THE MISSION OF THE DEPARTMENT OF HUMAN SERVICES

Our mission is to improve the quality of life for Pennsylvania’s individuals and families. We promote opportunities for independence through services and supports while demonstrating accountability for taxpayer resources.

INTRODUCTION

LIHEAP is a federally-funded program which enables the state to help low-income households meet their home heating needs.

LIHEAP is administered by DHS and consists of three components: Cash benefits to help eligible low-income households pay for their home-heating fuel; Crisis payments, to resolve weather-related, supply shortage, and other household energy-related emergencies; and energy conservation and weatherization measures to address long-range solutions to the home-heating problems of low-income households. Energy conservation and weatherization services and certain related crisis payments are provided by the Department of Community and Economic Development (DCED), under its Weatherization Assistance Program in compliance with the Department of Energy and the Title XXVI requirements.

LIHEAP FEDERAL FUNDING

President Trump’s FY 2019 budget request was released on February 12, 2018. The budget proposes to eliminate funding for LIHEAP. While the initial budget proposal eliminates funding for LIHEAP, it is likely that the program will continue in FY 2019. The US House of Representatives has proposed funding the program at a level equivalent to FY18, while the US Senate has proposed an increase. DHS will be estimating a budget of $214.8 million, equivalent to Pennsylvania’s FY 2018 allocation.

DHS anticipates carrying forward a balance of $13 million. This results in a total budget of $227.8 million. Fifteen percent of the block grant will be allocated to DCED for the Weatherization Assistance Program and up to 10 percent of the block grant
will be allocated for administrative costs, leaving an adjusted minimum total of $173.1 million available for LIHEAP benefits.

PUBLIC COMMENT

In addition to soliciting advice from the LIHEAP Advisory Committee (LAC), DHS held public hearings on the LIHEAP proposed Plan for Fiscal Year (FY) 2019 in compliance with Federal LIHEAP requirements. This year, hearings were held in Philadelphia (July 5), Harrisburg (July 10), and Pittsburgh (July 12). A total of 15 persons attended the hearings: six in Philadelphia; eight in Harrisburg; and one in Pittsburgh. A total of seven individuals or organizations provided oral testimony at the hearings and seven individuals or organizations presented written mail-in testimony. LAC recommendations and all other comments and testimony were taken into consideration in developing program parameters for the Final State Plan.

PROGRAM PARAMETERS

The FY 2019 LIHEAP parameters include:

- an opening date of November 1, 2018, and closing date of April 12, 2019, for the Cash and Crisis components;
- the income eligibility limit will be set at 150 percent of the Federal Poverty Income Guidelines (FPIGs);
- a minimum Cash benefit of $200;
- a maximum Cash benefit of $1,000;
- a minimum Crisis benefit of $25;
- a maximum Crisis benefit of $600.

Program Year

Based on anticipated available funding for benefits and administrative costs, DHS proposed to open the Cash and Crisis components on November 1, 2018 with a closing date of April 5, 2019. As in past years, DHS may extend or shorten the program year, depending on the availability of funds.

Prior to the Cash program opening date, DHS will mail applications or a postcard directing people to apply online to persons who received LIHEAP benefits in the 2017-2018 program year.
Comment:

Public hearing testimony supported various recommendations for program extension. One testifier recommended that specific funding be set aside for Crisis after the winter moratorium. One testifier recommended that Pennsylvania operate a summer cooling program.

One testifier requested an opening date in October.

Six testifiers supported an opening date for both components on November 1, 2018 and a closing date of April 5, 2019. Four testifiers supported both components being run concurrently and two testifiers support pre-season application submission from previous recipients.

One testifier requested the program closing date for both components be moved to April 19, 2019. One testifier requested the program closing date be moved to April 12, 2019 and two testifiers suggested May 3, 2019 as a closing date.

Six testifiers requested that Pennsylvania eliminate carryover funding by expending all 2018-19 funds during the season. Five testifiers requested that the program seek additional funding in the form of a state supplement to the federal funding.

Two testifiers recommended that DHS do enhanced outreach to ensure that as many eligible individuals apply as possible.

Response:

In anticipation of equivalent funding, DHS has decided to open the FY 2019 Cash and Crisis components on November 1, 2018, with an extended closing date of April 12, 2019. If the Federal appropriation changes significantly, DHS will adjust the program operating dates as necessary.

DHS is always seeking low-cost options to expand outreach and increase public participation.
Income Eligibility Guidelines

Based on anticipated funding, DHS proposed a maximum income eligibility limit of 150 percent of the FPIGs for the FY 2019 LIHEAP. The income limits for FY 2019 will be based on the FPIG levels published on January 18, 2018, by the Department of Health and Human Services in the Federal Register.

Comment:

Two testifiers supported maintaining the income limits at 150 percent of the FPIG.

Three testifiers requested that DHS raise the eligibility limits to 200 percent of the FPIG.

Response:

DHS will maintain the income eligibility limit at 150 percent of the FPIG. The income limits for FY 2018 and FY 2019 are listed below:

<table>
<thead>
<tr>
<th>Household Size</th>
<th>FY 2018 Income Limit</th>
<th>FY 2019 Income Limit</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>$18,090</td>
<td>$18,210</td>
</tr>
<tr>
<td>2</td>
<td>24,360</td>
<td>24,690</td>
</tr>
<tr>
<td>3</td>
<td>30,630</td>
<td>31,170</td>
</tr>
<tr>
<td>4</td>
<td>36,900</td>
<td>37,650</td>
</tr>
<tr>
<td>5</td>
<td>43,170</td>
<td>44,130</td>
</tr>
<tr>
<td>6</td>
<td>49,440</td>
<td>50,610</td>
</tr>
<tr>
<td>7</td>
<td>55,710</td>
<td>57,090</td>
</tr>

<tr>
<td>10</td>
<td>74,520</td>
<td>76,530</td>
</tr>
</tbody>
</table>

For each additional person add: $6,270 $6,480

Cash Program

The Cash component provides cash payments to help eligible low-income households pay the costs of home heating. The amount of a LIHEAP Cash benefit is based on the following household factors at the time of application: household size, household income, heating region, and fuel type.
Comment:

One testifier suggested a pro-rated portion of the income of ineligible household members should be excluded from the eligibility determination.

Three testifiers recommended supplemental payments for vulnerable households be issued. One testifier suggested maintaining the language for supplemental grants and the definitions used to determine vulnerable households be expanded.

One testifier suggested reformulating grant information to not differentiate between fuel types.

One testifier recommended an individual should not be considered ineligible based on them fleeing prosecution.

One testifiers requested DHS create an automatic enrollment program based on information already collected from other DHS programs.

Response:

DHS excludes ineligible household members while counting their income in accordance with federal Information Memorandum LIHEAP-IM-2014-07.

Due to concerns about benefit accuracy DHS has decided not to issue supplemental payments to vulnerable households during the season. If additional funds remain after the season has concluded, DHS may issue supplements to vulnerable households at that time.

DHS formulates grants based on several factors including fuel type and heating region to account for the energy burden of households. Using these factors, as well as making adjustments based on performance measures, ensures households with higher energy burdens receive larger grant amounts.

LIHEAP is consistent with other DHS programs which consider applicants who are fleeing from law enforcement to be ineligible for benefits.

Due to different criteria that are used to determine a “household” between all the different programs DHS administers, we are not offering an automatic enrollment program at this time.
**Minimum Cash Benefit**

DHS proposed to set the minimum Cash component benefit at $200.

**Comment:**

One testifier recommended increasing the minimum Cash grant.

**Response:**

In anticipation of equivalent federal funding, DHS has made the decision to set the minimum Cash benefit at $200.

**Maximum Cash Benefit**

DHS proposed to set the maximum Cash component benefit at $1000.

**Comment:**

One testifier recommended increasing grants for lower income households.

**Response:**

DHS will maintain the maximum Cash component benefit at $1000.

**Crisis Program**

Households may apply for and, if eligible, receive regular Crisis benefits regardless of whether they apply for or receive a LIHEAP Cash benefit. To qualify for a Crisis benefit, a household must be without heat or in imminent danger of being without heat because of a weather-related or energy-supply-shortage emergency.

**Comment:**

Three testifiers recommended that Crisis policy be changed to state that a termination notice from a utility is always sufficient proof of a crisis. Two testifiers suggested a more simplified process to apply for Crisis benefits.

One testifier recommended that DHS should require utilities to restore service when offered a LIHEAP Crisis grant. One testifier recommended all Crisis benefits be paid up front, not as a reimbursement, as is the procedure in some instances.
One testifier suggested that if Cash benefits are used to resolve a crisis the process should be more clearly explained to clients. One testifier advocated there should be no medical documentation necessary to prove a life-threatening emergency.

Response:

To qualify for Crisis, a household shall be without heat or in imminent danger of being without heat because of a weather-related or energy-supply-shortage emergency. Since utility companies cannot shut off service without PUC approval until April 1 because of the moratorium, a termination notice during the winter moratorium is not considered proof the household is in imminent danger of being without heat.

The procedures for applying for Crisis are in place to provide timely assistance to applicants while also preventing waste, fraud, and abuse of the commonwealth’s LIHEAP funds.

Applicants can expect that DHS will always use every available resource to resolve their heating emergency. These resources include, but are not limited to, LIHEAP Cash grants. Verification of a life threatening situation is needed to properly determine the need for an expedited time-frame for the crisis situation to be resolved.

Minimum Crisis Benefit

DHS proposed to set the minimum Crisis component benefit at $25.

Comment:

No comments were made regarding the minimum Crisis component benefit.

Maximum Crisis Benefit

DHS proposed to set the maximum Crisis component benefit at $500.

Comment:

One testifier recommended a $600 maximum for households heating with deliverable fuels.

Response:

In anticipation of equivalent federal funding, DHS has made the decision to set the maximum Crisis component benefit at $600.
Application of Cash Benefits

Public utilities that operate a Customer Assistance Plan (CAP) will apply the LIHEAP Cash component benefits only to the customer’s monthly ‘Asked to Pay’ amount. No LIHEAP funds may be applied to CAP customers' pre-program arrearages or actual usage amounts.

Applicants can elect to apply the LIHEAP Cash component benefits to either their primary or secondary heat source.

Comment:

Two testifiers suggested allowing for a minimum monthly ‘Asked to Pay’ amount to remain after the application of LIHEAP benefits. They recommended allowing LIHEAP benefits to be applied incrementally each month. One testifier recommended that DHS share client information with utilities to help enroll LIHEAP clients in CAP programs. One testifier recommended prohibiting CAP plus plans.

One testifier advocated for restricting LIHEAP benefits to the primary heat source only. One testifier suggested it be clear to applicants LIHEAP benefits can be applied to primary or secondary heat sources. Two testifiers recommended allowing grants to be used on supplemental heat sources.

One testifier suggested lifting the restriction of LIHEAP benefits being applied to an applicant’s previous address.

Response:

The purpose of LIHEAP is to help low income households meet their home heating needs. The LIHEAP federal statute, regulations, and Pennsylvania’s approved state plan require that LIHEAP funds be applied in full to the account of those households determined LIHEAP eligible. Utility companies must apply LIHEAP Cash grants only to the “Asked to Pay” amount the CAP customer is required to pay.

DHS will maintain the policy of LIHEAP benefits being applied to the applicants primary or secondary heat source. The definition of primary heat source has been updated to reflect the central heat source used most by the household.

DHS will maintain the current policy of applying LIHEAP benefits for up to 50% of the back balance from the previous address if it established service at the current address.
Heat and Eat Initiative

To enhance participation and benefits for households enrolled in the Supplemental Nutrition Assistance Program (SNAP), DHS will continue to issue a heating assistance benefit to SNAP households that are responsible for heating costs and have not already been approved for LIHEAP during the current program year. SNAP applicants or recipients who are homeless or living in institutions are not eligible to receive the heating assistance benefit.

Per federal SNAP regulation, receipt of a heating assistance benefit, regardless of the amount of the benefit, enables SNAP recipients to maximize the SNAP Standard Utility Allowance (SUA). Households receiving the heating assistance benefit that are recipients of SNAP will receive the highest SNAP SUA. Using the highest allowable SUA in the SNAP benefit calculation may significantly increase SNAP benefits for many households. The annual heating assistance benefit will qualify the household for the maximum SNAP SUA for the current federal fiscal year.

Comment:

No comments were made about the Heat and Eat Initiative.

Weatherization Transfer

The amount of funds allocated to DCED for the Weatherization Assistance Program will be 15 percent of Pennsylvania’s federal LIHEAP block grant allocation.

Comment:

Four testifiers supported transferring the full 15 percent of the LIHEAP block grant allocation to DCED.

One testifier supported eligibility remaining at 200% FPIG.

Two testifiers suggested fewer funds be allocated to DCED for Weatherization.

One testifier advocated for a hearing process to take place in the event of a customer complaint.

Three testifiers supported the expansion of a statewide Weatherization Plus Health pilot program.
Response:

For FY 2019, DHS will transfer 15 percent of LIHEAP funds to DCED for the Weatherization Assistance Program as is mandated by state law.

DEPARTMENT OF HUMAN SERVICES & DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT CRISIS INTERFACE PROJECT

The DHS/DCED Crisis Interface Project, implemented with the FY 1993 program year, will continue.

Under this LIHEAP crisis program integration, a portion of the LIHEAP funds allocated for weatherization will be used to alleviate specific LIHEAP crises. The following types of crises are included: furnace replacement; the repair of a heating system; the repair of gas or other fuel lines; the replacement of an unrepairable heating system; the repair of broken windows (if any of the other repairs are being completed); and pipe-thawing services. Specific DCED responsibilities include addressing the crisis situation within 48 hours, or 18 hours if the situation is considered to be life-threatening or health-threatening.

LIHEAP households with weather-related emergencies will be eligible to receive more expensive types of services provided through the DHS/DCED Crisis Interface Project. Specifically, an average of $6,500 is available to a household for weatherization services.

Applicants must apply through their CAOs or Crisis contractor, where applicable, who is then responsible for determining LIHEAP eligibility and for identification of the type of crisis and service needed. At this point, DHS will either take steps to directly alleviate the crisis, or will refer the crisis to the local weatherization office for resolution. This will include a home visit for an evaluation as to the service needed to resolve the crisis and an assessment for weatherization services, if not previously provided.

Comment:

Two testifiers recommended removing or revising the policy regarding a landlord’s responsibility to maintain an operational heating system (Appendix C Section VII).

One testifier recommended coordination between WAP, utility run LIURP, and Act 129 programs. One testifier suggested clarifying the Crisis interface program is separate from the Crisis grants issued by LIHEAP. One testifier requested the dates of Crisis Interface and WAP be included.
Response:

DCED’s procedures and guidelines were established to have the best interests of both recipients and Crisis contractors in mind. The renter eligibility criteria in Section VII does not affect the expediency of the services provided to recipients.

Crisis Interface operates within the Crisis program dates. WAP is not technically restricted to any timeframe within the fiscal year. In practice, the priority of Crisis Interface work only allows WAP work to be done after Crisis ends.
THE LOW-INCOME HOME ENERGY ASSISTANCE PROGRAM

FY 2019 STATE PLAN

ASSURANCES

The Governor of Pennsylvania has authorized the Secretary of Human Services to apply and reapply for federal funds under the Low-Income Home Energy Assistance Program (42 U.S.C. Section 8621 et seq.), and to develop, approve and submit to the Federal government all State Plans and other related documents as may be necessary for the Commonwealth to obtain available funds to administer the program.

1. Allotment of Funds

In accordance with 42 U.S.C. § 8624 (c)(1)(C), as amended, Pennsylvania will use the available funds to assist eligible households to meet the costs of home heating energy and will make payments only as specified within the Plan.

Funds will be allocated based on the following percentages:

- Cash program: up to 50 percent of available funds
- Crisis program: up to 25 percent of available funds
- Weatherization: 15 percent of available funds
- Administrative and planning costs: up to 10 percent of available funds

Adjustments within the maximums will be made as needed, but will not exceed 100 percent of available funds.
2. **Eligible Households**

In accordance with 42 U.S.C. § 8624 (b)(2), as amended, Pennsylvania will make payments to, or on behalf of, households whose gross annual incomes are equal or less than the established percentage of the poverty level for the FY 2019 program, based on the FPIGs published on January 18, 2018, by the U. S. Department of Health and Human Services (DHHS).

Income limits for households to qualify for LIHEAP cash, crisis, and weatherization benefits are as follows:

<table>
<thead>
<tr>
<th>Household Size</th>
<th>Cash &amp; Crisis 150 Percent of FPIG</th>
<th>Weatherization 200 Percent of FPIG</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>$18,210</td>
<td>$24,280</td>
</tr>
<tr>
<td>2</td>
<td>24,690</td>
<td>32,920</td>
</tr>
<tr>
<td>3</td>
<td>31,170</td>
<td>41,560</td>
</tr>
<tr>
<td>4</td>
<td>37,650</td>
<td>50,200</td>
</tr>
<tr>
<td>5</td>
<td>44,130</td>
<td>58,840</td>
</tr>
<tr>
<td>6</td>
<td>50,610</td>
<td>67,480</td>
</tr>
<tr>
<td>7</td>
<td>57,090</td>
<td>76,120</td>
</tr>
<tr>
<td>8</td>
<td>63,570</td>
<td>84,760</td>
</tr>
</tbody>
</table>

For each additional person add:

- $6,480
- $8,640

3. **Public Education**

In accordance with 42 U.S.C. § 8624 (b)(3), as amended, Pennsylvania will conduct public education activities to assure that eligible households, especially the elderly and disabled, and households with high home energy burdens are aware of assistance available under this Plan and that all applicant households have geographic access to application sites. Funds will be designated for public education activities as determined appropriate by the Secretary of DHS.

Pennsylvania will inform individuals, groups, and families about LIHEAP through mass mailings, notices to the media, brochures, posters, and through voluntary and religious organizations.
Additional public education activities will include the following:

- Provision of reproducible public education materials to utility companies and fuel vendors, upon request, for use in such ways as bill messages.

- Applications with return, pre-stamped envelopes mailed to homebound individuals who need help in applying for benefits.

- Provision of applications for LIHEAP benefits to utility companies, fuel vendors, and community-based agencies, such as Area Agencies on Aging and Community Action Agencies, for distribution to prospective LIHEAP applicants.

- Provision of publicity materials to the Area Agencies on Aging directly and through the Department of Aging to inform the elderly population of LIHEAP benefits and requirements.

- Provision of information to persons with disabilities about the availability of energy-related assistance from advocacy groups working on their behalf.

- Provision of public education materials in Spanish. Translation services are available in Chinese, Vietnamese, Russian, Cambodian and other languages.

- Provision of brochures, which describe LIHEAP benefits and requirements to County Assistance Offices (CAOs) for distribution to public assistance applicants and recipients.

- Provision of publicity materials to other state and local government offices.

- Provision for the most effective use of statewide and local resources in the public education effort through maximum use of appropriate agencies and networks.

4. **Coordination with Other Energy-Related Programs**

In accordance with 42 U.S.C. § 8624 (b)(4), as amended, Pennsylvania has coordinated the planning process for the development of the State Plan with the following agencies:

- The Department of Community and Economic Development (DCED), which is the designated agency for weatherization programs under Title IV of the Energy Conservation and Production Act;

- The Department of Aging;

5. **Highest Benefits to Neediest Households**

In accordance with 42 U.S.C. § 8624 (b)(5), as amended, Pennsylvania will provide, in a timely manner, that the highest level of assistance will be furnished to those households that have the lowest income and the highest energy costs in relation to income, taking into account household size, fuel type, and heating region. For weatherization services and the resolution of crises, the specific needs and the cost of such needs are considered in determining the level of assistance. Pennsylvania will not differentiate between households with incomes that do not exceed the established percent of the poverty level for the FY 2019 program and households in which one or more individuals are receiving Temporary Assistance for Needy Families, Supplemental Security Income, Supplemental Nutrition Assistance Program, or payments under Section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978.

6. **Participation of Local Administering Agencies**

In accordance with 42 U.S.C. § 8624 (b)(6), Pennsylvania has designated local administrative agencies to carry out the provisions of this Plan and has given special consideration to local agencies that were receiving Federal funds under any low-income energy assistance or weatherization program. Pennsylvania has determined that the designated agencies meet program and fiscal requirements established by the State.

DHS administers the provision of cash benefits and its outreach efforts, with the exception of specialized outreach to the elderly to be performed by the Department of Aging.

DHS administers its energy crisis component; utilizing CAOs, Community Action Agencies, and other local agencies with experience in managing energy crisis programs under the Low-Income Home Energy Assistance Act of 1981, or with experience in assisting low-income individuals and the capacity to undertake a timely and effective energy crisis intervention program.
7. **Home Energy Suppliers' Requirements**

In accordance with 42 U.S.C. § 8624 (b)(7), as amended, Pennsylvania will pay LIHEAP benefits for eligible households directly to home energy suppliers, except when a supplier refuses to participate or a supplier has been removed from the list of participating vendors.

