Purpose/Introduction

This report provides the appropriate committees of the Pennsylvania Senate and House of Representatives and other interested parties with the information required to be reported by Act 49 of 2010 regarding the Statewide Quality Care Assessment Program (Assessment).

The report analyzes the various components of the Assessment, including the assessment fees paid by each hospital and the amount and types of payments made by the Commonwealth to individual hospitals.

Background

In 2010, the General Assembly enacted the Act of July 9, 2010 (P. L. 336, No. 49) (Act 49). Act 49 added a new Article VIII-G to the Public Welfare Code (62 P. S. §§ 801-G—816-G) to authorize the Department of Public Welfare (Department) to implement the Statewide Quality Care Assessment Program for a 3-year period beginning July 1, 2010 and ending June 30, 2013. Under the Assessment program, the Department is required to impose a monetary assessment on all licensed hospitals in the Commonwealth other than certain exempt hospitals.¹ The assessment equals a percentage of the covered hospitals' net inpatient revenue.

As detailed in the appendixes to this report, since the Assessment was implemented in 2010, the Department has collected two years of Assessment revenue totaling \$1.1 billion and used a substantial portion of these funds to increase Medical Assistance (MA) payments to hospitals for inpatient services by \$2.2 billion, of which \$1.2 billion was paid under the MA Fee for Service Program and \$943 million was paid to the MA Managed Care Organizations for distribution to hospitals for inpatient services.

Section 814-G of Act 49 requires the Department to submit a report on the Assessment program not later than 180 days prior to June 30, 2013. The report is to be submitted to the Chair and Minority Chair of the Public Health and Welfare Committee of the Senate, the Chair and Minority Chair of the Appropriations Committee of the Senate, the Chair and Minority Chair of the Health Committee of the House of Representatives and the Chair and Minority Chair for the Appropriations Committee of the House of Representatives.

Assessment Rates:

As originally enacted, Article VIII-G specified that the assessment percentage would be 2.69% for State FY 2010-2011 and 2.84% for FY 2011-2012 and FY 2012-2013. (See 62 P. S. §803-G.) The Secretary of Public Welfare (Secretary) was authorized to adjust the

¹ Under section 801-G of the code (62 P. S. § 801-G), the following hospitals are exempt from the assessment: (1) Federal veterans' affairs hospitals; (2) hospitals that provide care, including inpatient hospital services, to all patients free of charge; (3) private psychiatric hospitals; (4) State-owned psychiatric hospitals; (5) critical access hospitals; and (6) long-term acute care hospitals.

assessment percentage for FY 2011-2012 and FY 2012-2013 after publishing notice in the Pennsylvania Bulletin, allowing for a 30-day comment period and obtaining approval from the Governor.

As a result of the loss of enhanced Federal Medical Assistance Percentage (FMAP) in FY 2010-2011, the General Assembly subsequently amended Article VIII-G to authorize the Secretary to adjust the assessment percentage for FY 2010-2011 (Act of October 22, 2010 P.L. 829, No 84. – Act 84). After publishing an intent notice in the Pennsylvania Bulletin (40 Pa.B 6987) and allowing for a 30-day comment period the Secretary adjusted the assessment percentage for FY 2010-2011 to 2.95%. Final notice of the change was published on January 22, 2011 (41 Pa.B 565).

In the Act of June 30, 2011 P.L. 89, No. 22 – Act 22, the General Assembly subsequently amended Article VIII-G to increase the assessment percentages for FY 2011-2012 and FY 2012-2013 to 3.22% in order to secure additional needed savings for the Commonwealth and to ensure hospital reimbursement continued at the same levels. To ensure timely receipt of assessment revenues, the General Assembly also eliminated the requirement for the Governor’s approval.

