nursing facility services, and should be in places more suited to their needs. Explain that this assessment is a way for making sure the individual is receiving the appropriate services to meet his/her needs and receiving the services in the setting that best fits his/her needs.

**For Persons with a Mental Health Condition:** You have (your relative/friend/responsible party has) been identified as requiring further evaluation by the DHS Office of Mental Health and Substance Abuse Services (OMHSAS). This form and related information will be forwarded in order to obtain a final determination regarding the need and appropriateness for nursing facility care and specialized services. You will receive a letter from OMHSAS outlining their decision.

**For Persons with Intellectual Disability/Developmental Disability:** You have (your relative/friend/responsible party has) been identified as requiring further evaluation by the DHS Office of Developmental Programs (ODP). This form and related information will be forwarded in order to obtain a final determination regarding the need and appropriateness for nursing facility care and specialized services. You will receive a letter from ODP outlining their decision.

**For Persons with an Other Related Condition:** You have (your relative/friend/responsible party has) been identified as requiring further evaluation by the DHS Office of Long-Term Living (OLTL). This form and related information will be forwarded in order to obtain a final determination regarding the need and appropriateness for nursing facility care and specialized services. You will receive a letter from OLTL outlining their decision.
SECTION IX: NAME AND CONTACT INFORMATION OF INDIVIDUAL COMPLETING THIS FORM

<table>
<thead>
<tr>
<th>PRINT NAME:</th>
<th>TITLE:</th>
<th>DATE:</th>
</tr>
</thead>
<tbody>
<tr>
<td>SIGNATURE:</td>
<td>DATE:</td>
<td>TELEPHONE:</td>
</tr>
<tr>
<td>AGENCY:</td>

</tbody>
</table>

- Program Office Transmittal Sheet – This should be the 1st sheet in packet.
- MA 51 (NF Field Operations may not have this)
- Notification Sheet – Reminder – Include the FAX number for the hospital/NF.
- PASRR Level I & Level II Reminder – for the Notification (page 10, PASRR Level II) list home address, NOT hospital unless client is homeless.
- Comprehensive History & Physical Exam
- Comprehensive Medication History (most current and immediate past)
- Comprehensive Psychosocial Evaluation
- Comprehensive Psychiatric Evaluation
- Long-Term Services and Supports (LTSS) assessment
- Last 3 days of the most current Physician’s orders and progress notes at time of review, (if applicable).
- Last 3 days of the most current nurses’ notes, (if applicable).
- Current medication record
- CT/Neurology Consults if applicable
- MDS – if individual is already in the NF
### SECTION XI: NOTIFICATION SHEET

Assessor should:

- Complete the notification information below for all assessments,
- Make a copy of the assessment packet for their records; and then,
- Forward the assessment packet to the appropriate program office or its designee for a final determination.

<table>
<thead>
<tr>

1. What day of the week is it?
2. What is the year?
3. What state are we in?

4. Please remember these five objects. I will ask you what they are later.
   - Apple
   - Pen
   - Tie
   - House
   - Car

5. You have $100 and you go to the store and buy a dozen apples for $3 and a tricycle for $20.
   1. How much did you spend?
   2. How much do you have left?

6. Please name as many animals as you can in one minute.
   - 0-4 animals
   - 5-9 animals
   - 10-14 animals
   - 15+ animals

7. What were the five objects I asked you to remember? 1 point for each one correct.

8. I am going to give you a series of numbers and I would like you to give them to me backwards. For example, if I say 42, you would say 24.
   - 0 87
   - 1 648
   - 1 8537

9. This is a clock face. Please put in the hour markers and the time at ten minutes to eleven o'clock.
   1. Hour markers ok.
   2. Time correct.

10. Please place an X in the triangle
    Which of the above figures is largest?

11. I am going to tell you a story. Please listen carefully because afterwards, I'm going to ask you some questions about it.
    Jill was a very successful stockbroker. She made a lot of money on the stock market. She then met Jack, a devastatingly handsome man. She married him and had three children. They lived in Chicago. She then stopped work and stayed at home to bring up her children. When they were teenagers, she went back to work. She and Jack lived happily ever after.
    1. What was the female’s name?
    2. What work did she do?
    2. When did she go back to work?
    2. What state did she live in?