Pennsylvania will make payments only to those home energy suppliers who sign a standard vendor agreement. **EXCEPTION:** Occasionally a vendor will provide service one time only. In these instances, DHS will attempt to secure a signed agreement. However, payment will not be made until after crisis service has been rendered.

8. **Equitable Treatment of Renters and Owners**

In accordance with 42 U.S.C. § 8624 (b)(8), as amended, Pennsylvania will treat owners and renters equitably. The application requirements for cash, crisis and weatherization benefits apply equally to both owners and renters and will not be limited to the categorically eligible.

9. **Administrative and Planning Costs**

In accordance with 42 U.S.C. § 8624 (b)(9), as amended, Pennsylvania’s total estimated planning and administrative costs will not exceed 10 percent of the total LIHEAP funding appropriated, of which none will be transferred to any other block grant. Any administrative and planning costs in excess of 10 percent of Pennsylvania’s total allocation, should they be incurred, would be paid from non-Federal sources.

Pennsylvania is defining any costs associated with system-related upgrades and enhancements as programs costs and not administrative costs. Therefore, any system-related expenditures would not be counted toward the ten percent allotted for administrative costs. Pennsylvania will not spend more than two percent of the total LIHEAP funding appropriated for system upgrades and enhancements.

10. **Monitoring and Audit**

In accordance with 42 U.S.C. § 8624 (b)(10), as amended, Pennsylvania will provide fiscal control and fund accounting procedures as necessary to assure the proper disbursement of funds, which includes monitoring payments and an annual audit of Pennsylvania’s expenditures.
Application Monitoring Procedures: All applications approved at the local agency level must pass computerized eligibility checks before payment is made.

The computerized checking process includes:

a. Check for duplicate Social Security Numbers in existing DHS systems;

b. Verify Social Security Numbers, Social Security benefit amounts, and death information through data exchange with the Social Security Administration;

c. Verify Supplemental Security Income payments through the State Data Exchange (SDX);

d. Check for criminal information on all household members through data exchange with the Commonwealth Judicial Information System;

e. Check tax information concerning earned or unearned income through data exchange with the Internal Revenue Service;

f. Check on family size and income;

g. Check for Cash payment above $1,000;

h. Check for Crisis payment below $25;

i. Check for total Crisis payment above $600;

j. Determination of payment;

k. All fields must contain acceptable established elements (characters or numbers);

l. All required fields must be completed.

Agency Monitoring Procedures: The first step of the agency’s monitoring strategy begins at the CAO and Processing Center (PC).

- Agency staff members, involved in determining LIHEAP eligibility are mandated to participate in weekly Knowledge Reinforcement Sessions. Each LIHEAP Knowledge Reinforcement Session (LKRS) is 6 to 7 slides in length with 5 questions which must be answered correctly in order to complete the session. The sessions reinforce policy and procedural issues that are error prone, based on monitoring findings.
Agency supervisors complete reviews of LIHEAP applications using a review tool designed to guide the reviewer and accumulate meaningful statewide results. Agency Supervisors and Managers as well as staff in the Office of Income Maintenance (OIM) Bureau of Program Evaluation (BPE) and their selected contractor monitor the results of the supervisor reviews to identify trends and implement corrective actions.

Telephone conferences, referred to as Friday calls, are held initially weekly then biweekly or monthly to provide the counties with real-time system, policy and operational updates that impact the LIHEAP workflow. The calls also provide a means for agency offices to get answers to questions or resolutions to issues encountered.

Both the agencies and the monitoring staff communicate with the OIM Bureau of Policy through the LIHEAP Training and Policy mailbox to address questions and issues on a daily basis as they arise. The shared responses ensure a uniform interpretation and consistent application of regulations throughout the agency.

For the second step of the agency's monitoring, BPE coordinates the annual LIHEAP monitoring reviews of CAOs, PCs, and Crisis Contractors based on a two-year schedule for the CAOs. Additional agencies are reviewed as needed based on extenuating circumstances and the recommendation of the OIM Bureau of Operations. LIHEAP reviews are completed by a field-based monitoring team. Monitoring activities include:

- Evaluation of eligibility and benefit determination and corrective action implementation through LIHEAP application reviews and on-site visits.
- Evaluation of crisis interface through DCED local agencies.
- Selection of over 2,600 LIHEAP applications for review which are randomly selected through data mining techniques. Also selected is a statistically valid random sample. The number of cases selected is consistent for each year of review.
- The use of independent audit agency reviews to reduce potential bias in the monitoring process.
- Investigation and appropriate and timely escalation of information that suggests potential misuse, misrepresentation, or abuse.
- Issuance of preliminary and updated performance reports to agencies to provide relevant data on accuracy and the composition of findings at both the county level and state level.
• Development of corrective action plans based on the findings from the monitoring team. The plans are implemented by OIM and monitored for compliance by BPE.

• Development and implementation of year-round program changes to increase program accuracy and integrity through collaboration with other bureaus. Examples include working with the Bureau of Operation’s Division of Staff Development in the development of LIHEAP training for the next LIHEAP season to incorporate situations found to be prone to error.

• Development and implementation of special testing to ensure compliance with anticipated federal policy revisions.

Additional monitoring procedures include the following:

• The Office of Administration’s Bureau of Financial Operations provides OIM with technical assistance and conducts performance audits of specific CAOs and crisis contractors, as needed, to resolve systemic problems.

• Controls are built into the PROMISe™ system which vendors use to bill for LIHEAP Crisis claims to ensure the vendors bill for valid Crisis requests and are paid the amount they are authorized to receive.

• The vendor unit assists heating vendors by answering questions, helping to file Crisis claims in PROMISe™, and reviewing vendor transactions.

• Executive Staff from the OIM Bureaus of Policy, Program Support, and Program Evaluation meet on a bi-weekly basis to discuss LIHEAP and all issues and topics pertinent to the program.

• CAO supervisors review direct pay authorizations to ensure that the budgets are being authorized correctly and accurately.

• The Comptroller’s Office reviews the weekly LIHEAP vouchers for any questionable payments and works with OIM to ensure all payments issued to households are correct.
• The field monitoring team conducts reviews of LIHEAP vendors to ensure compliance with the DHS LIHEAP Vendor Agreement, focusing on the following areas:
  o Compliance with DHS Information Requirements
  o Proper and Accurate completion of the Vendor Agreement
  o Timeliness of Crisis delivery
  o Application of LIHEAP benefit in accordance with vendor agreement and DHS Policy
  o Proper handling of LIHEAP refunds
  o Record Retention

Audit Procedures: Pennsylvania agrees, in accordance with 42 U.S.C. § 8624(e), to a financial and compliance audit by an independent agent annually, according to the Comptroller General's standards.

A copy of the audit will be submitted within 30 days after completion of the audit to the Governor, the General Assembly, and the Secretary of DHHS. The audit report will also be made available to the public on a timely basis.

11. Federal Investigation

In accordance with 42 U.S.C. § 8624(b)(11), Pennsylvania will permit and cooperate with Federal investigations undertaken in accordance with 42 U.S.C. § 8627.

12. Public Participation

In accordance with 42 U.S.C. § 8624 (b)(12), as amended, Pennsylvania provided for timely and meaningful public participation in the development of the Plan as follows:

• A notice was published in several Pennsylvania newspapers and social media announcing the public hearings schedule and the availability of the proposed Plan for public comment. This information was also posted on the DHS website.

• The LAC advised the Secretary of DHS on the administration of the LIHEAP block grant, including a review of the proposed Plan and recommendations on the final Plan. Members of the Advisory Committee are appointed by the Secretary of DHS and represent consumer and advocacy interests, service providers, fuel associations, and other concerned citizens of the Commonwealth.

• Area Agencies on Aging, legal services groups, fuel and utility associations, community action agencies, and members of the LAC are made aware of the availability of the proposed and final Plans on the DHS website. In addition, copies of the Plan are available upon written request to the Division of Federal Programs and Program
Management, Department of Human Services, DGS Annex, Room 224, Willow Oak Building, 1006 Hemlock Drive, Harrisburg, PA 17110.

- In accordance with 42 U.S.C. § 8624 (a)(2), public hearings on the FY 2019 LIHEAP proposed State Plan were held as follows:

  Date:    July 5, 2018  
  Time:    10:00 A.M. – 12:00 Noon  
  Place:    Free Library on the Parkway  
            Montgomery Auditorium  
            1901 Vine Street  
            Philadelphia, PA

  Date:    July 10, 2018  
  Time:    10:00 A.M. – 12:00 Noon  
  Place:    Health & Welfare Building  
            Room 129  
            625 Forster Street  
            Harrisburg, PA

  Date:    July 12, 2018  
  Time:    10:00 A.M. – 12:00 Noon  
  Place:    Allegheny County Courthouse  
            Gold Room, 4th Floor  
            436 Grant Street  
            Pittsburgh, PA

- In addition to the opportunity for the public to comment on the LIHEAP weatherization component through DHS’s LIHEAP public hearings, The DCED public hearing on the FY 2018-19 Department of Energy State Plan provides an opportunity for the public to participate in a timely and meaningful manner. It was held at 2:30 P.M. on April 18, 2018, in Hearing Room 2, Commonwealth Keystone Building, Harrisburg, PA.

  In developing the proposed and final Plans, DHS considers all public comments, both written and oral, on the program.

13. Fair Hearing

  In accordance with 42 U.S.C. § 8624 (b)(13), Pennsylvania will provide an opportunity for an administrative fair hearing for applicants who believe that decisions regarding their eligibility for LIHEAP benefits are either inaccurate or unreasonably delayed.
The fair hearing process is more fully described under Appendix B, Determination of Eligibility for LIHEAP Cash and Crisis Benefits.

The fair hearing requirements for weatherization benefits are found in Appendix C.

14. Data Collection and Reporting

In accordance with 42 U.S.C. § 8624(b)(14), Pennsylvania will cooperate with the Secretary of the DHHS with respect to data collection and reporting under 42 U.S.C. § 8629.

15. Additional Outreach and Intake Sites

In accordance with 42 U.S.C. § 8624 (b)(15), as amended, Pennsylvania will provide outreach and intake for heating and crisis assistance through additional State and local governmental entities, and through community-based organizations such as not-for-profit neighborhood-based organizations, Area Agencies on Aging, and community action agencies.

16. Reduction of Home Energy Needs/Need for Energy Assistance

In accordance with 42 U.S.C. § 8624(b)(16), Pennsylvania chooses not to exercise its option to use up to five percent of its allotment to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance. The funds will be used for LIHEAP benefits to families.

17. Energy Crisis Assistance

In accordance with 42 U.S.C. § 8623(c), based on previous years’ experience, Pennsylvania will reserve a reasonable amount of available LIHEAP funds until March 15, 2019 for energy crisis assistance.

Any unused balance of reserved Crisis funds will be used to provide LIHEAP benefits for clients, except that a small amount may be reserved for start-up of the next year’s program.

A household may receive more than one Crisis payment during the program year, subject to the maximum and minimum amounts for FY 2019 and the availability of federal funds.
18. **Nondiscrimination**

In accordance with 42 U.S.C. § 8625 (a), Pennsylvania will:

- Not exclude from LIHEAP participation, deny LIHEAP benefits to, nor discriminate in any aspect of LIHEAP administration against any person on the basis of age, sex, race, color, religion, national ancestry or origin, handicap, or political belief.

19. **Confidentiality**

All information about a LIHEAP applicant or recipient is confidential and may be disclosed only for purposes of investigating or prosecuting suspected fraud or abuse, cooperating with authorities regarding LIHEAP audits or investigations, fulfilling federal data reporting requirements, or, with the consent of the applicant, for purposes of providing assistance related to home heating.

20. **Program Year**

The opening date of the program establishes the official start date for accepting walk-in or new applications. However, program activities occur both before and after the dates for accepting applications. Expenditures for these activities are charged to the program year to which the costs relate. DHS may anticipate receipt of federal funds by advancing state funds for program operation, which will be reimbursed once federal funds are received.

21. **Emergency Contingency Allocation**

Utility companies regulated by the PUC may not terminate service to low-income households from December 1 through March 31 without the approval of the PUC.

22. **Leveraged Resources**

Pennsylvania will apply for leveraging incentive funds for resources leveraged in FY 2018 - in accordance with 42 U.S.C. § 8626a, as amended - under the leveraging incentive program. Any leveraging incentive grant award will be used to maintain or increase benefits to low-income households as part of the Commonwealth’s LIHEAP. Pennsylvania’s LIHEAP is based on the availability of the various benefits provided with leveraged resources. Pennsylvania’s LIHEAP and the benefits provided with leveraged resources are coordinated and provided in cooperation and conjunction with each other. The following leveraged resources are used to provide the described benefits to households with incomes that do not exceed 150 percent of the Federal Poverty Income
Guidelines. They are categorized by the criterion, as defined by DHHS, under which eligibility was established.

To be counted under the leveraging incentive program, resources and benefits must meet at least one of the following three conditions which state, in part:

i. LIHEAP had an active substantive role in developing the process.

ii. Resources are mandated for distribution through LIHEAP.

iii. Resources are appropriated or mandated for distribution under the LIHEAP State Plan to low-income households. They are not provided to low-income households as a part of (through or within) LIHEAP, but are a supplement and/or alternative to the LIHEAP.

To facilitate comprehension, specificity regarding individual resources, sources, etc., is provided in the chart following the narrative description. Note that Pennsylvania’s leveraging resources meet criteria conditions ii & iii.

CRITERION ii

Resources appropriated or mandated through the LIHEAP State Plan

The benefit from the resource is a part of a household's LIHEAP benefit, not an additional benefit that is not part of the LIHEAP program.

CRITERION iii

Resources appropriated or mandated under the LIHEAP State Plan

Resources are appropriated or mandated for distribution under the LIHEAP State Plan to low-income households. They are not provided to low-income households as a part of (through or within) LIHEAP, but are a supplement and/or alternative to the LIHEAP.

They are coordinated and integrated with LIHEAP.

CRITERION iii A

For all households served by the resource, the assistance provided by the resource depends on, and is determined by, the household's receipt of LIHEAP benefits. The resource supplements LIHEAP benefits that were not sufficient to meet the household's home energy needs and the amount of assistance provided by the resource is directly affected by the LIHEAP benefits received by the household.

CRITERION iii B
Receipt of LIHEAP assistance in the base period is necessary to receive assistance from the resource.

CRITERION iii D

Discount/credit for monthly billing and arrearage forgiveness

Various utilities provide customer assistance plans (CAPs) that offer reduced customer billing and/or arrearage forgiveness to LIHEAP-eligible households, those who have received LIHEAP benefits and those who meet federal eligibility standards according to 42 U.S.C. §8624 (b) (2). Funding sources for CAPs include residential tariff rates, ratepayers, and rate-based revenues.

Waived late payment charges, security deposit fees, and reconnection fees

The contract entered into by all vendors mandates the suspension of late payment charges for LIHEAP recipients. Although the waiver of late payment charges, security deposits or reconnection fees is not required, payment of security deposits or late payment charges with LIHEAP funds is prohibited. As a result of this policy and LAC involvement, some utilities waive such fees for LIHEAP recipients.

CRITERION iii E

Cash grants/utility credits for LIHEAP recipients to assist in the payment of: home heating costs; the repair of home heating equipment and/or excavation costs to repair gas lines; and home weatherization materials and installation

Resources include private and utility fuel funds, social service agencies, and utility companies. Funding sources include: various utility funds such as utility shareholder funds, contributions from churches, individuals, corporations, private organizations, and Department of Aging/Human Services Development Funds (non-federal). Payments supplement LIHEAP benefits, providing assistance for home heating expenses that are not covered under LIHEAP or in excess of the LIHEAP grant amounts. The Energy Association of Pennsylvania, PUC, client advocacy representatives, and representatives from major private fuel funds serve as members of the LAC, which works closely with DHS in the development and implementation of the LIHEAP. LIHEAP administrators at the local level interact with administrators of area utilities, social service agencies, and private fuel funds to coordinate and consolidate efforts, including reciprocal identification/referral of eligible applicants and confirmation of eligibility, for distribution of funds.
Income-in-kind for donated supplies

Heating-system materials and supplies donated by building and supply companies are provided to LIHEAP recipients. The agency administering the resource operates the LIHEAP crisis component, under contract with DHS, in the region.

CRITERION iii G

The resource accepts referrals from the grantee's LIHEAP and, as long as the resource has benefits available, it provides assistance to all households that are referred by LIHEAP and that meet the resource's eligibility requirements.

Some rural electric cooperatives and social service agencies, upon referral from LIHEAP staff, issue cash payments on LIHEAP recipients’ home heating bills as long as funds are available. The source of funds includes cooperative member and director contributions, utility matching funds, and United Way funds.

§601.1. Legislative base.

§601.2. Purpose.

The purpose of LIHEAP is to help eligible low-income households meet home-heating needs.

§601.3. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Budget Plan – An optional billing procedure which averages estimated service costs over a 10-month, 11-month or 12-month period to eliminate, to the extent possible, seasonal fluctuations in bills.

CAO – County Assistance Office.

Customer Assistance Plan (CAP) – Programs that may provide customers with discounted monthly bills, based on household income and household size. CAP customers must comply with certain responsibilities and restrictions in order to remain eligible for the program.

Date of Application – The date that a completed application is received by the LIHEAP administering agency in the county where the applicant household lives.

DCED – The Department of Community and Economic Development of the Commonwealth.

DHS – The Department of Human Services of the commonwealth.
Individual With a Disability – An individual receiving financial assistance for a disability. For the purpose of supplemental payments, this may also include an individual meeting disability criteria for Medical Assistance (MA) or Temporary Assistance for Needy Families (TANF).

Household – An individual or group of individuals, including related roomers, who are living together as one economic unit that customarily pays for its home-heating energy either directly to a vendor or indirectly as an undesignated part of rent. Note: households renting with heat included that have a specific portion of their rent used for their heating costs are considered to have a heating responsibility and are therefore eligible for benefits.

Primary Fuel Type – The type of energy consumed by the primary heat source to create heat.

Primary Heat Source – The central heating system used most by the household or, if the residence is not centrally heated or the central heating system is inoperable, the heat source used most by the household.

Resident – A person whose permanent home is in this Commonwealth and who lives there voluntarily and not temporarily for a reason such as vacation, a visit or education.

Residence – The dwelling where the household is actually living. The household must document if the household’s residence is temporarily vacant for reasons beyond the household’s control, such as health problems, plumbing and/or heating problems.

Roomer – An individual who has an agreement with an unrelated landlord or property owner to rent a room. Their payment for lodging includes heat and may include a private bathroom or one of the following:

(i) Board.

(ii) Kitchen or bathroom privileges on a shared basis.

(iii) Light housekeeping facilities.

Secondary Fuel Type – The source of energy that is necessary, in addition to the primary fuel type, to operate the primary heat source.

Supplemental Fuel Type – A source of energy that a household uses to provide heat in addition to the residence’s primary heat source.

Vendor – An agent or company that directly distributes home-heating energy or service in exchange for payment. The term does not include landlords, housing authorities, hotel managers or proprietors, rental agents, energy suppliers or generators, and other parties who are not direct distributors of home-heating energy or service.
Under the restructuring statutes (66 Pa. C.S. § 2807, 66 Pa. C.S. § 2207), the distribution companies are the suppliers of last resort; they remain regulated, and must comply with the state’s winter termination rules in accordance with 66 Pa C.S. § 1406(e). The interests of the Commonwealth’s low-income customers are best served and protected by sending the LIHEAP payment to the distribution companies.

Vulnerable Household – A household containing at least one member who is elderly (age 60 or over), disabled, or age 5 and under. The age of the household members is determined by their age at the time their LIHEAP application is submitted.

§601.4. Components.

LIHEAP is comprised of the following components:

(1) Cash component. The cash component provides cash payments to help eligible low-income households pay the costs of home heating.

(2) Crisis component. The crisis component provides some form of assistance to low-income households that will resolve an energy crisis:

- within 48 hours after application to resolve weather-related, supply-shortage and other household-home-heating emergencies. NOTE: Weather-related emergencies are addressed through the Crisis Interface program administered by DCED. See Appendix C.
- within 18 hours after application if a life-threatening situation exists. This must be a documented medical emergency.
- within 15 days of complete depletion of a deliverable fuel supply

(3) Weatherization. The weatherization component provides energy conservation and weatherization measures to help low-income households reduce the costs of home heating. NOTE: The Weatherization Assistance Program is administered by DCED. See Appendix C.

§601.5. Administration.

