Adult Protective Services
The Adult Protective Services (APS) Law (Act 70 of 2010) was enacted to provide protective services to adults between 18 and 59 years of age who have a physical or mental impairment that substantially limits one or more major life activities.

Funding first provided during state fiscal year 2012-13.

Act 70 is the bridge between CPSL and OAPSA and mirrors OAPSA in many ways.

Individual’s Rights

• Adults have the right to make choices, subject to the laws and regulations of the Commonwealth, regarding their lifestyles, relationships, bodies and health, even when those choices present risks to themselves or their property.
• Adults have the right to refuse an assessment.
• Adults have the right to refuse some or all protective services.
• Where there is clear and convincing evidence that, if protective services are not provided, the adult is at imminent risk of death, serious injury or serious bodily injury, the agency may petition the court for an emergency order to provide the necessary services.
What is the APS Agency (Liberty Healthcare Corporation) required to do?

- Investigate allegations
- Determine if individual is at imminent risk and if protective services are necessary
- Cooperatively develop a service plan
- Provide protective services to adults who voluntarily consent
- Provide services in the least restrictive environment and the most integrated setting
- Provide Guardianship as needed

Who is eligible to receive protective services?

• A resident of the Commonwealth

• An adult between 18 and 59 years of age with a physical or mental impairment that \textit{substantially limits one or more major life activities}

• An adult who needs the assistance of another person to obtain protective services in order to prevent imminent risk to person or property
Call the Statewide Protective Services Hotline (1-800-490-8505) to report an allegation of suspected abuse, neglect, exploitation or abandonment of an individual between 18 and 59 years of age with a physical or mental impairment.

Protective Services Hotline is answered by local Area Agency on Aging (AAA) who completes a Report of Need (RON) and documents the report in the Social Assistance Management System (SAMS).

Mandated Reporters must also contact law enforcement and DHS for cases of suspicious death, serious injury, serious bodily injury or sexual abuse.
The AAA notifies Liberty Intake staff via email that a RON is in SAMS.

Liberty Intake staff evaluate information in the RON to determine if individual meets eligibility criteria and classify the case as either “Priority, Non-priority, or No Need”

Cases determined to be “No Need” will be reviewed by an APS Supervisor and DHS and may be referred for other services. Program Offices are also notified of all No Needs.

Liberty Intake staff notify all appropriate licensing agencies of the Report of Need.
All cases classified as “Priority” or “Non-priority” are assigned to an APS caseworker for investigation. Investigations must be initiated within 24 hours for “Priority” cases and within 72 hours for “Non-priority” cases.

APS Caseworker initiates investigation within required timeframes, assesses risk, determines if individual is at imminent risk, and mitigates risk if necessary, by providing protective services.
If case is substantiated, APS may provide or arrange for protective services intended to ensure the adult’s immediate safety and well-being.

Protective services provided must be in the least restrictive and in the most integrated setting.

An adult can only receive protective services voluntarily. Protective services may not be provided to an adult who refuses consent or who, having previously consented, withdraws the consent, unless the services are ordered by a court.
• **Priority:** Priority reports require immediate attention because specific details in the report indicate the possibility that the adult reported to need protective services is at imminent risk of death or serious injury or serious bodily injury. The investigation shall be initiated immediately for a priority report.

• **Non-priority:** A non-priority report does not appropriately fall within the priority category and, therefore, does not require immediate attention by the agency. These investigations must be initiated within 72 hours.
• **No need for protective services:** A report shall be placed in this category when the person reported to be in need of protective services meets either of the following criteria:

  (a) *has the capacity to perform or obtain, without help, services necessary to maintain physical or mental health*

  (b) *is not at imminent risk or danger to his person or property*

**Abuse:**

- Infliction of injury, unreasonable confinement, intimidation or punishment with resulting physical harm, pain or mental anguish
- Willful deprivation by a caregiver of goods or services which are necessary to maintain physical or mental health
- Sexual harassment, rape or abuse as the term is defined in 23 Pa.C.S. § 6102

**Neglect:** The failure to provide for oneself or the failure of a caregiver to provide goods, care or services essential to avoid clear and serious threat to the physical or mental health of an adult
Exploitation: An act or course of conduct by a caregiver or other person against an adult or an adult’s resources, without the informed consent of the adult or with consent obtained through misrepresentation, coercion or threats of force, that results in monetary, personal or other benefit, gain or profit for the perpetrators or monetary or personal loss to the adult.

Abandonment: The desertion of an adult by a caregiver.
Serious bodily injury:
- Injury that:
  1. creates a substantial risk of death; or
  2. causes serious permanent disfigurement or protracted loss or impairment of the function of a body member or organ

Serious injury:
- An injury that:
  1. causes a person severe pain; or
  2. significantly impairs a person's physical or mental functioning, either temporarily or permanently
Sexual abuse:

- Intentionally, knowingly or recklessly causing or attempting to cause rape, involuntary deviate sexual intercourse, sexual assault, statutory sexual assault, aggravated indecent assault or incest, as defined by 18 Pa.C.S. (relating to crimes and offenses)

- Institutional Sexual Assault — Under 18 Pa.C.S. § 3124.2(a), a person who is an employee or agent of the Department of Corrections or a county correctional authority, youth development center, youth forestry camp, State or county juvenile detention facility, other licensed residential facility serving children and youth, or mental health or mental retardation facility or institution can be charged with this offense if he or she engages in sexual intercourse, deviate sexual intercourse or indecent contact with an inmate, detainees, patient, or resident.
Sexual Harassment:

- Sexual harassment is unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature.

- Sexual harassment is an abuse that requires reporting to the Protective Services Hotline; however, it is not sexual abuse which requires additional reporting responsibilities.
• DHS’ intention is not to discourage appropriate reporting, but rather to encourage providers to exercise judgement and discretion in deciding what is and is not reportable, by using these guidelines, and contacting APS for help/guidance, if needed

• Evaluate all incidents in terms of the statutory definitions in the APS law, in order to determine whether or not a specific incident is reportable

• When deciding whether or not to report abuse that occurred years ago, determine if there is continued contact between victim and alleged abuser, and the nature, frequency, and extent of continued contact
Reporting “Do’s” and “Don’t’s”

- Call **immediately** 911 for any life-threatening emergencies, prior to calling APS
- Call crisis intervention for any mental health emergencies requiring immediate attention
- Follow up with your supervisor or administrator to ensure that APS has been contacted—reporting upward does not end your reporting responsibility
- Do **not** wait to call APS pending completion of the certified investigation—call immediately if you have “reasonable cause” to suspect abuse, neglect, etc.
Anyone who has "reasonable cause" to suspect that an adult is the victim of abuse, neglect, exploitation, or abandonment can call the protective services hotline at:

- 1-800-490-8505

In 2010, the Adult Protective Services (APS) Law, Act 70 of 2010, was enacted to provide protective services to adults between 18 and 59 years of age who have a physical or mental impairment that substantially limits one or more major life activities.