Assessment Revenues:

Article VIII-G directs that revenues derived from the Assessment must be deposited into the Quality Care Assessment Account (Account) and only used for certain purposes. (See 62 PS. § 805-G.) More specifically, section 805-G provides that funds in the Account are appropriated for payments to hospitals under the MA Fee-for-Service and Managed Care delivery systems, and for “any other purposes approved by the secretary.” Section 805-G also limits the amount of assessment funds that may be used for hospital payments, allowing the Department to retain a portion of the funding. Originally in Act 49 of 2010, the Department was able to retain a higher level of \$121 million in the first year, subsequently declining in the remaining two years of the assessment to \$59 million and \$51.5 million respectively. Through Act 22 of 2011, these numbers were changed and the portion of the funding the department is able to retain was increased to at least \$121 million in FY 2010-2011 and \$109 million in each of the remaining two fiscal years for purposes approved by the Secretary. Any additional funds that remain in the account after these amounts are deducted and the hospital payments are made are also designated to be used for purposes approved by the Secretary.

Appendixes

Supplemental information for the purposes of this report is included in the following appendixes addressing the remaining seven categories of information required under Act 49 of 2010 including:

- Attachment 1 – Includes the name, address, amount of assessment, total amount of revenue assessment collected, the amount paid by each covered hospital,

including any interest and penalties paid for each covered hospital subject to the Quality Care Assessment for Fiscal Year 2010-2011.

- Attachment 2 – Includes the name, address, amount of assessment, total amount of revenue assessment collected, the amount paid by each covered hospital, including any interest and penalties paid for each covered hospital subject to the Quality Care Assessment for Fiscal Year 2011-2012.
- Attachment 3 – Includes the name, address, payment amount and type of supplement payment received by each hospital subject to the Assessment for Fiscal Year 2010-2011.
- Attachment 4 – Includes the name, address, payment amount and type of supplement payment received by each hospital subject to the Assessment for Fiscal Year 2011-2012.
- Attachment 5 – Total amount of Fee-for-Service inpatient acute care payments made to each hospital for Fiscal Year 2010-2011.
- Attachment 6 – Total amount of Fee-for-Service inpatient acute care payments made to each hospital for Fiscal Year 2011-2012.
- Attachment 7 – The medical assistance patient days/discharges by hospital for Fiscal Year 2010-2011.
- Attachment 8 – The medical assistance patient days/discharges by hospital for Fiscal Year 2011-2012.

Given that this report is due during the third year of the assessment, the figures included represent the first two years only, FY 2010-2011 and FY 2011-2012. Figures for the current fiscal year, 2012-2013, will not be available until after the end of the fiscal year.

Reauthorization

The Department is not proposing any changes to the payment methodologies at this time. The Department is committed to working to reauthorize the Assessment beyond Fiscal Year 2012-2013; however, a number of changes to the MA program over the life of the Assessment impact the potential reauthorization, including the expansion of the HealthChoices program across the Commonwealth.

The Department is currently in discussions with both the Hospital and Healthsystem Association of Pennsylvania (HAP) and the contracted Managed Care Organizations (MCOs), all of whom recognize the benefits of the assessment for the MA population, the hospital community and for the Commonwealth.

The Commonwealth recently received HAP's preliminary proposed changes to the Assessment. These continued discussions, along with subsequent conversations with the General Assembly, may result in additional changes to the Assessment. In addition, the state of Medicaid payments varies by year based upon the FMAP. As has been the case over the last few years, the FMAP in FFY 2014 is again projected to decrease, requiring additional revenues in order to maintain hospital reimbursement at existing levels.

Conclusion

The Assessment, via federal matching funds, has permitted the Commonwealth to increase funding to Pennsylvania hospitals for inpatient services by approximately \$2 billion in the first two years of the Assessment. It has raised the rates of inpatient Medicaid payments to hospitals by over 30 percent on average. This increase has come at a time when many other programs and providers are struggling financially and facing reductions. Additionally, the Commonwealth has received approximately \$230 million in revenue from the first two years of the assessment. This additional revenue has enabled the Department to continue to fulfill one of its core missions, to serve the health care needs of Pennsylvanians; however, these new state dollars represent only 22% of the additional net new funding received by the hospital industry as a result of the Assessment.

The Department continues to support the Assessment and is committed to working with the General Assembly to pursue a renewal for the benefit of the Medical Assistance population, Pennsylvania hospitals and the Commonwealth as a whole.