DHS will administer the Cash and Crisis components through its CAOs and other contracted agencies as appropriate. DCED will administer the weatherization component.

§601.6. Program year.

(a) DHS will announce the schedule for the current LIHEAP year in the State Plan for that year.

(b) DHS may extend or shorten the closing date of the Cash or Crisis
components, depending upon the availability of Federal funds and other factors.

(c) During the periods before and after the official open and close dates, expenditures are made and are charged to the program year in which the costs relate.

(d) DHS may anticipate receipt of federal funds by advancing state funds for program operation; the state will be reimbursed once federal funds are received.

APPLICATION PROCESS

A member of the applicant household shall complete an application within the established time frames for the program year. To complete an application for a LIHEAP benefit, the LIHEAP applicant, on behalf of the household, shall meet the following conditions. The applicant shall:

(1) Answer all questions on DHS’s LIHEAP application form.

(2) Sign and date the application form.

(3) File the application form with the LIHEAP administering agency or any other agency designated by the LIHEAP administering agency to accept applications in the county where the applicant lives.

NOTE: Agencies other than the LIHEAP administering agency that are designated by the LIHEAP administering agency to accept applications are responsible for submitting such filed applications to the appropriate LIHEAP administering agency within three workdays after the applicant files the application. The date of application is the date the application is received by the LIHEAP administering agency.

(4) Provide income documentation.

(5) Provide documentation of responsibility for the payment of home heat.

(6) Provide additional verification, as needed and requested by the LIHEAP administering agency, to determine eligibility for LIHEAP and the amount of the benefit.

If it has been brought to the attention of DHS that there has been a change in the material information on the application, workers must act on known changes that occur after the application is received, but before it is processed, and use the new information in determining eligibility for LIHEAP.

If the household reports no new household members and no change of residence, the original approved LIHEAP application and supporting documentation will be valid for eligibility and benefit determination for both components during the duration of the
program year. Updated supporting documentation may be required if a household changes vendors.

§601.22. Written notice.

Beginning from the program start date, the LIHEAP administering agency will send the applicant a written notice of the decision on eligibility within 30 days of the date of application.

(1) The written notice will include an explanation of fair hearing rights and procedures.

(2) The written notice will include the following:

   (i) If eligible. If the household is eligible, the written notice will include the type and amount of the benefit and the names of the payee.

   (ii) If ineligible. If the household is ineligible, the written notice will indicate the reason for the decision of ineligibility and provide a reference to the regulatory basis for the decision of ineligibility.

DHS will give households that register for or access their "My COMPASS Account" online the option to receive notices electronically instead of through traditional paper mail. Households that opt to receive electronic notices will be required to electronically sign a disclosure statement in which they agree to receive and read the electronic notices sent by the State agency. Users who opt to receive electronic notices must provide a valid email address, and the State agency will verify the email address provided by the user. Once the user is registered to receive electronic notices, he or she will receive a confirmation e-mail and a hard copy paper notice with instructions on how to login to their account to view notices.

When a notice is available electronically, the household will receive an e-mail notification with a link to the client's "My COMPASS Account," where the household can login to view the notice. My COMPASS Account is on a secure website that will protect the household's information through browser encryption, user name and password, timeout feature, and security questions.

Households applying through COMPASS may receive an automated eligibility determination if the applicant chooses to use the income which is verified and known to DHS through other benefits such as SNAP, MA, or TANF. The household’s address and household must match the known information and all other conditions of eligibility must be met.

§601.23. Incomplete applications.

If an application is not complete, the LIHEAP administering agency will, within 10 workdays after receiving the application, provide a written notice to the client indicating
what information is missing and will allow 15 days after the date of the notice for the client to provide the information to avoid rejection of the application. If the written notice indicating what information is missing is sent later than 10 workdays after receipt of the application, the notice must nevertheless allow 15 days for submission of the missing information. If the missing information is not received on or before the date specified by the written notice, the LIHEAP administering agency will reject the application on the basis that an eligibility decision cannot be made because the applicant has failed or refused to provide sufficient information needed to determine eligibility.

If the applicant sends the requested verification within 60 days from the date of the original application, the CAO may re-determine eligibility based on the information provided. After 60 days, the applicant must submit a new application.

Upon request, LIHEAP staff will mail an application form or take other steps, which may include referral to other agencies that make home visits, to help a homebound person apply for LIHEAP benefits.

ELIGIBILITY REQUIREMENTS

§601.31. General eligibility requirements.

To qualify for LIHEAP Cash or Crisis benefits, a household shall meet the following requirements at the time of application:

(1) Income Limit. Federal law requires states to establish eligibility for LIHEAP based on an income limit that is no more than 60 percent of the state median income as published by the U.S. Census Bureau and no less than 110 percent of the poverty level issued by the United States Department of Health and Human Services (HHS). The limits, which are subject to change annually, are published in each year's LIHEAP State Plan. For the 2018-19 program, Pennsylvania will use 150 percent of the poverty level.

(2) Responsibility for heating costs. For a Cash benefit, the household shall be responsible for paying for its primary fuel type either directly to a vendor or indirectly as an undesignated part of rent. For a Crisis benefit, the household shall be responsible for paying for either its primary or secondary fuel type either directly to a vendor or indirectly through a third-party.

(i) The following persons and members of their households are considered to have a home heating responsibility:

(A) Home owners or renters, including subsidized housing tenants, who pay for home heating fuel or utility service for their residence directly to a vendor. Persons who are responsible for paying their primary fuel type directly to a
B - 7

vendor, but have the bill paid by someone outside of the household because the household has zero/minimal income, are considered to have a heating responsibility and are therefore eligible for LIHEAP benefits. **NOTE:** A household is not considered to have a heating responsibility if it is agreed upon that an agency is always responsible for the heating bill (such as people in subsidized housing who have the bill paid by the housing agency, even though it is in the client’s name; or a student who has someone outside the household always paying their bill, regardless of the student’s income).

(B) Renters who pay for heat indirectly for their residence as an undesignated part of rent. Renters, including subsidized-housing tenants, are ineligible if their rental charge includes an undesignated amount for heat and is based on a fixed percentage of their income or on their source of income. **NOTE:** If a household in subsidized housing, which pays for rent and utilities as a fixed portion of its income, becomes responsible for payment to a vendor, either in full or in part, for its primary heating costs, that household then becomes eligible for a Cash benefit, if otherwise eligible. If a household in subsidized housing, which pays for rent and utilities as a fixed portion of its income, becomes responsible for payment to a vendor, either in full or in part, for its primary or secondary heating costs, that household then becomes eligible for a Crisis benefit, if otherwise eligible.

(C) Roomers who pay for their lodging in either a commercial establishment or in a private home which is their permanent and primary home. Roomers are ineligible if their charge for room or room and board includes an undesignated amount for their primary fuel and is based on a fixed percentage of their income or on their source of income.

(ii) Persons are ineligible if they are in a temporary living arrangement for a reason such as a visit, vacation or education. Residents in institutions, dormitories, fraternity or sorority houses and boarding homes are ineligible.

(iii) Persons living in recreational vehicles (Campers and RVs) are ineligible for LIHEAP unless they provide verification the recreational vehicle is permanently located in Pennsylvania, they have no other permanent residence, the heating appliance is being used in accordance with the manufacturer’s specifications and they are responsible for heating costs.

(iv) Persons that are operating a licensed business out of the LIHEAP household’s residence will be ineligible for LIHEAP if they are using the home’s utilities as a deduction on their business’ tax return and a majority of the home is used for business.

(v) Persons who are incarcerated or persons who have been convicted of a felony (or high misdemeanor in New Jersey) and who are fleeing to avoid prosecution, custody or confinement are ineligible for LIHEAP benefits.

(vi) A household will be ineligible for a LIHEAP grant, Cash or Crisis, if the heating appliance isn’t installed and operating based on the manufacturer’s
specifications or current code requirements, whichever is more stringent, and isn’t following all applicable building and fire codes.

(vii) For a household who owes a balance from a previous address, LIHEAP funds can be used to pay for up to 50 percent of a back balance from that address if it will establish service at the new address. If a LIHEAP Cash grant exceeds 50 percent of the customer’s back balance, the utility must apply the remainder of the Cash grant to the household’s future bills. Utilities must also agree to keep service on through the moratorium and enroll the client in a CAP or budget program if the customer is eligible.

(3) **Residency.** Household members must permanently reside in Pennsylvania.

(4) **Citizenship.** As per federal law, United States citizenship or lawfully admitted non-citizen status is a requirement to receive LIHEAP. All lawfully admitted non-citizens, regardless of when they entered the United States, are eligible to receive LIHEAP if they meet other eligibility requirements. A qualified lawfully admitted non-citizen is:

(i) A non-citizen lawfully admitted for permanent residence as an immigrant under the Immigration and Nationality Act (the “Act”), as defined in PRWORA.

(ii) An asylee granted asylum under section 208 of the Act.

(iii) A refugee admitted to the United States under section 207 of the Act.

(iv) A non-citizen paroled into the United States under section 212(d)(5) of the Act for a period of at least one year.

(v) A non-citizen whose deportation is being withheld under section 243(h) of the Act as in effect prior to April 1, 1997, or whose removal is being withheld under section 241(b)(3) of the Act.

(vi) A non-citizen granted conditional entry under section 203(a)(7) of the Act as in effect prior to April 1, 1980.

(vii) A non-citizen who is a Cuban or Haitian entrant; or

(viii) A non-citizen who (or whose child or parent) has been battered or subjected to extreme cruelty in the United States and otherwise satisfies the requirements of 8 U.S.C. §1641(c).

§601.32. **Eligibility requirements for Crisis benefits.**

**Crisis Benefits**

Households may apply for and, if eligible, receive Crisis benefits regardless of
whether they apply for or receive a LIHEAP Cash benefit. To qualify for a Crisis benefit, a household shall meet the following requirements:

(1) The household shall meet the general eligibility requirements under §601.31 (relating to general eligibility requirements), income limit, responsibility for heating costs, Pennsylvania residency and lawfully admitted non-citizen status.

(2) The household shall be without heat or in imminent danger of being without heat because of a weather-related or energy-supply-shortage emergency as described in §601.62.

(3) The household shall be eligible for a Crisis benefit that, alone or combined with other resources available to the applicant household, will resolve the home-heating emergency. If a household is authorized for the LIHEAP Cash component before the date they are authorized for Crisis benefits, any existing credit including the LIHEAP Cash component that has been authorized and not yet received is considered to be available and must be used first for the resolution of the crisis.

(4) The applicant must provide proof of the home-heating emergency as described in §601.108.

PROVISION OF CASH BENEFITS

§601.41. Benefit amounts.

(a) The amount of a LIHEAP Cash benefit is based on the following household factors at the time of application:

(1) Household size. The members of the applicant household, regardless of relationship, including a roomer who is a relative of a household member, shall be counted when determining household size.

The following persons are not counted as household members when determining household size:

(i) Persons who are living with the applicant household but previously received a LIHEAP Cash benefit as a member of another household during the program year.

(ii) Persons who are maintaining their living arrangement temporarily for a reason such as a visit, vacation or education.

(iii) Residents in institutions, dormitories, or fraternity or sorority houses, and boarding homes.

(iv) Non-citizens who are not lawfully admitted non-citizens as
specified in §601.31(4) (relating to general eligibility requirements).

(v) Persons who are incarcerated or persons who have been convicted of a felony (or high misdemeanor in New Jersey) and who are fleeing to avoid prosecution, custody or confinement are ineligible for LIHEAP benefits.

(2) Household income. Household income is determined as specified in §§601.81 through 601.84 (relating to income determination for Cash and Crisis benefits). For eligible households that have income from employment, household income for the purpose of benefit determination is derived by deducting 20 percent from the gross wages.

(3) Heating region. The heating region in which the household lives affects the benefit amount. The composition, by counties, of each of the five heating regions in this Commonwealth is tabulated in Appendix A.

(4) Fuel type. The household can choose to have the Cash grant issued for its primary or secondary fuel type. If the payment is issued for the secondary fuel type, the amount of the Cash payment will be based on the amount of the primary type of home heating fuel. A Cash grant may only be issued for a supplemental fuel type in situations where the primary source of heat is inoperative and the supplemental fuel type is the source of energy used most by the household.

(b) The county-by-county benefit table for the Cash component, which is subject to change annually, is available at the local CAO and on-line at the following DHS website: http://www.dhs.pa.gov/citizens/heatingassistance/liheap/, under “LIHEAP Benefit Amount Table.”

The amount of the LIHEAP Cash grant cannot exceed the maximum amount allowed under the current LIHEAP State Plan.

(c) Supplemental payments may be issued to households in addition to their regular Cash or Crisis grant. Supplemental payments may be issued at any time during the fiscal year to the following populations:

(1) All Cash Households. All households that qualified for a LIHEAP Cash grant may receive a supplemental payment. Each household will receive the same amount.

(2) All Crisis Households. All households that qualified for a LIHEAP Crisis grant may receive a supplemental payment. Each household will receive the same amount.

(3) Vulnerable Households. Eligible households which contain at least one member who is elderly (age 60 or over), disabled, or age 5 and under, may receive a supplemental payment in addition to their cash grant amount.
Each household may receive the same amount, or the amount of the supplemental payments may be determined cumulatively based upon the composition of the household in the following amounts which are subject to adjustment:

- $50 if the household contains someone age sixty or over
- $50 if the household contains an individual with a disability
- $75 if the household contains a child age five or under

A household can only receive one of each type, and households meeting all three criteria above can receive a maximum supplement of $175. An individual can only be counted for one criterion.

(4) Households by Income Level. All households at or below variable FPIG level (not to exceed 150%) may receive a supplemental payment. The FPIG level will be determined by DHS. Each household will receive the same amount.

§601.42. Roomers and renters with heat included in rent.

Eligible roomers and renters who pay for heat indirectly for their residence as an undesignated part of the rent will receive 50 percent of the LIHEAP Cash benefit for which they would otherwise qualify.

§601.43. Number of payments.

An eligible household receives only one LIHEAP Cash benefit during a program year subject to the minimum and maximum benefit amount allowed under the current LIHEAP State Plan. If additional LIHEAP funds are available, DHS may issue a supplemental LIHEAP Cash benefit.

§601.44. Payees.

(a) If the household pays for fuel directly, DHS pays the vendor on behalf of the eligible household.

(b) DHS pays the benefit to the applicant for the household in the following situations: if the household pays for heat as an undesignated part of rent, the fuel vendor refuses to participate in the program or has been removed from the list of participating vendors, the heating bill is in the name of a non-household member, the bill is paid to a third party such as in a master-metering situation, or the applicant is a roomer.

(c) Landlords, housing authorities, rental agents, hotel and rooming house proprietors and managers, and other parties who are not direct distributors of home heating, energy or service are ineligible for a vendor payment on behalf of an eligible household.
§601.45. Application of Benefits.

Public utilities that operate CAPs will apply the LIHEAP Cash component benefits only to the customer's monthly ‘Asked to Pay’ amount. No LIHEAP funds may be applied to CAP customer’s pre-program arrearages or unbilled usage amounts.

LIHEAP funds are available for use during a two-year period that includes the LIHEAP program year of receipt and through June 30th of the LIHEAP program year immediately following. For example: LIHEAP benefits authorized on November 27, 2017, are available for use through June 30, 2019.

The vendor shall retain unused LIHEAP funds as a credit balance in the customer's account through June 30th of the following state fiscal year unless the client changes vendors, leaves the area served by the vendor, or deceases.

Up to 10 percent of the LIHEAP block grant received during the fiscal year may be carried forward to the following fiscal year. Funds that are carried over must be obligated by the end of the fiscal year following the year in which they were appropriated.

Cash component payments received on behalf of a LIHEAP customer, and designated for payment for deliverable fuels, will not be used to cover fuel customer purchases prior to the program year in which they are authorized.

LIHEAP benefits may not be used for security deposits or late payment charges.

§601.46. Refunds.

LIHEAP funds are available for use during a two-year period that includes the year of receipt and the year immediately following. All LIHEAP funds that have not been expended on or before June 30 of the year following the LIHEAP program year in which benefits were authorized must be refunded.

Refunds and reissuances of LIHEAP benefits are treated as follows:

(1) Refunds from the vendor. The vendor shall refund the unexpended portion of the LIHEAP benefit to DHS’s LIHEAP Vendor Unit under the following circumstances:

(i) The client changes vendors.

(ii) The client leaves the area served by the vendor.

(iii) The client deceases.

(iv) LIHEAP benefits are remaining in the customer's account after June 30th of the program year immediately following the program year in which payment was authorized.

If a security deposit has been paid with LIHEAP funds, the vendor shall refund the
security deposit to DHS's LIHEAP Vendor Unit.

(2) Reissuances to or on behalf of the client. DHS will reissue a vendor refund, as applicable, for the current or previous program year if all of the following conditions are met:

(i) The whereabouts of the household are known.

(ii) The household continues to reside in the commonwealth.

(iii) The household continues to have a home-heating responsibility.

PROVISION OF CRISIS BENEFITS

§601.61. Benefit amounts.

The amount of a Crisis benefit is the amount needed to resolve the home-heating emergency; subject to the minimum and maximum LIHEAP Crisis benefits allowed. The household is ineligible for a Crisis benefit which, alone or combined with other resources available to the household, will not resolve the crisis. Any credit balance with the vendor, including but not limited to the LIHEAP Cash component that has been authorized and not yet received is considered to be available and must be used first for the resolution of the crisis.

The household can have the Crisis grant issued for their primary fuel type, secondary fuel type, or to a supplemental fuel type when the primary source of heat is inoperable.

When the primary fuel type is a deliverable fuel type, such as oil, kerosene, propane, wood or coal, the amount needed to resolve the crisis is based on whether the fuel is delivered by the vendor or transported by the applicant. If delivered, the amount needed to resolve the crisis is the amount needed to fill the tank as much as possible with the funds available, subject to the minimum and the maximum LIHEAP Crisis benefits allowed under the current LIHEAP State Plan. Crisis benefits may be used for off-hour or off-route delivery charges. If not delivered by the vendor, the amount needed to resolve the crisis is the amount that can be transported by the household in one trip. A statement from the vendor verifying the cost the applicant will incur is required prior to authorization of payment; a receipt verifying payment was made is not required prior to authorization of payment.

Vendors that accept Crisis payments based on utility termination notices or based on reconnection of utility service must agree to maintain ongoing utility service to such households for no less than 30 calendar days from the date of the resolution of the crisis. The amount of a Crisis grant cannot exceed the amount listed on a utility termination notice, subject to the minimum and maximum LIHEAP Crisis benefits allowed. Crisis
benefits may be used for reconnect fees. With regard to Crisis payments approved to regulated utilities during the period referred to in §601.62(2)(ii)(A), the earliest allowable termination date is considered to be 30 days following the resolution of the crisis, or May 1, whichever is later.

All participating energy vendors shall enroll a Crisis recipient in a CAP or establish a budget plan, if the monthly CAP or budget plan amount is the most advantageous rate for the household.

§601.62. Types of Crisis benefits.

An eligible household may receive Crisis benefits for weather-related or energy-supply-shortage emergencies.

(1) Benefits for weather-related emergencies. Crisis benefits for weather-related emergencies may include the following types of assistance:

(i) The purchase of a new heating system if documentation is provided that the heating system cannot be repaired or repairs will correct the problem only temporarily.

(ii) Pipe thawing services if the household has a consistent problem with freezing pipes that cannot be repaired by a plumber and is related to heating the house.

(iii) The repair of a broken furnace, which may include filter replacement and chimney cleaning or repair.

(iv) The repair of a water-heating system, including repair of water pumps and accessories, if the system is essential for producing home heat.

(v) The repair of gas or other fuel lines when the lines feed the primary heating source.

(vi) The repair of broken windows, if necessary to ensure the effectiveness of other repairs or improvements.

(vii) The loan of an auxiliary heater.

(2) Benefits for energy-supply-shortage emergencies. Crisis benefits for energy-supply-shortage emergencies include payment for the following:

(i) Home-heating fuel for a household that is out of fuel or if the heating fuel supply will last less than 15 calendar days. The payment will be for the primary fuel type and may include the cost of an added charge for off-hours or off-route delivery service. The payment amount will not exceed the cost of the delivery, including any necessary reconnect fees and/or minor furnace start-up costs. Any credit balance
with the household's vendor, including LIHEAP funds that have been authorized and not yet received, will be deemed available to resolve the crisis and will be applied toward the delivery cost first.

(ii) Utility bills to restore or continue home-heating service if the household is without heat or in imminent danger of being without heat because of actual or scheduled termination of the primary or secondary fuel type by a utility company. The payment may include the charge, if required, for a service reconnection.

NOTE: Crisis benefits may be approved in this instance based on issuance of a termination notice. The following applies:

(A) For utilities regulated by a governing body such as the Public Utility Commission (PUC), winter termination procedures prevent the termination of service without the governing body’s approval from December 1 through March 31. Regulated utilities may still issue termination notices from December 1 through March 31. They cannot, however, act on these notices to terminate service without having been granted permission to terminate service by the governing body. In these situations, contact must be made with the utility to determine if the governing body has granted the utility permission to terminate service for the applicant household before Crisis benefits may be authorized to relieve the emergency. The household is ineligible for Crisis benefits if the utility has not been granted approval to terminate service.

(B) For utilities not regulated by a governing body, a termination notice means that the utility has established a date when service will actually terminate, in accordance with the utility’s current termination procedures. Documentation of the termination notice must be provided before Crisis benefits may be authorized to relieve the emergency.

§601.63. Number of payments.

A household may receive more than one Crisis benefit during the program year, subject to the minimum and maximum amounts allowed under the current LIHEAP State Plan and the amount of available federal funding.

§601.64. Payees.

DHS pays Crisis benefits directly to the vendor, unless direct payment to a vendor cannot be made. If DHS determines that Crisis benefits cannot be paid directly to the vendor, DHS pays the Crisis benefit to the applicant as reimbursement after verification of the purchase has been provided.
§601.65. **Refunds.**

Refunds and reissuances of LIHEAP Crisis benefits are treated as follows:

(1) **Refunds from the vendor.** If the LIHEAP client changes vendors, leaves the area served by the vendor, or dies, the vendor shall refund any unused LIHEAP funds to DHS's LIHEAP Vendor Unit within 48 hours after the basis for the return is known. If, for any reason, the amount of the crisis benefits authorized is in excess of the amount needed to resolve the crisis, the excess must be returned to DHS’s LIHEAP Vendor Unit within 48 hours. Any unexpended LIHEAP benefits erroneously retained in the customer's account as of June 30 of the state fiscal year in which payment was authorized shall be refunded to DHS's LIHEAP Vendor Unit by July 31.

(2) **Reissuances to or on behalf of the client.** DHS will reissue a vendor refund, as applicable, for the current or previous program year if all of the following conditions are met:

(i) The whereabouts of the household are known.

(ii) The household continues to reside in the commonwealth.

(iii) The crisis for which benefits were authorized continues to exist.

**INCOME DETERMINATION FOR CASH AND CRISIS BENEFITS**

§601.81. **Income counted.**

To determine the income level of an applicant household for Cash and Crisis benefits, the LIHEAP administering agency counts the gross annual income of the following persons:

(1) The household members, regardless of relationship.

(2) A roomer who is related to a household member by blood, marriage or adoption.

(3) A person living with the applicant who, as a member of another household, has already received a LIHEAP Cash or Crisis benefit during the program year.
§601.82.  **Gross income defined.**

Gross income is the total earned and unearned income of the household and includes the following:

1. **Employee earnings.** Employee earnings are money, including wages, salaries, bonuses, commissions and tips, before taxes or other deductions, that a person receives for providing services on behalf of an employer.

2. **Profit from self-employment.** Profit of a self-employed person is gross receipts minus costs of operating a business or farm, practicing a profession, providing day-care for children in an approved family day-care facility, or renting nonresident real property.

   (i) The following expenses are among those that are not deductible from gross receipts:

   (A) Depreciation.

   (B) Personal business and entertainment expenses.

   (C) Personal transportation.

   (D) Purchase of capital equipment.

   (E) Payment on the principal of loans for capital assets or durable goods.

   (F) Work-related expenses such as federal, state and local income taxes, contributions to retirement funds, and transportation to and from work.

   (G) Deposits into the self-employed person’s retirement account and payment for his or her life insurance.

   (ii) A loss from one source of income cannot be used to offset another source of income.

3. **Income from roomers, boarders or apartment renters.** Gross income from providing room or board, or both, or from apartment rentals paid directly to a household member is computed under 55 Pa. Code §183.65 (relating to profit).

4. **Unearned income.** Unearned income includes, but is not limited to, the following:

   (i) Public assistance grants.

   (ii) Social Security benefits.
(iii) Workers' compensation.
(iv) Supplemental Security Income.
(v) Unemployment compensation.
(vi) Support payments.
(vii) Cash gifts and contributions.
(viii) Pensions.
(ix) Interest and/or dividends from investments or bank accounts.
(x) Veterans' benefits.
(xi) Funds withdrawn from Individual Retirement Accounts, Certificates of Deposit and proceeds from the sale of stock certificates.
(xii) Utility Allowances paid directly to the household from the landlord or public housing agency to cover utility bills.
(xiii) Income from nonresident rental property managed by a rental agency or another person

§601.83. Treatment of income.

(a) The applicant may choose whether the time period to be used in determining gross annual income shall be the 12 months or the calendar month prior to the month of application. Regardless of the selected time period, income shall be converted to a yearly figure. Income for household members who are receiving Supplemental Nutrition Assistance Program (SNAP), Cash or Medical benefits from DHS will be annualized based on the gross amount documented on DHS’s Client Information System.

(b) If the total gross annual income of the household exceeds the established percentage of the poverty level for the current year, after all allowable exclusions, the household is ineligible.

§601.84. Income exclusions.

The following income will not be considered when determining gross yearly income for the purpose of establishing LIHEAP eligibility:
(1) Educational assistance from scholarships, grants, and loans to a student unless it is solely for basic living needs such as housing and food and the amount of income from other sources used to pay out-of-pocket expenses for books and other required educational fees.

(2) All student financial assistance received from a program funded in whole or in part under Title IV of the Higher Education Assistance Act Amendments of 1992 (P.L. 102-325), or under the Bureau of Indian Affairs student assistance programs.

(3) Payments for services or out-of-pocket expenses to volunteers serving as foster grandparents, senior health aids or senior companions, and to persons serving in other programs under Title II of the Domestic Volunteer Service Act of 1973 (42 U.S.C.A. §§5001-5024).

(4) Payments, including stipends, to volunteers for VISTA, Service Learning Programs and Volunteer Programs under Title I of the Domestic Volunteer Service Act of 1973 (42 U.S.C.A. §§4951-4994).

(5) Benefits received by a participant in the SNAP Program.

(6) The value of donated foods -- surplus commodities -- from the United States Department of Agriculture.

(7) The value of home produce of clients for household consumption.

(8) Money received under the Senior Citizen Rebate and Assistance Act (72 P.S. §§4751-1 through 4751-12).

(9) Money received as incentive or training-related expenses provided to persons involved in a work/training program sponsored by a Federal, State or local government agency.

(10) Medicare premiums deducted from Social Security benefit payments.

(11) Amounts received as reimbursement for medical costs, medical transportation and special allowance items for TANF recipients.

(12) Cash or in-kind assistance with heating costs provided by private or public agencies or utility companies.

(13) Loans which can be verified with a statement from the lender or a loan document specifying the repayment plan.

(14) The portion of a Social Security lump sum death benefit designated for funeral expenses.
(15) For actual child support received, whether court-ordered support or voluntary support from a legally responsible relative, up to the first $100 will be excluded in determining household income if there is one child under age 18 in the household. If there are two or more children in the household, up to $200 will be excluded. Also, up to the first $50 of actual spousal support received in a given month will be excluded. If a household receives both child support and spousal support, only the amount which is the greatest will be excluded for that month; the household will not receive both a child support and spousal support deduction in the same month. All support refunded by DHS during the month is excluded.

(16) Agent Orange Settlement payments.

(17) Earned Income Tax Credits (EITC) including anticipated monthly payments as well as year-end payments.

(18) Income tax refunds.

(19) Restitution payments made to individuals because of their status as victims of Nazi persecution.

(20) Non-recurring lump sum payments.

(21) Wage earnings of a dependent child under age 18.

(22) Utility allowances for residents of subsidized and public housing, unless the household receives the payment directly from the landlord or public housing authority to cover utility bills. If the utility allowance is paid directly to the household, the amount of the payment is counted as unearned income in the month during which it is received.

(23) Money paid by an approved child-placement agency to the client for providing foster care for a child if the money is received through Title IV-E of the Adoption Assistance and Child Welfare Act of 1980 (P.L. 96-272). Money received through Article VII of the Public Welfare code (62 P.S. Sections 701 - 774) also is not counted.

(24) Earned income from temporary census employment.

(25) Unemployment Compensation reductions due to a low balance in the Unemployment Compensation Trust Fund.

(26) A person who has unearned income may get a deduction for expenses that he or she has to pay to get the income. These expenses include, but are not limited to, the following:

- Attorney fees;
- Court costs;
Transportation costs;
The amount paid to a rental agency to handle rental property;
Court-ordered fees paid to a guardian who controls the person's income.

**NOTE:** The CAO must make sure to subtract expenses to determine the unearned income used for the gross income test.

**VERIFICATION AND DOCUMENTATION**

§601.101. Verification and documentation defined.

The applicant shall provide sufficient information regarding the household's circumstances to enable the LIHEAP administering agency to determine LIHEAP eligibility and the amount of a LIHEAP benefit.

(1) Verification. The term refers to any form of convincing information, including oral statements or documentation. Types of documentation may not be limited to any specific type and may include: written evidence, public records, automated sources, electronic evidence and websites.

(2) Documentation. The term refers to written or printed evidence, such as fuel bills, rent receipts, or pay stubs, that is needed to determine LIHEAP eligibility and the type and amount of the LIHEAP benefit.

§601.102. Income.

(a) The applicant shall provide documentation of the amounts and sources of income of household members, including related roomers, as well as that of anyone in the household who received LIHEAP benefits during the current program year as a member of another household.

(b) The applicant shall report but is not required to document income of persons in the household who are currently receiving SNAP, Cash or Medical benefits from DHS and whose income has already been documented and is available in a case record on file with the local CAO.

§601.103. Minimal or no income.

If the applicant states that the household has minimal or no income, the applicant shall be required, as a condition of eligibility, to produce evidence that will satisfactorily explain how the household members are meeting their financial obligations and basic living needs.
§601.104. Responsibility for home-heating costs.

(a) The applicant for a Cash benefit must provide either a recent fuel bill or receipt for the primary fuel type of the household or the CAO can verify a household’s heating responsibility through collateral contact with the vendor. A recent bill or receipt is one that was issued within two months of the date before application. Receipts from vendors for fuel purchased since January of the previous LIHEAP season may be acceptable. CAOs can use websites, hotlines and other collateral contacts to verify a household’s heating responsibility or that a vendor has provided or will provide service to a household. If the household chooses to have the benefit paid to the vendor of its secondary fuel type, the applicant for a Cash benefit shall provide documentation of a financial responsibility for both the primary and secondary fuel types.

(b) The applicant for a Crisis benefit shall prove payment responsibility for either the primary or secondary fuel type of the household. In the absence of a recent bill or receipt due to prior termination of service, verification is required from the vendor that service will be activated pursuant to a determination of eligibility for LIHEAP.

(c) If the household pays for heat indirectly, a written or oral statement from the landlord or rental agent may be acceptable verification of a home-heating responsibility. The statement shall specify the primary type of fuel used to heat the home of the applicant household.

(d) Proof of payment responsibility for either a Cash or Crisis benefit may be in a name of a non-household member in certain reasonable situations, such as the death of the person billed or credit problems of the applicant. The applicant must provide written proof of address other than the heating bill and explain why the bill is in another person’s name and confirm that the household has the obligation to pay the bill. EXAMPLE: The LIHEAP applicant continues to have the utility bill in the name of her deceased spouse. She provides a driver’s license documenting that she resides at the residence.

In situations where the household is not living at its actual residence, in order to qualify for LIHEAP benefits, the household must provide documentation of the emergency or situation beyond the household’s control that requires that the household live elsewhere. Appropriate documentation may include some type of written or printed information, such as a doctor’s statement or letter from the Board of Health, substantiating why the household is not residing at its residence.

Upon request, the CAO will assist the applicant in providing proof of residence.

§601.106. Social Security numbers.

Applicants shall provide Social Security numbers for all members of their household. This requirement is consistent with the May 5, 2010 HHS Information
Memorandum LIHEAP-IM-2010-6, which allows states to require Social Security numbers from applicant households as a condition of LIHEAP eligibility. A household member who does not have a Social Security number or is unable to provide one shall complete an energy assistance affidavit. An energy assistance affidavit is not required for a child under the age of one.

§601.107. Questionable information.

The LIHEAP administering agency may require the applicant to verify information affecting eligibility that appears to be incomplete, unreasonable, or inconsistent with known facts.

§601.108. Proof of energy crisis.

The applicant for a Crisis benefit must provide proof that the household is experiencing a home-heating emergency. Acceptable forms of proof include:

- a utility termination notice or verification of a scheduled termination;
- verification that utility service has already been terminated; or
- a statement from the applicant that the household’s deliverable fuel supply will last less than 15 days.

Termination notices issued by regulated utility companies from December 1 through March 31 are not proof of a home heating emergency. These companies cannot terminate services during this period without permission from the PUC.

The applicant must provide proof of lawfully admitted non-citizen status for each non-citizen who resides in the household. Documentation consists of a document issued by U.S. Citizenship and Immigration Services (USCIS). Refer to the Chart at end of Appendix B for examples of acceptable documentation.

CLIENT RIGHTS

§601.121. Confidentiality.

(a) Information about a LIHEAP applicant or recipient is confidential and may be disclosed for only the following purposes.

(1) To aid in the investigation or prosecution of suspected fraud in connection with LIHEAP; or
(2) To cooperate with federal or state authorities regarding LIHEAP audits, reports, reviews, and investigations.

(b) If the client concurs, the LIHEAP administering agency may disclose only that information about the applicant or recipient household that is needed to help the household apply for or obtain other forms of home energy assistance.

§601.122. Nondiscrimination.

DHS assures that no person on the basis of race, color, sex, age, handicap, religion, national origin or ancestry, sexual orientation, or political belief will be excluded from participation in LIHEAP, denied LIHEAP benefits or be subject to discrimination in an activity or project receiving LIHEAP funds.

§601.123. Appeals and fair hearings.

(a) Applicants may appeal and receive a fair hearing of their claim for LIHEAP if the applicant believes that benefits are unjustly denied or unreasonably delayed or may appeal and receive a fair hearing of a decision regarding overpayments.

EXCEPTION: Applicants do not have the right to a fair hearing if the program closes prior to authorization of benefits due to lack of funds, or if application is submitted after the close of the program.

(b) Client rights and procedures for appeals and fair hearings appear in Chapter 870 of the Supplemental Handbook (relating to appeal and fair hearing).

(c) Upon request, LIHEAP staff will help the client with any aspect of the appeal and fair hearing process.

OVERPAYMENTS

§601.141. Overpayment defined.

An overpayment is the payment of LIHEAP funds or provision of LIHEAP benefits for which the agency or person is either fully or partially ineligible.

§601.142. Liability.

A person or agency that receives LIHEAP funds or benefits for which it is ineligible shall repay DHS for the overpayment.

§601.143. Fraud.

A person who knowingly misrepresents or withholds information in order to qualify anyone for a LIHEAP benefit is guilty of fraud and subject to a penalty of a fine or imprisonment, or both.
§601.144. Treatment of overpayments.

(a) If an overpayment occurs because of suspected fraud, client error, or client misrepresentation, DHS will refer the overpayment for collection or prosecution to the Office of Inspector General, P.O. Box 8016, Harrisburg, Pennsylvania 17105-8016, under Supplemental Handbook Chapter 910 (relating to overpayment recovery).

(b) If an overpayment occurs because of vendor error, misrepresentation, or fraud, DHS will take progressive steps, if necessary, to seek restitution of the overpayment. In instances where vendor error has caused the overpayment, any calls or notices to the vendor regarding repayment must include a statement that repayment must be made from vendor funds, not client funds. Recoupment is made in accordance with §601.145.

(c) If an overpayment occurring because of fraud, error, or misrepresentation by either client or vendor is less than $25, DHS will not seek restitution of the overpayment, but a referral will still be made to the Office of Inspector General.

(d) If an overpayment occurs that was not caused by fraud, error or misrepresentation, by either the client or the vendor, the overpayment will be considered an administrative error. No restitution is required by the client or the vendor and no referral will be made to the Office of Inspector General.

§601.145. Accounts Receivable

DHS is authorized to recoup past due LIHEAP balances from vendors by debiting any current or future LIHEAP payment to the vendor for an amount equal to the outstanding unrefunded balance that is due to DHS from the vendor. A record of the balance of funds owed is established by DHS when a vendor error has occurred or a vendor has received a payment on behalf of a client who has subsequently moved to another county and is no longer a customer of the vendor. The vendor must return these funds to DHS.

DHS will send the vendor up to three notices requesting payment of the funds. If the vendor has failed to respond after the third notice, the amount of the balance of funds owed to DHS will be deducted from the vendor’s next payment(s) until the funds are repaid. If unable to be recouped, any outstanding balances that have not been returned by the vendor may be referred to the Attorney General’s Office for collection proceedings and all other legal remedies.

The vendor acknowledges that DHS will reduce vendor payments by the amount of the balance of funds owed to allow for the expeditious collection of these debts. The vendor agrees to apply the full payment amount of each LIHEAP benefit approved by DHS to the respective account of each LIHEAP recipient whom the vendor serves.

-Affidavit from person  
-Eye witness accounts |
The mission of the Pennsylvania Department of Community and Economic Development’s (DCED) Center for Community Services is to reduce energy consumption and cost in low-income households throughout Pennsylvania. This attachment constitutes the DCED portion of the Department of Human Services (DHS) State Plan specifically applicable to LIHEAP for the Federal Fiscal Year (FY) 2019 program year. The Pennsylvania Weatherization Assistance Program (WAP) State Plan, as developed by DCED and submitted to the Department of Energy (DOE), is hereby incorporated for reference.

For FY 2017, DCED received $31,399,480 of the federal Department of Health and Human Services LIHEAP allocation from DHS for use in its Crisis Interface and WAP. For FY 2018, DCED has received $26,795,059.

For both fiscal years, DCED-allocated LIHEAP funds not expended on Crisis are used to weatherize homes. Statistics regarding the last two years’ LIHEAP funding are as follows:

- Crisis expenditures for FY 2017 totaled over $22.5 million; approximately $8.5 million of the funds were used to provide standard weatherization services; and over $5 million was allocated for the Crisis season start up for FY 2018.

- Crisis expenditure data for FY 2018 is not yet complete since Crisis season is not over at the writing of this plan. Therefore, at the writing of this plan, preliminary data suggests that the Weatherization Agencies will spend over $20 million on the Crisis Interface portion of the $26,795,059 allocation.

- We expect the $6 million balance of funds at the end of the Crisis season to be spent on providing standard weatherization services with priority given to the Crisis Interface clients.

- It appears that with heating crisis demand increasing as a trend, less funds are available for Standard WAP services.

- Up to $2 million will be used for the LIHEAP Pilot for deferred homes pending the results from 2018 Pilot activity.

- DCED and Weatherization Agencies expect to expend the full allocation of $26,795,059.

Expenditure levels and other aspects of this plan are based on current growth and demand for both Crisis Interface and Weatherization Services. In the event that additional funding becomes available, or the total allocation is decreased, DCED reserves the right to modify this Plan in accordance with all applicable regulations and procedures. DCED
understands that any changes not in accordance with the initial formula may necessitate a public hearing.

What follows is a description of the two separate components of weatherization accomplished and anticipated via LIHEAP funding: Crisis Interface and the WAP.

**CRISIS INTERFACE COMPONENT**

I. Introduction

The DCED has, since 1993, operated the Crisis Interface Program with LIHEAP funds for heating-related emergencies that are referred to the Weatherization Agencies by the local County Assistance Offices (CAOs) or by a local community-based organization (Crisis Contractor). This program has been labeled "Crisis Interface" because it describes the relationship between DHS and DCED, which administers the WAP statewide. The DHS Crisis program is administered through the local CAOs or by a Crisis Contractor. Crisis Interface involves two distinct services: supply shortages and weather-related emergencies (which include repair/replacement of heating systems or fuel lines, broken windows and pipe-thawing). Most supply shortages are resolved with vendor payments by DHS while weather-related emergencies are referred to local Weatherization Agencies to find resolution. Eligibility for Crisis services is determined by the local CAO or Crisis Contractor.

II. Eligibility Determination

LIHEAP eligibility for the Crisis component of the program is determined by the local CAO or the local LIHEAP Crisis Contractor based on income levels determined by DHS. The eligible income level for Crisis services is determined annually by DHS, which may be lower than the WAP income eligibility levels.

Although no additional income eligibility determination is required to be performed by the Weatherization Agency, it is possible for the Weatherization Agency to discover income or household information discrepancies at the time of visit.

In such cases, when the Weatherization Agency personnel find that an applicant's situation may not meet Crisis eligibility criteria or conflicts materially with the referral provided by the CAO, the CAO will be notified immediately of the finding. All client appeals will go through the CAO or local LIHEAP Crisis Contractor.

A housing unit will not be eligible for Crisis if:

1) The housing unit was purchased or rented without a heating system.
2) The housing unit is unoccupied.
3) The housing unit is not a primary residence.
4) The housing unit has been condemned or deemed uninhabitable by local, state, or federal authorities.
5) It is a manufactured home moved to a location that does not allow its heating system’s current fuel type.

A housing unit may not be eligible for Crisis services but may be considered on a case by case basis if the following is true:

1) The heating appliance isn’t installed and operating based on the manufacturer’s specifications or current code requirements, whichever is more stringent, and isn’t following all applicable building and fire codes.
2) The heating appliance has not been operating within the last two heating seasons from the date of application. A furnace that has not been working for that long of a period of time cannot be considered to be a weather-related emergency. The applicant must provide proof of the home heating emergency.
3) Fuel type/source is changed by landlord.
4) Home is in foreclosure process.

III. Referral Procedures

Within 24 hours of determination of eligibility, the CAO or Crisis Contractor will send a referral to the local Weatherization Agency via fax or email. The Weatherization Agency then will evaluate the situation and may require an on-site visit to ascertain the needs of the household. Weatherization Agency staff will discuss the time-lines of the Crisis resolution with the household and offer the use of an electric auxiliary heater. The results of that discussion will be documented. Weatherization Agency staff will notify the CAO or Crisis Contractor after the course of action has been determined.

IV. Weatherization Program Responsibilities

It is the responsibility of the Weatherization Agency to address the crisis within 48 hours or, if the client is in a life-threatening situation, within 18 hours. This does not mean that the repair must be made within 48 (or 18) hours. Instead, the Weatherization Agency is responsible to document that Weatherization Agency staff have discussed with the household time-frames needed to complete the necessary repairs or replacement of the heating system. The staff must also resolve that the household has a safe place to go until the immediate crisis is over or was provided an auxiliary heater for use until the crisis has been resolved. These actions do not absolve the Weatherization Agency’s responsibility to resolve the actual crisis at the earliest possible date, although resolution to the crisis may, in some circumstances, be confined to providing a warm room within the home.

The measures for which Weatherization Agencies will be responsible under the LIHEAP Crisis program are as follows:

- Repair of heating system
- Loan of auxiliary heater
- Repair of gas or other fuel lines
• Replacement of un-repairable heating systems
• Repair of hot water heating system
• Heating system pipe thawing service
• Repair of broken windows
• Provide blankets

The purchase of a new heating system is only allowable if documentation is provided that the heating system cannot be repaired, or repairs will correct the problem only temporarily. The repair of a water heating system, including repair of water pumps and accessories, is only allowable if the system is essential for producing home heat. If excavation which would be considered to be the client’s responsibility is needed in the repair of gas or fuel lines, it is an allowable expense. The utility company should be contacted to confirm the responsibility of gas or fuel line repair. The repair of broken windows is only allowable if the heating system is also being repaired or replaced.

Weatherization Agencies will provide client education regarding all weatherization and conservation measures completed. Weatherization Agencies will also provide a client complaint procedure for Crisis Interface clients.

V. Client Responsibilities

The client or their designated proxy is responsible for being available to sign off on client education and all measures completed. Client agreement is also needed regarding the receipt and understanding of the information provided about the care and maintenance of their heating system including any auxiliary heat which may have been supplied on loan. The client or their designated proxy is responsible for signing off on the receipt of the client complaint procedures. If the client is the homeowner, the client must provide permission in writing for any and all work performed. The client or their proxy must be available to sign off on the final inspection and client satisfaction documents.

VI. Allowable Expenditures

A portion of the LIHEAP funds allocated for weatherization will be used to alleviate specific LIHEAP crises. All expenditures for allowable Crisis measures are to be paid from LIHEAP funds allocated to the WAP. There is no reimbursement required from the CAO.

For Crisis work, expenditures over $8,000 require at least two estimates and prior state approval.

VII. Rental Dwellings

Department of Health and Human Services' regulations require that owners and renters receive equitable treatment under the LIHEAP program. Therefore tenants, when referred, are considered eligible for Crisis services. However, on the basis of an implied warranty of habitability assumed by the landlord, prior to referral, appropriate action should be taken by the CAO to have furnace repair/replacement completed by the
landlord. In all cases, prior permission must be granted by the landlord to enter the premises to provide Crisis or Weatherization Services.

Department of Health and Human Services regulations allow LIHEAP benefits to only those households eligible under LIHEAP income guidelines; therefore, a heating system that supplies heat to those other than LIHEAP eligible clients (e.g., in a multi-unit dwelling) is not eligible for service under the LIHEAP Crisis component.

VIII. Subcontracting for Crisis Services

In order to maintain the greatest consistency with WAP guidelines, contractors under current subcontract agreement with the Weatherization Agency should be utilized to provide Crisis services.

However, due to the demand and emergency requirements of the Crisis program, it may be necessary to secure services from contractors not normally utilized and/or not currently under a subcontract with the Weatherization Agency. In this case, Weatherization Agencies are authorized to procure services from contractors on a temporary basis without entering into a formal subcontract agreement, provided that their qualifications have been reviewed and approved, and a cost/price analysis is performed to determine the reasonableness of compensation requested by the contractor. These temporary subcontractors must meet the Environmental Protection Agency (EPA) lead safe work practice and OSHA requirements, carry proper licensing and/or certifications, carry appropriate and sufficient insurance, and be able to provide all the required documentation for the work they perform. All DCED procurement procedures must be followed when selecting subcontractors and deciding to subcontract on a long-term basis with subcontractors who have been utilized on a temporary basis.

A client may request that a contractor of his/her choice provide Crisis services (e.g., those who have a service contract or a current fuel vendor). If, after review, the Weatherization Agency determines through its experience that a bid received in this manner is questionable, an additional bid must be secured and documented prior to approval.

All Crisis heating system installations performed by a contractor that is not normally affiliated with the WAP must be inspected prior to payment.

IX. Crisis Monitoring Schedule

DCED will conduct a combination of desk and onsite monitoring of 3% of completed Crisis units. Since Crisis work primarily involves repair and replacement of broken heating units, the monitoring review will include a review of work done, the funds expended and sign-off of client, according to a specific monitoring checklist developed specifically for the monitoring of Crisis heating emergency jobs. Included in the monitoring review strategies, DCED regularly reviews Crisis jobs in making fuel switch determinations and when assisting Weatherization Agencies in cases which present unique issues. These reviews will be included in the 3% of Crisis units monitored. Depending on the results of the Crisis review, any findings or concerns will be incorporated into the Weatherization
Risk Assessment process, issued with monitoring reports or discussed with an agency via email or phone conference.

WEATHERIZATION ASSISTANCE PROGRAM COMPONENT

I. Introduction

The Energy Conservation in Existing Buildings Act of 1976, Title IV of the Energy Conservation and Production Act (referred to as "the Act"), authorized the Federal Energy Administration, now part of DOE, to establish a Weatherization Assistance Program to increase the energy efficiency of dwellings owned or occupied by low-income persons, reduce their total residential energy expenditures, and improve their health and safety, especially low-income persons who are particularly vulnerable such as the elderly, the handicapped, and children.

The program is intended to reduce national energy consumption and to reduce the impact of higher fuel costs on low-income families. Funds are provided to install a number of energy conservation measures such as building shell air-sealing, hot water conservation measures, attic and foundation insulation and oil and gas furnace modifications.

Funds to perform weatherization activities are allocated by DOE, typically on a formula basis, determined by the relative need for weatherization assistance among the states. The formula takes into account the number of low-income households, the percentage of total residential energy used for space heating and cooling and the number of heating and cooling degree days in each state.

In the Commonwealth of Pennsylvania, the Secretary of DCED, as the designee of the governor, applies for, receives, and administers these funds. The funds are distributed by DCED to local governments and nonprofit organizations such as community action agencies.

It is the mission of the WAP of the Commonwealth of Pennsylvania to reduce energy consumption and cost in low-income households throughout Pennsylvania. PA WAP accomplishes this mission in thousands of homes throughout the commonwealth every year.

PA WAP also accomplishes its mission by training and certifying weatherization workers at local sub-grantees to take a scientific approach to reducing energy usage in the home. These workers achieve this in two ways: First, workers perform a standardized whole house energy audit to determine which energy efficiency measures should be performed. All energy conservation measures must meet the acceptable savings to invest ratio (SIR) of 1 or greater for the whole house based on the audit results. Agencies must try to achieve the highest possible SIR for the unit. The energy audit guides workers toward specific tasks like caulking around cracks, insulating the attic, or installing energy-efficient light bulbs. Second, workers provide client education to the home’s residents. They show residents how to use the newly installed features, and more importantly, they teach them simple life-changing skills to save energy and money.
PA WAP weatherization workers install energy efficiency measures and provide client education to help Pennsylvania avoid the adverse effects of high energy costs on low-income citizens. Such adverse effects include a diminished ability to maintain utility services, including oil and coal deliveries, and a decreased capability to keep residences at temperatures necessary for health and comfort. As PA WAP continues to realize its mission, it is helping Pennsylvanians stay warm through the winter, save money on their energy bills, and take responsibility for living an energy-efficient lifestyle.

Each Federal fiscal year, a State Plan is required for continued participation in the WAP program. As such, the State Plan establishes the number of homes to be weatherized within the limits of available resources, the specific energy conservation measures to be undertaken, eligibility requirements, projected energy savings, program implementation strategies and other program requirements. The DOE-approved energy conservation measures, eligibility requirements, general program implementation strategies and technical requirements will apply to the weatherization work performed with LIHEAP funds. The organization and content of the proposed plan are derived directly from DOE regulations as contained in the Federal Register, 10 CFR Part 440 Final Rule, published February 1, 2002, and subsequent DOE instructions.

Guidelines provided in the Weatherization Work Plan outline allowable costs for standard weatherization activities and health and safety abatement and provide a sub-grantee budget format to appropriately allocate costs for these measures.

II. Production and Expenditure Schedule

DCED proposes to provide weatherization services to eligible households according to the prioritization procedures established in the DOE PA On-File Information (Master File) but when utilizing LIHEAP funds, may first give consideration to current LIHEAP or LIHEAP Crisis clients. Efforts to provide services to LIHEAP Clients may eventually alleviate their need to access LIHEAP funds and services.

III. Program Coordination

Societal benefits of Weatherization include reduction of energy costs for LIHEAP clients and manageable bill payment. The health and safety of clients can be enhanced by utilizing community and other governmental resources and treating the home with a more holistic approach. For example, agencies are encouraged to coordinate with utility, lead abatement, and Healthy Homes programs when weatherizing a home. Upon request, consideration for increased agency allocations will be reviewed for this collaborative, holistic approach among agencies in a specified geographic area.
IV. PA LIHEAP Pilot for WAP Deferred Homes

DCED, at the recommendation of the DCED Policy Advisory Council (PAC), is piloting a program to address the high rate of deferrals in the WAP due to substandard housing from January 2018 to September 2018. The pilot utilizes from $1 million up to $2 million of LIHEAP funds to allow eleven agencies, located in different regions of the state, to perform measures which are not permitted in the DOE regulations for weatherization work. This pilot will address deferral issues for approximately 179 units at an average cost of $5,000 per unit. Allowable repairs in the pilot will be more extensive such as plumbing and electrical work, mold and mildew remediation via specialists and roof repair which goes beyond what is usually allowable in the WAP.

The goal of the program will be to perform the additional repairs in the home so that it will be in appropriate condition to perform a weatherization audit and install energy conservation measures within one year of the pilot. The end result achieved in the pilot program homes will be increased energy savings, fuel use and cost reduction and providing a safe, healthy home environment.

Homes targeted for the pilot program will be homes that would have been deferred due to structural and health-related issues. An evaluative study will be conducted for units selected for the pilot in order to examine energy savings for the client and to determine another pilot program in the upcoming year, if the overall LIHEAP level of funding is the same or increased.

V. Average Cost Per Dwelling Unit

Weatherization costs are established at an average statewide expenditure that will not exceed $7,261 per unit; which includes cost for Direct Services which includes materials, and labor in Program Operations and, Program Support.

VI. Rental Dwellings

Department of Health and Human Services’ regulations require that owners and renters receive equitable treatment under the LIHEAP program. Therefore, tenants are considered eligible for Weatherization Services. However, on the basis of an implied warranty of habitability assumed by the landlord, prior to referral, appropriate action should be taken by the CAO to have furnace repair/replacement completed by the landlord. In all cases, prior permission must be granted by the landlord to enter the premises to provide Weatherization Services.
VII. Types of Weatherization Work to be Performed

All weatherization work performed in PA WAP by direct hires of the PA WAP network, as well as any subcontractor work, adheres to the Standard Work Specifications (SWS) for Home Energy Upgrades for Single Family, Multifamily, and/or Manufactured Homes, and as such, will be noted in the contractual requirements between the PA WAP agencies and their subcontractors. PA requires a Standardized Whole-House Audit on every single-family unit. In addition, the PA SWS Field Manual includes the SWS for the most common measures performed in PA and is coupled with Pennsylvania’s state-specific guidance regarding policy and technical program requirements. All PA WAP weatherization workers are required to use PA’s SWS Field Manual on the jobsite to reference the desired outcome of specific tasks as well as to ensure the installed measures are 100 percent compliant with the SWS. The SWS online tool is referenced in the PA SWS Field Manual and should be utilized for guidance on the SWS’s that may not be addressed in the Field Manual.

The WAP is designed to reduce energy consumption of dwellings through the installation of energy conservation measures approved by DCED, based on their savings-to-investment ratio or cost-effectiveness. Additional measures are approved and selected as incidental repairs necessary for the safe and effective installation of the energy conservation measures, to correct an existing health or safety problem or to assure health and safety in conjunction with the installation of the energy conservation measures.

Pennsylvania WAP has developed a Health and Safety Plan which is updated as needed and provides provisions for all health and safety measures and issues addressed by DOE’s WPN 17-7. Pennsylvania will only install health and safety measures when the installation of weatherization measures necessitates a health and safety measure.

Sub-grantees may use funds to abate energy-related health and safety hazards only if elimination of such hazards are necessary before, or as a result of, installation of weatherization materials. When spending LIHEAP funds, agencies have a set limit of 20% of the average cost per unit when addressing health and safety issues in the home.

The specific methodologies to accomplish the program measures are based, to an extent, on the condition and design of the dwelling. These methodologies are further directed on individual dwelling units through blower door guided analysis and air-sealing and inspection of the heating system.

Household treatment measures are to be selected for installation based on the Standardized Whole House Energy Audit results and their savings-to-investment ratio, taking into account:

- The structural, occupant or other considerations particular to the dwelling;
- The need and associated costs for installation of health and safety measures and/or incidental repairs;
- The contractual statewide average per-unit cost limits of the program.
The most cost effective and appropriate measures will be completed at every dwelling unit. Every dwelling unit will meet the National SWS.

**VIII. Minimum Program Requirements**

Minimum program requirements are outlined under 10 CFR 440.16 and include Eligibility and Reweatherization requirements. Eligibility is also based on the DCED Eligibility, Prioritization and Weatherization Service List Directive.

**Eligibility Criteria for Weatherization Services**

A dwelling unit shall be eligible for Weatherization assistance if a family unit occupies the unit as their primary residence:

- Has an income that is at or below 200 percent of the poverty level in accordance with criteria established by the Office of Management and Budget;

- Contains a member who has received cash assistance payments under Title IV (AFDC) or Title XVI (SSI) of the Social Security Act or applicable state or local law at any time during the twelve (12)-month period preceding the determination of eligibility; or

In accordance with DOE program regulations, 200 percent of the Federal Poverty Income Guidelines is the determinant for income eligibility for all services provided under the WAP.

Weatherization Agencies may weatherize a building containing rental dwelling units wherein occupants meet the income eligibility requirements and where:

- Written permission of the owner or authorized agent is obtained; and

- Not less than 66 percent (50 percent for duplexes and four-unit buildings) of the dwelling units in a multi-family building are eligible dwelling units, or will become eligible dwelling units within 180 days under a Federal, State or local government program for rehabilitating the building; and

- An agreement is signed by both the owner/agent and tenant and witnessed by the Weatherization Agency to insure that for a reasonable period of time (not less than 18 months), the tenant(s) will not be subject to rent increases or eviction unless it can be demonstrated that it is related to matters other than the weatherization work performed; and

- No undue or excessive enhancement shall occur to the value of the dwelling units.
DCED will continue to weatherize rental dwelling units in accordance with DOE regulations as identified in this Plan and the DCED WAP Directives, Guidelines, and DOE PA WAP State Plan including the On-File Information (Master File).

Re-weatherization of a dwelling unit is not allowable except:

- If the unit has been damaged by fire, flood, or act of God and repair of the damage to weatherization materials is not paid for by insurance; or

- That dwelling units partially weatherized during the period September 30, 1975 through September 30, 1994, may receive further weatherization assistance. These units may be counted as completions for compliance with the per-home expenditure limit. Each dwelling unit must receive a new energy audit, which takes into account any previous energy conservation improvements.

**IX. Resolution of Client Complaints and WAP Appeals Process**

Client complaints and WAP appeals are to be dealt with in a timely manner, and any action taken toward resolution is to be adequately documented.

**Procedure**

The sub-grantee is required to develop and provide to the client a form that identifies three points of contact for the resolution of a Weatherization complaint and WAP appeal.

The document provided should indicate that these are progressive steps of notification and appeal and that they must first attempt to resolve the issue at the local level prior to involvement by the State.

Further, the information to be provided should be left with the client at the time of application. In this way, a problem that may arise at any point during the weatherization process, including income verification, may be dealt with through the complaint/WAP appeal procedure.

- The first point of contact is the weatherization program coordinator. He or she should document the contact and take necessary action to correct the problem if it is legitimate, or to inform the client of the Weatherization Agency's position on the issue.

- The second is the coordinator's supervisor or the executive director who will be responsible to assure that the appropriate follow-up action was taken, or if further action is required.

- The third is the field monitor assigned to the Weatherization Agency. Prior to any action by DCED, the field monitors will confirm that contact was made with the local Weatherization Agency in the manner described.
• If a complaint is resolved by the local Weatherization Agency, the nature of the complaint and the action taken to resolve the problem must be documented and maintained in the client file as well as an agency complaint log for easier access.

• If the complaint or WAP appeal reaches DCED, the monitoring supervisor and/or field monitor will make direct contact with both the client and the Weatherization Agency to assess the nature of the problem, establish responsibility and recommend corrective action if necessary in writing to the Weatherization Agency. Upon completion of the corrective action, the Weatherization Agency must provide written documentation to DCED.

• If the complaint involves work quality, the field monitor will inspect the unit prior to recommending corrective action.

• When the complaint involves an interpretation of program policy (e.g., income verification, liability, etc.) DCED will make a final determination and provide its decision to the local Weatherization Agency. In some cases, this could require involvement, consultation or a referral to DOE or the DCED’s Legal Office.

X. Weatherization Monitoring Schedule

For the monitoring of LIHEAP Standard Weatherization, at least 2% of the completed units will be site inspected utilizing the Quality Control Inspection (QCI) process as required in DOE WPN 15-4, Quality Work Plan, as outlined in the QCI Monitoring Checklist found in the QCI Directive. All the WAP monitors and monitoring supervisor are Quality Control Inspector certified.

WAP Performance/Risk Assessments will be conducted annually for each agency. As risk is determined, each agency will be addressed based on the results. Follow-up requests for information, phone conferences or in-person meetings may be scheduled to review areas of risk.

Alternate Use of Crisis Assistance Funds, 2605(c)(1)(C)

1.3 The funds reserved for winter crisis assistance that have not been expended by March 15 will be reprogrammed to:

- [ ] Heating assistance
- [ ] Cooling assistance
- [ ] Weatherization assistance
- [ ] Other (specify): Crisis season will last until 4/12/19 or longer if sufficient funds remain available.

Categorical Eligibility, 2605(b)(2)(A) - Assurance 2, 2605(c)(1)(A), 2605(b)(8A) - Assurance 8

1.4 Do you consider households categorically eligible if one household member receives one of the following categories of benefits in the left column below?  

<table>
<thead>
<tr>
<th>Program Name</th>
<th>Heating</th>
<th>Cooling</th>
<th>Crisis</th>
<th>Weatherization</th>
</tr>
</thead>
<tbody>
<tr>
<td>TANF</td>
<td>[ ] Yes</td>
<td>[ ] No</td>

<td>[ ] Yes</td>
<td>[ ] No</td>
</tr>
</tbody>
</table>

1.6 How do you ensure there is no difference in the treatment of categorically eligible households from those not receiving other public assistance when determining eligibility and benefit amounts?

SNAP Nominal Payments

1.7a Do you allocate LIHEAP funds toward a nominal payment for SNAP households?  

<table>
<thead>
<tr>
<th>Program Name</th>
<th>Heating</th>
<th>Cooling</th>
<th>Crisis</th>
<th>Weatherization</th>
</tr>
</thead>
<tbody>
<tr>
<td>TANF</td>
<td>[ ] Yes</td>

<td>[ ] Yes</td>
<td>[ ] No</td>
</tr>
<tr>
<td>Other(Specify)</td>
<td>[ ] Yes</td>
<td>[ ] No</td>
<td>[ ] Yes</td>
<td>[ ] No</td>
</tr>
</tbody>
</table>

If you answered "Yes" to question 1.7a, you must provide a response to questions 1.7b, 1.7c, and 1.7d.

1.7b Amount of Nominal Assistance: $21.00

1.7c Frequency of Assistance

- [ ] Once Per Year
- [ ] Once every five years
- [ ] Other - Describe:

1.7d How do you confirm that the household receiving a nominal payment has an energy cost or need?

Heat and eat payment amounts will vary between $21 and $24 with clients living in colder heating regions and with larger household size receiving higher benefits.

To ensure the SNAP household that is receiving a Heat & Eat benefit has an energy need, logic has been built into the SNAP and LIHEAP processing system. The following SNAP households will not receive a Heat & Eat benefit:

- Any household that is currently receiving the Heating Standard Utility Allowance (HSUA).
- Any household that has received LIHEAP in the current season.
- Any household that has zero net income.
- PA CAP households;
- Households receiving nursing home care;
- Households who are homeless;
- Households receiving extended SNAP benefits;
- Households living in a facility and not having a heating responsibility

This logic helps ensure that the households receiving this benefit all have an energy need and haven't already received a LIHEAP benefit.

Determination of Eligibility - Countable Income

1.8 In determining a household's income eligibility for LIHEAP, do you use gross income or net income ?

- [ ] Gross Income
- [ ] Net Income
1.9. Select all the applicable forms of countable income used to determine a household’s income eligibility for LIHEAP

- [ ] Wages
- [ ] Self - Employment Income
- [ ] Contract Income
- [ ] Payments from mortgage or Sales Contracts
- [ ] Unemployment insurance
- [ ] Strike Pay
- [ ] Social Security Administration (SSA ) benefits

- [ ] Including MediCare deduction
- [ ] Excluding MediCare deduction
- [ ] Supplemental Security Income (SSI )
- [ ] Retirement / pension benefits
- [ ] General Assistance benefits
- [ ] Temporary Assistance for Needy Families (TANF) benefits
- [ ] Supplemental Nutrition Assistance Program (SNAP) benefits
- [ ] Women, Infants, and Children Supplemental Nutrition Program (WIC) benefits
- [ ] Loans that need to be repaid
- [ ] Cash gifts
- [ ] Savings account balance
- [ ] One-time lump-sum payments, such as rebates/credits, winnings from lotteries, refund deposits, etc.
- [ ] Jury duty compensation
- [ ] Rental income
- [ ] Income from employment through Workforce Investment Act (WIA)
- [ ] Income from work study programs
- [ ] Alimony
- [ ] Child support
- [ ] Interest, dividends, or royalties
- [ ] Commissions
- [ ] Legal settlements
- [ ] Insurance payments made directly to the insured
<table>
<thead>
<tr>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Insurance payments made specifically for the repayment of a bill, debt,</td>
</tr>
<tr>
<td>or estimate</td>
</tr>
<tr>
<td>- Veterans Administration (VA) benefits</td>
</tr>
<tr>
<td>- Earned income of a child under the age of 18</td>
</tr>
<tr>
<td>- Balance of retirement, pension, or annuity accounts where funds cannot</td>
</tr>
<tr>
<td>be withdrawn without a penalty.</td>
</tr>

</tr>
<tr>
<td>- Other</td>
</tr>
</tbody>
</table>

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 2 - Heating Assistance

2.1 Designate the income eligibility threshold used for the heating component:

<table>
<thead>
<tr>
<th>Add</th>
<th>Household size</th>
<th>Eligibility Guideline</th>
<th>Eligibility Threshold</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>All Household Sizes</td>
<td>HHS Poverty Guidelines</td>
<td>150.00%</td>
</tr>
</tbody>
</table>

2.2 Do you have additional eligibility requirements for heating assistance? (Check the appropriate boxes below and describe the policies for each.)

- [ ] Yes
- [ ] No

Do you require an Assets test? (Check the appropriate boxes below and describe the policies for each.)

- [ ] Yes
- [ ] No

Do you have additional/differing eligibility policies for:

- Renters?
  - [ ] Yes
  - [ ] No

- Renters Living in subsidized housing?
  - [ ] Yes
  - [ ] No

- Renters with utilities included in the rent?
  - [ ] Yes
  - [ ] No

Do you give priority in eligibility to:

- Elderly?
  - [ ] Yes
  - [ ] No

- Disabled?
  - [ ] Yes
  - [ ] No

- Young children?
  - [ ] Yes
  - [ ] No

- Households with high energy burdens?
  - [ ] Yes
  - [ ] No

- Other?
  - [ ] Yes
  - [ ] No

Explanations of policies for each "yes" checked above:

Renters, including subsidized-housing tenants, are ineligible if their rental charge includes an undesignated amount for heat and is based on a fixed percentage of their income or on their source of income. 

**NOTE:** If a household in subsidized housing, which pays for rent and utilities as a fixed portion of its income, becomes responsible for payment to a vendor, either in full or in part, for its primary heating costs, that household then becomes eligible for a cash benefit, if otherwise eligible. If a household in subsidized housing, which pays for rent and utilities as a fixed portion of its income, becomes responsible for payment to a vendor, either in full or in part, for its primary or secondary heating costs, that household then becomes eligible for a crisis benefit, if otherwise eligible.

Renters whose rent is unsubsidized and pay for heat indirectly as an undesignated part of rent are eligible for LIHEAP benefits.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

When surplus funds are available after the application period has ended, DHS will often issue supplemental payments to recipient households that contain a vulnerable member.

2.5 Check the variables you use to determine your benefit levels. (Check all that apply):

- [ ] Income
- [ ] Family (household) size
- [ ] Home energy cost or need:
  - [ ] Fuel type
Eligible roomers and renters who pay for heat indirectly for their residence as an undesignated part of the rent will receive 50 percent of the LIHEAP cash benefit for which they would otherwise qualify.

Our benefit charts are available to the public on the DHS website. They are updated at the start of the new season.

<table>
<thead>
<tr>
<th>Benefit Levels, 2605(b)(5) - Assurance 5, 2605(c)(1)(B)</th>
</tr>
</thead>
<tbody>

</tbody>
</table>

3.2 Do you have additional eligibility requirements for COOLING ASSISTANCE?  
☐ Yes ☐ No

3.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test?  
☐ Yes ☐ No

Do you have additional/differing eligibility policies for:

Renters?  
☐ Yes ☐ No

Renters Living in subsidized housing?  
☐ Yes ☐ No

Renters with utilities included in the rent?  
☐ Yes ☐ No

Do you give priority in eligibility to:

Elderly?  
☐ Yes ☐ No

Disabled?  
☐ Yes ☐ No

Young children?  
☐ Yes ☐ No

Households with high energy burdens?  
☐ Yes ☐ No

Other?  
☐ Yes ☐ No

Explanations of policies for each "yes" checked above:

3.4 Describe how you prioritize the provision of cooling assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

3.5 Check the variables you use to determine your benefit levels. (Check all that apply):

☐ Income

☐ Family (household) size

☐ Home energy cost or need:

☐ Fuel type

☐ Climate/region

☐ Individual bill

☐ Dwelling type

☐ Energy burden (% of income spent on home energy)

☐ Energy need

☐ Other - Describe:
3.6 Describe estimated benefit levels for FY 2018:

<table>
<thead>
<tr>
<th>Minimum Benefit</th>
<th>Maximum Benefit</th>
</tr>
</thead>
<tbody>
<tr>
<td>$0</td>
<td>$0</td>

</tbody>
</table>

3.7 Do you provide in-kind (e.g., fans, air conditioners) and/or other forms of benefits?  
[ ] Yes  [ ] No

If yes, describe.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 4 - CRISIS ASSISTANCE

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 4: CRISIS ASSISTANCE

Eligibility - 2604(c), 2605(c)(1)(A)

4.1 Designate the income eligibility threshold used for the crisis component

<table>
<thead>
<tr>
<th>Add</th>
<th>Household size</th>
<th>Eligibility Guideline</th>
<th>Eligibility Threshold</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>All Household Sizes</td>
<td>HHS Poverty Guidelines</td>
<td>150.00%</td>
</tr>
</tbody>
</table>

4.2 Provide your LIHEAP program's definition for determining a crisis.

(1) The household shall meet the general eligibility requirements under §601.31 (relating to general eligibility requirements), income limit, responsibility for heating costs, Pennsylvania residency and lawfully admitted non-citizen status.

(2) The household shall be without heat or in imminent danger of being without heat because of a weather-related or energy-supply-shortage emergency.

(3) The household shall be eligible for a crisis benefit that, alone or combined with other resources available to the applicant household, will resolve the home-heating emergency. If a household is authorized for the LIHEAP Cash component before the date of their request for Crisis benefits, any existing credit including the LIHEAP Cash component that has been authorized and not yet received is considered to be available and must be used first for the resolution of the crisis.

(4) The applicant must provide proof of the home-heating emergency

Crisis benefits for energy-supply-shortage emergencies include payment for the following:

1. Home-heating fuel for a household that is out of fuel or if the heating fuel supply will last less than 15 calendar days. The payment may be for either the main or secondary fuel type and may include the cost of an added charge for off-hours delivery service. The payment amount will not exceed the cost of the delivery; including any necessary reconnect fees and/or minor furnace start-up costs. Any credit balance with the household's vendor, including LIHEAP funds that have been authorized and not yet received, will be deemed available to resolve the crisis and will be deducted from the household's benefit amount.

2. Utility bills to restore or continue home-heating service if the household is without heat or in imminent danger of being without heat because of actual or scheduled termination of the main or secondary source of heat by a utility company. The payment may include the charge, if required, for a service reconnection.

NOTE: Crisis benefits may be approved in this instance based on issuance of a termination notice. The following applies:

(A) For utilities regulated by a governing body such as the Public Utility Commission (PUC), winter termination procedures prevent the termination of service without the governing body's approval from December 1 through March 31. Regulated utilities may still issue termination notices from December 1 through March 31. They cannot, however, act on these notices to terminate service without having been granted permission to terminate service by the governing body. In these situations, contact must be made with the utility to determine if the governing body has granted the utility permission to terminate service for the applicant household before crisis benefits may be authorized to relieve the emergency. The household is ineligible for crisis benefits if the utility has not been granted approval to terminate service.

(B) For utilities not regulated by a governing body, a termination notice means that the utility has established a date when service will actually terminate, in accordance with the utility's current termination procedures. Documentation of the termination notice must be provided before crisis benefits may be authorized to relieve the emergency.

4.3 What constitutes a life-threatening crisis?

This must be a documented medical emergency. The local County Assistance Office (CAO) would either need to already have on file or the household would need to provide documentation from a doctor that someone in specific in the household would be in a life-threatening emergency if the household was without heat due to a specific medical condition. The CAO could also verify this information via collateral contact with the doctor as well.
### Crisis Requirement, 2604(c)

<table>
<thead>
<tr>
<th>4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households?</th>
<th>48 Hours</th>
</tr>
</thead>

### Crisis Eligibility, 2605(c)(1)(A)

| 4.6 Do you have additional eligibility requirements for CRISIS ASSISTANCE? | Yes ☐ No ☑ |
| 4.7 Check the appropriate boxes below and describe the policies for each |

- **Do you require an Assets test?**
  - Yes ☐ No ☑

- **Do you give priority in eligibility to:**
  - Elderly? Yes ☐ No ☑
  - Disabled? Yes ☐ No ☑
  - Young Children? Yes ☐ No ☑
  - Households with high energy burdens? Yes ☐ No ☑
  - Other? Yes ☐ No ☑

- **In Order to receive crisis assistance:**
  - Must the household have received a shut-off notice or have a near empty tank? Yes ☐ No ☑
  - Must the household have been shut off or have an empty tank? Yes ☐ No ☑
  - Must the household have exhausted their regular heating benefit? Yes ☐ No ☑
  - Must renters with heating costs included in their rent have received an eviction notice? Yes ☐ No ☑
  - Must heating/cooling be medically necessary? Yes ☐ No ☑
  - Must the household have non-working heating or cooling equipment? Yes ☐ No ☑
  - Other? Yes ☐ No ☑

- **Do you have additional / differing eligibility policies for:**
  - Renters? Yes ☐ No ☑
  - Renters living in subsidized housing? Yes ☐ No ☑
  - Renters with utilities included in the rent? Yes ☐ No ☑

### Explanations of policies for each "yes" checked above:

Crisis benefits for energy-supply-shortage emergencies include payment for the following two items:

1. **Home-heating fuel for a household that is out of fuel or if the heating fuel supply will last less than 15 calendar days.** The payment may be for either the main or secondary fuel type and may include the cost of an added charge for off-hours delivery service. The payment amount will not exceed the cost of the delivery; including any necessary reconnect fees and/or minor furnace start-up costs. Any credit balance with the household's vendor, including LIHEAP funds that have been authorized and not yet received, will be deemed available to resolve the crisis and will be deducted from the household's benefit amount.

2. **Utility bills to restore or continue home-heating service if the household is without heat or in imminent danger of being without heat because of actual or scheduled termination of the main or secondary source of heat by a utility company.** The payment may include the charge, if required, for a service reconnection.

**NOTE:** Crisis benefits may be approved in this instance based on issuance of a termination notice. The following applies:

- **(A) For utilities regulated by a governing body such as the Public Utility Commission (PUC),** winter termination procedures prevent the termination of service without the governing body's approval from December 1 through March 31. Regulated utilities may still issue termination notices from December 1 through March 31. They cannot, however, act on these notices to terminate service without having been granted permission to terminate service by the governing body. In these situations, contact must be made with the utility to determine if the governing body has granted the utility permission to terminate service for the applicant household before crisis benefits may be authorized to relieve the emergency. The household is ineligible for crisis benefits if the utility has not been granted approval to terminate service.

- **(B) For utilities not regulated by a governing body,** a termination notice means that the utility has established a date when service will actually terminate, in accordance with the utility's current termination procedures. Documentation of the termination notice must be provided before crisis benefits may be authorized to relieve the emergency.

Renters who pay for heat indirectly as an undesignated part of rent may be eligible for LIHEAP Crisis benefits for a secondary heat source if they are responsible for payment to a vendor, either in full or in part, for its secondary heating costs.
4.8 How do you handle crisis situations?
- Separate component
- Fast Track
- Other - Describe:

4.9 If you have a separate component, how do you determine crisis assistance benefits?
- Amount to resolve the crisis.
- Other - Describe:
  - Amount to resolve crisis up to a maximum of $600.

Crisis Requirements, 2604(c)

4.10 Do you accept applications for energy crisis assistance at sites that are geographically accessible to all households in the area to be served?
- Yes
- No
- Explain.

There is an assistance office in every county in Pennsylvania. Some of the counties with a larger population have more than one office. Applicants can always apply online at the COMPASS website, or if they have already received LIHEAP cash they can apply by phone as well.

4.11 Do you provide individuals who are physically disabled the means to:
- Submit applications for crisis benefits without leaving their homes?
  - Yes
  - No
  - If No, explain.
  - Travel to the sites at which applications for crisis assistance are accepted?
  - Yes
  - No
  - If No, explain.

If you answered "No" to both options in question 4.11, please explain alternative means of intake to those who are homebound or physically disabled?

Individuals can apply on the COMPASS website online. If they are already approved for a LIHEAP Cash grant, they can also call their assistance office to apply for crisis benefits.

Benefit Levels, 2605(c)(1)(B)

4.12 Indicate the maximum benefit for each type of crisis assistance offered.
- Winter Crisis $600.00 maximum benefit
- Summer Crisis $0.00 maximum benefit
- Year-round Crisis $0.00 maximum benefit

4.13 Do you provide in-kind (e.g. blankets, space heaters, fans) and/or other forms of benefits?
- Yes
- No
- If yes, Describe

Crisis weatherization can provide these types of benefits, and if they run out of funding Crisis will provide in-kind benefits.

4.14 Do you provide for equipment repair or replacement using crisis funds?
- Yes
- No

If you answered “Yes” to question 4.14, you must complete question 4.15.

4.15 Check appropriate boxes below to indicate type(s) of assistance provided.

<table>
<thead>
<tr>

4.16 Do any of the utility vendors you work with enforce a moratorium on shut offs?

- [ ] Yes  
- [ ] No

If you responded "Yes" to question 4.16, you must respond to question 4.17.

4.17 Describe the terms of the moratorium and any special dispensation received by LIHEAP clients during or after the moratorium period.

For utilities regulated by a governing body such as the Public Utility Commission (PUC), winter termination procedures prevent the termination of service without the governing body's approval from December 1 through March 31. Regulated utilities may still issue termination notices from December 1 through March 31. They cannot, however, act on these notices to terminate service without having been granted permission to terminate service by the governing body. In these situations, contact must be made with the utility to determine if the governing body has granted the utility permission to terminate service for the applicant household before crisis benefits may be authorized to relieve the emergency. The household is ineligible for crisis benefits if the utility has not been granted approval to terminate service.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 5 - WEATHERIZATION ASSISTANCE

Eligibility, 2605(c)(1)(A), 2605(b)(2) - Assurance 2

5.1 Designate the income eligibility threshold used for the Weatherization component

<table>
<thead>
<tr>
<th>Add</th>
<th>Household Size</th>
<th>Eligibility Guideline</th>
<th>Eligibility Threshold</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>All Household Sizes</td>
<td>HHS Poverty Guidelines</td>
<td>200.00%</td>
</tr>
</tbody>
</table>

5.2 Do you enter into an interagency agreement to have another government agency administer a WEATHERIZATION component? (✓ Yes ☐ No)

5.3 If yes, name the agency. PA Department of Community and Economic Development

5.4 Is there a separate monitoring protocol for weatherization? (✓ Yes ☐ No)

WEATHERIZATION - Types of Rules

5.5 Under what rules do you administer LIHEAP weatherization? (Check only one.)

☐ Entirely under LIHEAP (not DOE) rules

☐ Entirely under DOE WAP (not LIHEAP) rules

☐ Mostly under LIHEAP rules with the following DOE WAP rule(s) where LIHEAP and WAP rules differ (Check all that apply):

☐ Income Threshold

☐ Weatherization of entire multi-family housing structure is permitted if at least 66% of units (50% in 2- & 4-unit buildings) are eligible units or will become eligible within 180 days

☐ Weatherize shelters temporarily housing primarily low income persons (excluding nursing homes, prisons, and similar institutional care facilities).

☐ Other - Describe:

✓ Mostly under DOE WAP rules, with the following LIHEAP rule(s) where LIHEAP and WAP rules differ (Check all that apply.)

☐ Income Threshold

☐ Weatherization not subject to DOE WAP maximum statewide average cost per dwelling unit.

☐ Weatherization measures are not subject to DOE Savings to Investment Ration (SIR ) standards.

☐ Other - Describe:

Twenty percent of the average cost per unit can be used for Health and Safety costs.

Crisis furnace repair and replacement services are considered part of Weatherization (named Crisis Interface) and are funded through the allocation to the Department of Community and Economic Development. The income limit is the same as for Crisis Assistance: 150% FPIG. For full rules for these services, see pages 2 through 5 of our State Plan Appendix C, attached to this section.

Eligibility, 2605(b)(5) - Assurance 5

5.6 Do you require an assets test? (✓ Yes ☐ No)

5.7 Do you have additional/differing eligibility policies for:

Renters (✓ Yes ☐ No)

Renters living in subsidized housing? (✓ Yes ☐ No)
5.8 Do you give priority in eligibility to:

<table>
<thead>
<tr>
<th>Category</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>Elderly?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Disabled?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Young Children?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Households with high energy burdens?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Other? Households with high energy use</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

If you selected "Yes" for any of the options in questions 5.6, 5.7, or 5.8, you must provide further explanation of these policies in the text field below.

After the clients have been added to the Weatherization Service List to receive services, the clients are prioritized based on a point system which gives different point values based on the client information. The categories of elderly, children, disabled, high energy use and high energy burden all receive additional points and the list is developed with the clients with the highest priority points receiving services first.

Benefit Levels

5.9 Do you have a maximum LIHEAP weatherization benefit/expenditure per household? ⭕ Yes ⭝ No

5.10 If yes, what is the maximum? $0

Types of Assistance, 2605(c)(1), (B) & (D)

5.11 What LIHEAP weatherization measures do you provide? (Check all categories that apply.)

- Weatherization needs assessments/audits
- Energy related roof repair
- Caulking and insulation
- Major appliance Repairs
- Storm windows
- Major appliance replacement
- Furnace/heating system modifications/ repairs
- Windows/sliding glass doors
- Furnace replacement
- Doors
- Cooling system modifications/ repairs
- Water Heater
- Water conservation measures
- Cooling system replacement
- Compact florescent light bulbs
- Other - Describe:
  Health and Safety measures such as installing CO and smoke detectors, code compliance, minor plumbing, electrical, roof or flooring repairs, minor drainage, gutters and downspouts, removal of unvented space heaters, etc. A Deferral Pilot Program, addressing the issues of which have been deferred for weatherization, will enable additional weatherization measures to be performed. Allowable activities include: mold remediation, moisture control, knob and tube wiring issues, grading, roof repair, gutters and downspouts, drainage system, sump pump installation, pest control, air exchange issues, and radon testing and mitigation. These measures will be more extensive than what is normally allowed in the Weatherization Assistance program (WAP).

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
**Section 6 - Outreach, 2605(b)(3) - Assurance 3, 2605(c)(3)(A)**

<table>
<thead>
<tr>
<th>6.1 Select all outreach activities that you conduct that are designed to assure that eligible households are made aware of all LIHEAP assistance available:</th>
</tr>
</thead>
<tbody>
<tr>
<td>[ ] Place posters/flyers in local and county social service offices, offices of aging, Social Security offices, VA, etc.</td>
</tr>
<tr>
<td>[x] Publish articles in local newspapers or broadcast media announcements.</td>
</tr>
<tr>
<td>[ ] Include inserts in energy vendor billings to inform individuals of the availability of all types of LIHEAP assistance.</td>
</tr>
<tr>
<td>[x] Mass mailing(s) to prior-year LIHEAP recipients.</td>
</tr>
<tr>
<td>[x] Inform low income applicants of the availability of all types of LIHEAP assistance at application intake for other low-income programs.</td>
</tr>
<tr>
<td>[ ] Execute interagency agreements with other low-income program offices to perform outreach to target groups.</td>
</tr>
<tr>
<td>[x] Other (specify):</td>
</tr>
</tbody>
</table>

Our application and flyers are available in Spanish and translation services for other languages are available upon request. We also provide reproducible public education materials to utility companies and fuel vendors, upon request, for use in such ways as bill messages.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
### Section 7: Coordination, 2605(b)(4) - Assurance 4

7.1 Describe how you will ensure that the LIHEAP program is coordinated with other programs available to low-income households (TANF, SSI, WAP, etc.).

- [ ] Joint application for multiple programs
- [x] Intake referrals to/from other programs
- [x] One-stop intake centers
- [ ] Other - Describe:

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 8: Agency Designation, 2605(b)(6) - Assurance 6 (Required for state grantees and the Commonwealth of Puerto Rico)

8.1 How would you categorize the primary responsibility of your State agency?

- Administration Agency
- Commerce Agency
- Community Services Agency
- Energy / Environment Agency
- Housing Agency
- Welfare Agency
- Other - Describe:

Alternate Outreach and Intake, 2605(b)(15) - Assurance 15

If you selected "Welfare Agency" in question 8.1, you must complete questions 8.2, 8.3, and 8.4, as applicable.

8.2 How do you provide alternate outreach and intake for HEATING ASSISTANCE?

Applications are mailed to households that received assistance the previous year. Clients who have applied previously through the COMPASS website will receive a postcard through the mail directing them to apply online. Applicants in select counties who have previously received LIHEAP will also receive COMPASS postcards. Paper applications are always available upon request.

LIHEAP applications and brochures are sent to a variety of agencies and organizations throughout the Commonwealth for distribution to clients.

8.3 How do you provide alternate outreach and intake for COOLING ASSISTANCE?

8.4 How do you provide alternate outreach and intake for CRISIS ASSISTANCE?

Applications are mailed to households that received assistance the previous year. Clients who have applied previously through the COMPASS website will receive a postcard through the mail directing them to apply online. Applicants in select counties who have previously received LIHEAP will also receive COMPASS postcards. Paper applications are always available upon request.

LIHEAP applications and brochures are sent to a variety of agencies and organizations throughout the Commonwealth for distribution to clients.

8.5 LIHEAP Component Administration. Heating | Cooling | Crisis | Weatherization

8.5b Who processes benefit payments to gas and electric vendors? State Welfare Agency | State Welfare Agency

8.5c who processes benefit payments to bulk fuel vendors? State Welfare Agency | State Welfare Agency
If any of your LIHEAP components are not centrally-administered by a state agency, you must complete questions 8.6, 8.7, 8.8, and, if applicable, 8.9.

<table>
<thead>
<tr>
<th>8.5d Who performs installation of weatherization measures?</th>
<th>Community Action Agencies</th>
<th>Non-profits</th>
</tr>
</thead>
</table>

8.6 What is your process for selecting local administering agencies?

Agencies are selected based on their ability to meet the requirements of the program and expertise in providing crisis weatherization and standard weatherization services.

Agencies contracts are renewed based on preformance results, if an agency does not have their contract renewed, one of the existing agencies that participate in this program will take over the area covered by the agency that was removed.

8.7 How many local administering agencies do you use? 37

8.8 Have you changed any local administering agencies in the last year?

☐ Yes
☐ No

8.9 If so, why?

☐ Agency was in noncompliance with grantee requirements for LIHEAP -
☐ Agency is under criminal investigation
☐ Added agency
☐ Agency closed
☐ Other - describe

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 9 - Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

- Heating: Yes ☑ No ☐
- Cooling: Yes ☐ No ☑
- Crisis: Yes ☑ No ☐

Are there exceptions? Yes ☑ No ☐
If yes, Describe.

Pay client directly in the following situations:
- Vendor refuses to participate in the LIHEAP program or has been removed from the list of participating vendors
- The household pays for heat as an undesignated part of rent
- The heating bill is in the name of a non-household member
- Third-party billing
- Applicant is a roofer. A roofer is defined as an individual whose payment for lodging in a room includes heat and may include a private bathroom or one of the following: board, kitchen or bathroom privileges on a shared basis, or light housekeeping duties.

In these situations payments are made directly to the recipient. These account for 1.9% of all Cash payments and .2% of Crisis payments.

9.2 How do you notify the client of the amount of assistance paid?

Beginning from the program start date, the LIHEAP administering agency will send the applicant a written notice of the decision on eligibility within 30 days of the date of application.

(1) The written notice will include an explanation of fair hearing rights and procedures.

(2) The written notice will include the following:

   (i) If eligible. If the household is eligible, the written notice will include the type and amount of the benefit and the names of the payee.

   (ii) If ineligible. If the household is ineligible, the written notice will indicate the reason for the decision of ineligibility and provide a reference to the regulatory basis for the decision of ineligibility.

DHS will give households that register for or access their “MyCOMPASSAccount” online the option to receive notices electronically instead of through traditional paper mail. Households that opt to receive electronic notices will be required to electronically sign a disclosure statement in which they agree to receive and read the electronic notices sent by the State agency. Users who opt to receive electronic notices must provide a valid email address, and the State agency will verify the email address provided by the user. Once the user is registered to receive electronic notices, he or she will receive a confirmation e-mail and a hard copy paper notice with instructions on how to login to their account to view notices.

When a notice is available electronically, the household will receive an e-mail notification with a link to the client’s “MyCOMPASSAccount,” where the household can login to view the notice. MyCOMPASSAccount is on a secure website that will protect the household’s information through browser encryption, user name and password, time-out feature, and security questions.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Home energy suppliers must sign a Vendor Agreement with the Department agreeing to this condition. Suppliers may be subject to auditing by the Department’s contractor.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?
Home energy suppliers must sign a Vendor Agreement with the Department agreeing to this condition. Suppliers may be subject to auditing by the Department’s contractor.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

- [ ] Yes
- [ ] No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

The Agency monitors and tracks LIHEAP funds in several different ways to ensure fiscal accounting and tracking of LIHEAP funds. The following is an overview of our procedures.

Application Monitoring Procedures: All applications approved at the local agency level and forwarded for payment will be submitted for all computerized eligibility checks before payment is made.

The computerized checking process includes:

a. Check for duplicate Social Security Numbers in existing DHS systems;

b. Verify Social Security Numbers, Social Security benefit amounts, and death information through data exchange with the Social Security Administration;

c. Verify Supplemental Security Income payments through the State Data Exchange (SDX);

d. Check for criminal information on all household members through data exchange with the Commonwealth Judicial Information System;

e. Check on family size and income;

f. Check for Cash payment above $1,000;

g. Check for Crisis payment below $25;

h. Check for total Crisis payment above $600; and

i. Determination of payment;

• All fields must contain acceptable established elements (characters or numbers);
• All required fields must be completed.

Agency Monitoring Procedures:

1. The first step of the agency's monitoring strategy begins at the County Assistance Office (CAO).

• CAO staff members, involved in determining LIHEAP eligibility are mandated to participate in weekly Knowledge Reinforcement Sessions. Each LIHEAP Knowledge Reinforcement Session (LKRS) is 6 to 7 slides in length with 5 questions which must be answered correctly in order to complete the session. The sessions reinforce policy and procedural issues that are error prone, based on monitoring findings.

• CAO supervisors complete reviews of LIHEAP applications using a review tool designed to guide the reviewer and accumulate meaningful statewide results. CAO supervisors and managers as well as staff in the Bureau of Program Evaluation (BPE) monitor the results of the supervisor reviews to identify trends and implement corrective actions.

• Telephone conferences, referred to as Friday calls, are held initially weekly, then biweekly or monthly, to provide the counties with real-time system, policy and operational updates that impact the LIHEAP workflow. The calls also provide a means for CAOs to get answers to questions or resolutions to issues encountered.

• Both the CAOs and the monitoring staff communicate with the Policy team through the LIHEAP Training and Policy mailbox to address questions and issues on a daily basis as they arise. The shared responses ensure a uniform interpretation and consistent application of regulations throughout the agency.
2. For the second step of the agency's monitoring strategy BPE coordinates the annual LIHEAP monitoring reviews of CAOs and Crisis Contractors based on a two-year schedule for the CAOs. Additional CAOs are reviewed as needed based on extenuating circumstances or the recommendation of the Bureau of Operations. LIHEAP reviews are completed by a field-based monitoring team. Monitoring activities include:

- CAO and Crisis Contractor administration of LIHEAP activities including eligibility, benefit determination and corrective action through LIHEAP application reviews and on-site visits.
- Over 2,600 LIHEAP applications are randomly selected through data mining techniques and random samples and reviewed annually.
- Independent audit on-site reviews to reduce potential bias in the monitoring process.
- Investigation and appropriate and timely escalation of information that suggests potential misuse, misrepresentation, or abuse.
- Issuance of preliminary and updated performance reports to CAOs to provide relevant data on accuracy and the composition of findings at both the county level and state level.
- Development of corrective action plans based on the findings from the monitoring team. The plans are implemented by OIM and monitored for compliance by BPE.
- Development and implementation of year-round program changes to increase program accuracy and integrity through collaboration with other bureaus. Examples include working with Staff Development in the development of LIHEAP training for the next LIHEAP season to incorporate situations found to be prone to error.

Additional monitoring procedures include the following:

- Bureau of Financial Operations provides OIM with technical assistance and conducts performance audits of specific CAOs and crisis contractors, as needed, to resolve systemic problems.
- Controls are built into the PROMISE™ system which vendors use to bill for LIHEAP Crisis claims to ensure the vendors bill for valid Crisis requests and are paid the amount they are authorized to receive.
- The vendor unit assists heating vendors by answering questions, helping to file Crisis claims in PROMISE™, and reviewing vendor transactions.
- Executive Staff from the Bureaus of Policy, Program Support, and Program Evaluation meet on a bi-weekly basis to discuss LIHEAP and all issues and topics pertinent to the program.
- CAO supervisors review a list of direct pay authorizations every Friday to ensure that the budgets are being authorized correctly and accurately.
- The Comptroller's Office reviews the weekly LIHEAP vouchers for any questionable payments and works with OIM to ensure all payments issued to households are correct.
- The field monitoring team conducts reviews of LIHEAP vendors to ensure compliance with the DHS LIHEAP Vendor Agreement, focusing on the following areas:
  - Compliance with DHS Information Requirements
  - Proper and Accurate completion of the Vendor Agreement
  - Timeliness of Crisis delivery
  - Application of LIHEAP benefit in accordance with vendor agreement and DHS Policy
  - Proper handling of LIHEAP refunds
  - Record Retention

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?  
☐ Yes  ☑ No

10.3. Describe any audit findings rising to the level of material weakness or reportable condition cited in the A-133 audits, Grantee monitoring assessments, inspector general reviews, or other government agency reviews of the LIHEAP agency from the most recently audited fiscal year.

No Findings

<table>

10.4. Audits of Local Administering Agencies

What types of annual audit requirements do you have in place for local administering agencies/district offices? Select all that apply.

☐ Local agencies/district offices are required to have an annual audit in compliance with Single Audit Act and OMB Circular A-133
☐ Local agencies/district offices are required to have an annual audit (other than A-133)
☐ Local agencies/district offices’ A-133 or other independent audits are reviewed by Grantee as part of compliance process.
☑ Grantee conducts fiscal and program monitoring of local agencies/district offices
Compliance Monitoring

10.5. Describe the Grantee's strategies for monitoring compliance with the Grantee's and Federal LIHEAP policies and procedures: Select all that apply

Grantee employees:

- [ ] Internal program review
- [ ] Departmental oversight
- [ ] Secondary review of invoices and payments
- [x] Other program review mechanisms are in place. Describe:

The Agency monitors and tracks LIHEAP funds in several different ways to ensure fiscal accounting and tracking of LIHEAP funds. The following is an overview of our procedures.

Application Monitoring Procedures: All applications approved at the local agency level and forwarded for payment will be submitted for all computerized eligibility checks before payment is made.

The computerized checking process includes:

- Executive Staff from the Bureaus of Policy, Program Support, and Program Evaluation meet on a bi-weekly basis to discuss LIHEAP and all issues and topics pertinent to the program.
- CAO supervisors review a list of direct pay authorizations every Friday to ensure that the budgets are being authorized correctly and accurately.
- The Comptroller's Office reviews the weekly LIHEAP vouchers for any questionable payments and works with OIM to ensure all payments issued to households are correct.
- The field monitoring team conducts reviews of LIHEAP vendors to ensure compliance with the DHS LIHEAP Vendor Agreement, focusing on the following areas:
  - Compliance with DHS Information Requirements
  - Proper and Accurate completion of the Vendor Agreement
  - Timeliness of Crisis delivery
  - Application of LIHEAP benefit in accordance with vendor agreement and DHS Policy
  - Proper handling of LIHEAP refunds
  - Record Retention

Local Administering Agencies / District Offices:

- On - site evaluation
- Annual program review
- Monitoring through central database
- Desk reviews
- Client File Testing / Sampling

Other program review mechanisms are in place. Describe:

- Per the current visit plan, medium, large, and ad-hoc counties are visited in addition to the crisis contractors.
- Agencies are visited in accordance with the established schedule, prior year results and OIM concerns.
- Rushmore Case Review Database is used for LIHEAP Monitoring by both the monitoring team and the CAOs.
- Per the current visit plan, small processing agencies are monitored by desk review.
- The provided database is used by both the CAOs and the LIHEAP monitoring team.
- Weekly knowledge reinforcement sessions are in place for all staff processing LIHEAP applications.

10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.

For the agency's monitoring strategy, BPE coordinates the annual LIHEAP monitoring reviews of CAOs and Crisis Contractors based on a two-year schedule for the CAOs. Additional CAOs are reviewed as needed based on extenuating circumstances or the recommendation of the Bureau of Operations. LIHEAP reviews are completed by a field-based monitoring team. Monitoring activities include:

- CAO and Crisis Contractor administration of LIHEAP activities including eligibility, benefit determination and corrective action through LIHEAP application reviews and on-site visits.
- Over 2,600 LIHEAP applications are randomly selected through data mining techniques and random samples and reviewed annually.
- Independent audit on-site reviews to reduce potential bias in the monitoring process.
- Investigation and appropriate and timely escalation of information that suggests potential misuse, misrepresentation, or abuse.
- Issuance of preliminary and updated performance reports to CAOs to provide relevant data on accuracy and the composition of findings at both the county level and state level.
- Development of corrective action plans based on the findings from the monitoring team. The plans are implemented by OIM and monitored for compliance by BPE.
- Development and implementation of year-round program changes to increase program accuracy and integrity through collaboration with other bureaus. Examples include working with Staff Development in the development of LIHEAP training for the next LIHEAP season to incorporate situations found to be prone to error.

### 10.7. Describe how you select local agencies for monitoring reviews.

**Site Visits:**

All agencies, aside from the largest processing locations are reviewed in a two year rotation. The largest processing locations are reviewed yearly. Size is determined by prior year volume. Some additional CAOs are reviewed, as needed, based on extenuating circumstances such as a change in processing style or prior year results.

**Desk Reviews:**

Small processing locations, defined as those processing less than 5000 applications yearly, are monitored by desk review.

### 10.8. How often is each local agency monitored?

With the exceptions noted in 10.7, every two years.

### 10.9. What is the combined error rate for eligibility determinations? OPTIONAL

### 10.10. What is the combined error rate for benefit determinations? OPTIONAL

### 10.11. How many local agencies are currently on corrective action plans for eligibility and/or benefit determination issues? 42

### 10.12. How many local agencies are currently on corrective action plans for financial accounting or administrative issues? 0

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 11 - Timely and Meaningful Public Participation, 2605(b)(12) - Assurance 12, 2605(c)(2)

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP)
MODEL PLAN
SF - 424 - MANDATORY

August 1987, revised 05/92, 02/95, 03/96, 12/98, 11/01
OMB Clearance No.: 0970-0075
Expiration Date: 09/30/2020

Section 11: Timely and Meaningful Public Participation, 2605(b)(12), 2605(C)(2)

11.1 How did you obtain input from the public in the development of your LIHEAP plan?
Select all that apply.

- Tribal Council meeting(s)
- Public Hearing(s)
- Draft Plan posted to website and available for comment
- Hard copy of plan is available for public view and comment
- Comments from applicants are recorded
- Request for comments on draft Plan is advertised
- Stakeholder consultation meeting(s)
- Comments are solicited during outreach activities
- Other - Describe:

11.2 What changes did you make to your LIHEAP plan as a result of this participation?

DHS initially proposed in its State Plan to close LIHEAP on 4/5/19. Many commenters suggested running the program longer. After reviewing financial projections, DHS revised the State Plan to feature a closing date of 04/12/19.

Various commenters advocated for increases in benefit amounts, particularly regarding Crisis grants. DHS had proposed a $500 maximum Crisis benefit, but after reviewing comments and anticipated funding DHS has revised the State Plan to feature a maximum Crisis benefit of $600.

Public Hearings, 2605(a)(2) - For States and the Commonwealth of Puerto Rico Only

11.3 List the date and location(s) that you held public hearing(s) on the proposed use and distribution of your LIHEAP funds?

<table>
<thead>
<tr>
<th>Date</th>
<th>Event Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>07/05/2018</td>
<td>Philadelphia Public Hearing</td>
</tr>
<tr>
<td>07/10/2018</td>
<td>Harrisburg Public Hearing</td>
</tr>
<tr>
<td>07/12/2018</td>
<td>Pittsburgh Public Hearing</td>
</tr>
</tbody>
</table>

11.4. How many parties commented on your plan at the hearing(s)?

11.5 Summarize the comments you received at the hearing(s).

The document attached summarizes and consolidates the comments received at the public hearings and through the entire public comment period (May 26 - July 13, 2018).

11.6 What changes did you make to your LIHEAP plan as a result of the comments received at the public hearing(s)?

DHS initially proposed in its State Plan to close LIHEAP on 4/5/19. Many commenters suggested running the program longer. After reviewing financial projections, DHS revised the State Plan to feature a closing date of 04/12/19.

Various commenters advocated for increases in benefit amounts, particularly regarding Crisis grants. DHS had proposed a $500 maximum Crisis benefit, but after reviewing comments and anticipated funding DHS has revised the State Plan to feature a maximum Crisis benefit of $600.
If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 8096

12.2 How many of those fair hearings resulted in the initial decision being reversed? 19

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

None

12.4 Describe your fair hearing procedures for households whose applications are denied.

- The client must appeal within 30 days from the date of the written notice of a CAO decision or action. They may appeal by completing and signing the appeal section of any notice, sending a written or faxed request to the CAO, telling the CAO and following it up with a written request within 3 days, or sending a written request to the agency which notified the client of the decision.
- The CAO/agency will offer the client and his representative the opportunity to have a prehearing conference. This conference may be by telephone or face-to-face. A prehearing conference is an effort to resolve an issue between the client and the CAO/agency before going to a hearing. If the issue can be resolved at the prehearing conference, the work and expense of an appeal hearing can be eliminated. The prehearing conference does not affect the client's right to have a hearing and it does not affect the requirements for submitting requests timely to Bureau of Hearings and Appeals (BHA).
- The BHA will designate an Administrative Law Judge (ALJ) who has the authority to make a decision on an appeal. The Director of BHA will affirm, amend, reverse, or remand the decision. The CAO, administering agency, or provider agency is bound by the decision, but may request reconsideration by the Secretary of Human Services. Only the client has the right to appeal to Commonwealth Court.

12.5 When and how are applicants informed of these rights?

Applicants sign a certification page as a condition of application. It states, "I understand I have the right to appeal any decision or undue delay in decision which I consider improper regarding this application.” The explanation of the right to appeal also appears on the notice they receive informing them of the decision on their request for benefits.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

- The client may appeal by completing and signing the appeal section of any notice, sending a written or faxed request to the CAO, telling the CAO and following it up with a written request within 3 days, or sending a written request to the agency which notified the client of the decision.
- The CAO/agency will offer the client and his representative the opportunity to have a prehearing conference. This conference may be by telephone or face-to-face. A prehearing conference is an effort to resolve an issue between the client and the CAO/agency before going to a hearing. If the issue can be resolved at the prehearing conference, the work and expense of an appeal hearing can be eliminated. The prehearing conference does not affect the client's right to have a hearing and it does not affect the requirements for submitting requests timely to Bureau of Hearings and Appeals (BHA).
- The BHA will designate an Administrative Law Judge (ALJ) who has the authority to make a decision on an appeal. The Director of BHA will affirm, amend, reverse, or remand the decision. The CAO, administering agency, or provider agency is bound by the decision, but may request reconsideration by the Secretary of Human Services. Only the client has the right to appeal to Commonwealth Court.

12.7 When and how are applicants informed of these rights?

Applicants sign a certification page as a condition of application. It states, "I understand I have the right to appeal any decision or undue delay in decision which I consider improper regarding this application.” The explanation of the right to appeal also appears on the notice they receive informing them of the decision on their request for benefits.
If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

In accordance with Pub. L. 97-35, Section 2605(b) as amended by Title III of the Health and Human Services Amendments of 1994, Pub. L. 103-252, Pennsylvania chooses not to exercise its option to use up to five percent of its allotment to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance. The funds will be used for LIHEAP benefits to families.

13.2 How do you ensure that you don’t use more than 5% of your LIHEAP funds for these activities?

N/A

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

N/A

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

N/A

13.5 How many households applied for these services? N/A

13.6 How many households received these services? N/A

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 14: Leveraging Incentive Program, 2607(A)

14.1 Do you plan to submit an application for the leveraging incentive program?
- Yes
- No

14.2 Describe instructions to any third parties and/or local agencies for submitting LIHEAP leveraging resource information and retaining records.

An email is sent to representatives from energy vendors, fuel funds and community agencies requesting them to complete the LIHEAP Leveraging Report for the previous fiscal year. We forward the directions as provided by the Department of Health and Human Services and provide assistance with completion of the form if necessary.

14.3 For each type of resource and/or benefit to be leveraged in the upcoming year that will meet the requirements of 45 C.F.R. § 96.87(d)(2)(iii), describe the following:

<table>
<thead>
<tr>
<th>Resource</th>
<th>What is the type of resource or benefit?</th>
<th>What is the source(s) of the resource?</th>
<th>How will the resource be integrated and coordinated with LIHEAP?</th>

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
### Section 15: Training

15.1 Describe the training you provide for each of the following groups:

a. Grantee Staff:

- Formal training on grantee policies and procedures

  How often?
  - [ ] Annually
  - [ ] Biannually
  - [x] As needed
  - [ ] Other - Describe:

- Employees are provided with policy manual

  Other - Describe:

b. Local Agencies:

- Formal training conference

  How often?
  - [ ] Annually
  - [ ] Biannually
  - [ ] As needed
  - [ ] Other - Describe:

- On-site training

  How often?
  - [x] Annually
  - [ ] Biannually
  - [ ] As needed
  - [ ] Other - Describe:

- Employees are provided with policy manual

  Other - Describe

Weekly LIHEAP Knowledge Reinforcement Sessions are required of assistance office staff and remain available throughout the season as a reference resource. There are also biweekly support conference calls held between assistance office coordinators, policy staff, operations staff and computer systems staff.

c. Vendors

- Formal training conference

  How often?
  - [ ] Annually
  - [ ] Biannually
  - [ ] As needed
  - [ ] Other - Describe:
<table>
<thead>
<tr>

<td></td>
</tr>
</tbody>
</table>

15.2 Does your training program address fraud reporting and prevention?
- [x] Yes
- [ ] No

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 16 - Performance Goals and Measures, 2605(b)

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Pennsylvania's Department of Human Services (DHS) created a semi-automated system in 2015 to gather energy data and generate performance measures reports. The system takes the following steps each FY:

1. A database is populated with data from LIHEAP-eligible households whose heating and electricity providers are known to DHS.
2. Files are generated from this database and securely sent to all providers who participate in performance measures data collection. The file contains identifying information for each household served by the provider.
3. The provider enters the annual energy costs for each household in the file, when available, and returns it securely to DHS.
4. The database is populated with the annual energy data returned by the providers.
5. Using this data, the system generates the Energy Burden Targeting Report.
6. Using data stored in the eligibility system, the system also generates the two additional reports: Restoration of Home Energy Service and Prevention of Loss of Home Energy Service.

DHS has been successful in working with large utilities and energy providers to improve the process of collecting energy data. These organizations have the staff and technical expertise to expedite the collection and transmittal of data to DHS. The top 5 electric providers and the top 6 natural gas providers currently participate in the performance measures process. The top 12 fuel oil and top 11 propane providers also participate.

Data collection remains a challenge for smaller providers, especially wood and coal providers. These small businesses often do not have the capability to provide the necessary data or are unable to follow technical instructions to receive and transmit the data securely. DHS is not currently attempting to add additional wood or coal providers to the process, since only a small percentage of Pennsylvania's LIHEAP recipients use these fuel types. DHS will, however, attempt to maintain the participation of the 8 providers who are already involved.

Report generation is entirely automated. Two mathematical deficiencies have been identified with Pennsylvania's Energy Burden Targeting Report. The numbers are currently corrected manually, but system updates are pending to permanently fix these issues and will hopefully be implemented during FY19.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
Section 17: Program Integrity, 2605(b)(10)

17.1 Fraud Reporting Mechanisms

a. Describe all mechanisms available to the public for reporting cases of suspected waste, fraud, and abuse. Select all that apply.

- Online Fraud Reporting
- Dedicated Fraud Reporting Hotline
- Report directly to local agency/district office or Grantee office
- Report to State Inspector General or Attorney General
- Forms and procedures in place for local agencies/district offices and vendors to report fraud, waste, and abuse
- Other - Describe:

b. Describe strategies in place for advertising the above-referenced resources. Select all that apply

- Printed outreach materials
- Addressed on LIHEAP application
- Website
- Other - Describe:

17.2. Identification Documentation Requirements

a. Indicate which of the following forms of identification are required or requested to be collected from LIHEAP applicants or their household members.

<table>
<thead>
<tr>
<th>Type of Identification Collected</th>
<th>Collected from Whom?</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Applicant Only</td>
<td>All Adults in Household</td>
</tr>
<tr>
<td>Social Security Card is photocopied and retained</td>
<td>Required</td>
<td>Required</td>
</tr>
<tr>
<td>Social Security Number (Without actual Card)</td>
<td>Required</td>
<td>Required</td>
</tr>
<tr>
<td>Government-issued identification card (i.e.: driver's license, state ID, Tribal ID, passport, etc.)</td>
<td>Required</td>
<td>Required</td>
</tr>
</tbody>
</table>
b. Describe any exceptions to the above policies.

PA LIHEAP State Plan section 601.106 states that a household member who does not have a social security number or is unable to provide one shall complete an energy assistance affidavit. An energy assistance affidavit is not required for a child under the age of one.

17.3 Identification Verification

Describe what methods are used to verify the authenticity of identification documents provided by clients or household members. Select all that apply.

- Verify SSNs with Social Security Administration
- Match SSNs with death records from Social Security Administration or state agency
- Match SSNs with state eligibility/case management system (e.g., SNAP, TANF)
- Match with state Department of Labor system
- Match with state and/or federal corrections system
- Match with state child support system
- Verification using private software (e.g., The Work Number)
- In-person certification by staff (for tribal grantees only)
- Match SSN/Tribal ID number with tribal database or enrollment records (for tribal grantees only)
- Other - Describe:

17.4. Citizenship/Legal Residency Verification

What are your procedures for ensuring that household members are U.S. citizens or aliens who are qualified to receive LIHEAP benefits? Select all that apply.

- Clients sign an attestation of citizenship or legal residency
- Client’s submission of Social Security cards is accepted as proof of legal residency
- Noncitizens must provide documentation of immigration status
- Citizens must provide a copy of their birth certificate, naturalization papers, or passport
- Noncitizens are verified through the SAVE system
- Tribal members are verified through Tribal enrollment records/Tribal ID card
- Other - Describe:

17.5. Income Verification

What methods does your agency utilize to verify household income? Select all that apply.

- Require documentation of income for all adult household members
  - Pay stubs
  - Social Security award letters
  - Bank statements
  - Tax statements
  - Zero-income statements
  - Unemployment Insurance letters
  - Other - Describe:

If applicants are recipients of another type of benefit in the state computer system (TANF, Medicaid, or SNAP) and state that there is no change in their income, they are not required to re-verify their income for LIHEAP.

- Computer data matches:
  - Income information matched against state computer system (e.g., SNAP, TANF)
  - Proof of unemployment benefits verified with state Department of Labor
17.6. Protection of Privacy and Confidentiality

Describe the financial and operating controls in place to protect client information against improper use or disclosure. Select all that apply.

- Policy in place prohibiting release of information without written consent
- Grantee LIHEAP database includes privacy/confidentiality safeguards
- Employee training on confidentiality for:
  - Grantee employees
  - Local agencies/district offices
- Employees must sign confidentiality agreement
  - Grantee employees
  - Local agencies/district offices
- Physical files are stored in a secure location
- Other - Describe:

17.7. Verifying the Authenticity

What policies are in place for verifying vendor authenticity? Select all that apply.

- All vendors must register with the State/Tribe.
- All vendors must supply a valid SSN or TIN/W-9 form
- Vendors are verified through energy bills provided by the household
- Grantee and/or local agencies/district offices perform physical monitoring of vendors
- Other - Describe and note any exceptions to policies above:

17.8. Benefits Policy - Gas and Electric Utilities

What policies are in place to protect against fraud when making benefit payments to gas and electric utilities on behalf of clients? Select all that apply.

- Applicants required to submit proof of physical residency
- Applicants must submit current utility bill
- Data exchange with utilities that verifies:
  - Account ownership
  - Consumption
  - Balances
  - Payment history
- Account is properly credited with benefit
- Other - Describe:

Data exchange is not set up for all utilities and not all utilities provide all the verifications listed above.

- Centralized computer system/database tracks payments to all utilities
- Centralized computer system automatically generates benefit level
- Separation of duties between intake and payment approval
- Payments coordinated among other energy assistance programs to avoid duplication of payments
- Payments to utilities and invoices from utilities are reviewed for accuracy
- Computer databases are periodically reviewed to verify accuracy and timeliness of payments made to utilities
- Direct payment to households are made in limited cases only
17.9. Benefits Policy - Bulk Fuel Vendors

What procedures are in place for averting fraud and improper payments when dealing with bulk fuel suppliers of heating oil, propane, wood, and other bulk fuel vendors? Select all that apply.

- Vendors are checked against an approved vendors list
- Centralized computer system/database is used to track payments to all vendors
- Clients are relied on for reports of non-delivery or partial delivery
- Two-party checks are issued naming client and vendor
- Direct payment to households are made in limited cases only
- Vendors are only paid once they provide a delivery receipt signed by the client
- Conduct monitoring of bulk fuel vendors
- Bulk fuel vendors are required to submit reports to the Grantee
- Vendor agreements specify requirements selected above, and provide enforcement mechanism

Other - Describe:

17.10. Investigations and Prosecutions

Describe the Grantee's procedures for investigating and prosecuting reports of fraud, and any sanctions placed on clients/staff/vendors found to have committed fraud. Select all that apply.

- Refer to state Inspector General
- Refer to local prosecutor or state Attorney General
- Refer to US DHHS Inspector General (including referral to OIG hotline)
- Local agencies/district offices or Grantee conduct investigation of fraud complaints from public
- Grantee attempts collection of improper payments. If so, describe the recoupment process

Vendors sign the Vendor Agreement stating that they will return funds as required by check or electronic recoupment within 30 days after the basis for return is known. Examples include but are not limited to: instances where a customer's whereabouts are unknown or a customer changes vendors, dies, or departs the area serviced by the vendor, or receives a duplicate payment if a security deposit was erroneously paid with LIHEAP funds, or a billing error is detected. DHS is authorized to recoup past due LIHEAP balances from vendors by debiting any current or future LIHEAP payment to the vendor for an amount equal to the outstanding unfunded balance that is due to DHS from the vendor. DHS will send the vendor up to three notices requesting payment of the funds. If the vendor has failed to respond after the third notice, the amount of the balance of funds owed to DHS will be deducted from the vendor's next payment(s) until the funds are repaid.

- Clients found to have committed fraud are banned from LIHEAP assistance. For how long is a household banned?
- Contracts with local agencies require that employees found to have committed fraud are reprimanded and/or terminated
- Vendors found to have committed fraud may no longer participate in LIHEAP

Other - Describe:

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
### Section 18: Certification Regarding Debarment, Suspension, and Other Responsibility Matters

#### Certification Regarding Debarment, Suspension, and Other Responsibility Matters--Primary Covered Transactions

**Instructions for Certification**

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters--Primary Covered Transactions

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, [[Page 33043]] should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment,
Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility an Voluntary Exclusion--Lower Tier Covered Transactions

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

☑️ By checking this box, the prospective primary participant is providing the certification set out above.
Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously
identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

**Controlled substance** means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

**Conviction** means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

**Criminal drug statute** means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

**Employee** means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)
The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
(b) Establishing an ongoing drug-free awareness program to inform employees about --
   (1) The dangers of drug abuse in the workplace;
   (2) The grantee's policy of maintaining a drug-free workplace;
   (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
   (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --
(1) Abide by the terms of the statement; and
(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted -(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Department of Human Services

* Address Line 1

625 Forster Street
Address Line 2

Rm 333, Health and Welfare Building
Address Line 3

Harrisburg
* City

PA
* State

17105
* Zip Code

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other
designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

[55 FR 21690, 21702, May 25, 1990]

☑ By checking this box, the prospective primary participant is providing the certification set out above.
The submitter of this application certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any
person who fails to file the required statement shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

☑️ By checking this box, the prospective primary participant is providing the certification set out above.
Assurances

(1) use the funds available under this title to--

(A) conduct outreach activities and provide assistance to low income households in meeting their home energy costs, particularly those with the lowest incomes that pay a high proportion of household income for home energy, consistent with paragraph (5);

(B) intervene in energy crisis situations;

(C) provide low-cost residential weatherization and other cost-effective energy-related home repair; and

(D) plan, develop, and administer the State's program under this title including leveraging programs, and the State agrees not to use such funds for any purposes other than those specified in this title;

(2) make payments under this title only with respect to--

(A) households in which one or more individuals are receiving--

   (i) assistance under the State program funded under part A of title IV of the Social Security Act;

   (ii) supplemental security income payments under title XVI of the Social Security Act;

   (iii) food stamps under the Food Stamp Act of 1977; or

   (iv) payments under section 415, 521, 541, or 542 of title 38, United States Code, or under section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978; or

(B) households with incomes which do not exceed the greater of -
(i) an amount equal to 150 percent of the poverty level for such State; or

(ii) an amount equal to 60 percent of the State median income;

(except that a State may not exclude a household from eligibility in a fiscal year solely on the basis of household income if such income is less than 110 percent of the poverty level for such State, but the State may give priority to those households with the highest home energy costs or needs in relation to household income.

(3) conduct outreach activities designed to assure that eligible households, especially households with elderly individuals or disabled individuals, or both, and households with high home energy burdens, are made aware of the assistance available under this title, and any similar energy-related assistance available under subtitle B of title VI (relating to community services block grant program) or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;

(4) coordinate its activities under this title with similar and related programs administered by the Federal Government and such State, particularly low-income energy-related programs under subtitle B of title VI (relating to community services block grant program), under the supplemental security income program, under part A of title IV of the Social Security Act, under title XX of the Social Security Act, under the low-income weatherization assistance program under title IV of the Energy Conservation and Production Act, or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;

(5) provide, in a timely manner, that the highest level of assistance will be furnished to those households which have the lowest incomes and the highest energy costs or needs in relation to income, taking into account family size, except that the State may not differentiate in implementing this section between the households described in clauses 2(A) and 2(B) of this subsection;

(6) to the extent it is necessary to designate local administrative agencies in order to carry out the purposes of this title, to give special consideration, in the designation of such agencies, to any local public or private nonprofit agency which was receiving Federal funds under any low-income energy assistance program or weatherization program under the Economic Opportunity Act of 1964 or any other provision of law on the day before the date of the enactment of this Act, except that-

(A) the State shall, before giving such special consideration, determine that the agency involved meets program and fiscal requirements established by the State; and
(B) if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, then the State shall give special consideration in the designation of local administrative agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds for the fiscal year preceding the fiscal year for which the determination is made;

(7) if the State chooses to pay home energy suppliers directly, establish procedures to --

(A) notify each participating household of the amount of assistance paid on its behalf;

(B) assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment made by the State under this title;

(C) assure that the home energy supplier will provide assurances that any agreement entered into with a home energy supplier under this paragraph will contain provisions to assure that no household receiving assistance under this title will be treated adversely because of such assistance under applicable provisions of State law or public regulatory requirements; and

(D) ensure that the provision of vendor payments remains at the option of the State in consultation with local grantees and may be contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households, including providing for agreements between suppliers and individuals eligible for benefits under this Act that seek to reduce home energy costs, minimize the risks of home energy crisis, and encourage regular payments by individuals receiving financial assistance for home energy costs;

(8) provide assurances that,

(A) the State will not exclude households described in clause (2)(B) of this subsection from receiving home energy assistance benefits under clause (2), and

(B) the State will treat owners and renters equitably under the program assisted under this title;

(9) provide that--

(A) the State may use for planning and administering the use of funds under this title an amount not to exceed 10 percent of the funds payable to such State under this title for a fiscal year; and

(B) the State will pay from non-Federal sources the remaining costs of planning
and administering the program assisted under this title and will not use Federal funds for such remaining cost (except for the costs of the activities described in paragraph (16));

(10) provide that such fiscal control and fund accounting procedures will be established as may be necessary to assure the proper disbursal of and accounting for Federal funds paid to the State under this title, including procedures for monitoring the assistance provided under this title, and provide that the State will comply with the provisions of chapter 75 of title 31, United States Code (commonly known as the "Single Audit Act");

(11) permit and cooperate with Federal investigations undertaken in accordance with section 2608;

(12) provide for timely and meaningful public participation in the development of the plan described in subsection (c);

(13) provide an opportunity for a fair administrative hearing to individuals whose claims for assistance under the plan described in subsection (c) are denied or are not acted upon with reasonable promptness; and

(14) cooperate with the Secretary with respect to data collecting and reporting under section 2610.

(15) * beginning in fiscal year 1992, provide, in addition to such services as may be offered by State Departments of Public Welfare at the local level, outreach and intake functions for crisis situations and heating and cooling assistance that is administered by additional State and local governmental entities or community-based organizations (such as community action agencies, area agencies on aging and not-for-profit neighborhood-based organizations), and in States where such organizations do not administer functions as of September 30, 1991, preference in awarding grants or contracts for intake services shall be provided to those agencies that administer the low-income weatherization or energy crisis intervention programs.

* This assurance is applicable only to States, and to territories whose annual regular LIHEAP allotments exceed $200,000. Neither territories with annual allotments of $200,000 or less nor Indian tribes/tribal organizations are subject to Assurance 15.

(16) use up to 5 percent of such funds, at its option, to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance, including needs assessments, counseling, and assistance with
energy vendors, and report to the Secretary concerning the impact of such activities on the number of households served, the level of direct benefits provided to those households, and the number of households that remain unserved.
